- c. The Attorney General is directed to accrue and leave unexpended amounts in the Child Support Retained Collections Account sufficient to be used as the initial state funding necessary for operation of the Child Support Enforcement program during fiscal year 2004. It is the intent of the Legislature that this program be self sufficient through funding from the Child Support Retained Collections Account and related Title IV-D grant funds.
 - d. The Attorney General, in cooperation with the Comptroller of Public Accounts, shall develop and maintain such cost centers and/or subaccounts within the Child Support Trust Fund No. 994 and/or the Child Support Retained Collections Account as may be determined necessary or appropriate to separately account for, and allocate the interest earned on, the various sources for receipts deposited to, and types of expenditures made from such funds. The Comptroller of Public Accounts shall separately allocate interest earned by the State to each such cost center and/or subaccount, or to such groupings thereof as may be designated by the Attorney General for purposes of reporting interest earned to the federal government.
 - e. The Comptroller of Public Accounts is directed to transfer and carry forward all the balances of funds in the Child Support Trust Fund No. 994 and the Child Support Retained Collections Account as of August 31, 2001, in such funds to be available for use in fiscal year 2002. Any balances in the Child Support Trust Fund No. 994 and the Child Support Retained Collections Account on hand as of August 31, 2002, shall be carried forward in such funds as funding sources for the appropriation for fiscal year 2003. It is the intent of the Legislature that the remaining balances in the Child Support Trust Fund No. 994 and the Child Support Retained Collections Account as of August 31, 2003, be carried forward into fiscal year 2004 and be appropriated for fiscal year 2004 for the child support enforcement program.

 5. **Reporting Requirement.** The Attorney General's Office is directed to develop and maintain separate accounting information and records on receipts and distribution of funds from the Child Support Trust Fund No. 994 and the Child Support Retained Collections Account. Such information must at a minimum identify all deposits, allocations and expenditures by type of revenues. The Comptroller of Public Accounts shall prescribe rules and procedures to assure compliance with this section and all transactions and balances shall be reconciled monthly against the records of the Comptroller. In addition to the requirements for annual financial reports required by the General Provisions of this Act, the Attorney General shall include a

The report must specifically show balances held for transfer to operating appropriations of the Attorney General's Office and any other agency. In addition, any balances which are unclaimed and subject to escheat under other laws must be identified as to amount and age.

6. Debt Collections.

- a. The Office of the Attorney General shall attempt to collect all delinquent judgments owed the State of Texas. A portion of those debts collected, as outlined below, shall be eligible for retention by the Office of the Attorney General and may be used as a source of funding for agency operations as specified in and limited by the method of financing of the Office. One hundred percent of the debts collected by the Office of the Attorney General and eligible for retention by the Office shall be applied toward the amounts shown above for Attorney General Debt Collection Receipts in the method of financing for agency operations. Once debt collections retained by the Office reach the amounts appropriated for agency operations for the biennium, 100 percent of collection revenues up to an amount of \$18.0 million total for the biennium, shall be set aside to be eligible for use as payment of Workers' Compensation claims in the 2002-03 biennium. Regardless of the total amount collected by the Attorney General, in no event shall this provision be construed as an appropriation in addition to the amount appropriated above as specified in the method of financing, of any of the funds collected by the Office of the Attorney General.
- b. To be eligible for retention by the Office of the Attorney General the debt collected must be from a qualifying judgment. Qualifying judgments, as used in this rider, are judgments that are at least one-year old from the date of entry of the court order and also include debts not reduced to judgment where there are collections on the debt by the Collections Division of the Attorney General's Office if the debt is delinquent by more than one year or has been certified for collection to the Collections Division of the Attorney General's Office. In no event shall more than \$5.0 million from collections stemming from a common nucleus of operative fact be eligible for retention by the Office of the Attorney General.
- c. It is the intent of the Legislature that the following not be allowed as a credit toward the percentage set forth in Rider 6.a. above: judgments collected by state agencies; judgments less than one year old; or judgments collected without direct action by the Attorney General's Collection Division. The State Auditor shall verify that the above funds resulting from funds collected by the Collections Division of the Attorney General's Office do not include child support collections, or judgments collected from any other source or process other than through the Collections Division and the other requirements as set out in this rider.
- d. The Attorney General shall maintain a centralized recordkeeping system for accounting for various departmental and agency certification of delinquent taxes, judgments, and other debts owed the state. The accounting should distinguish by type of tax, judgment, or other debt, and provide for: when the debt was certified by an agency or department for collection by the Attorney General; when it was collected or disposed of, and such other information as the Legislative Budget Board, Governor, or the Comptroller of Public Accounts may require. The Attorney General shall submit semi-annual reports to the Governor and the Legislative Budget Board detailing by agency or department the amount of each debt, when the debt was certified and when, and in what amount, it was collected or disposed of.

5. **Appropriation of Tax and Revenue Anticipation Note Fund.** There is hereby appropriated to the Comptroller of Public Accounts all money deposited in the tax and revenue anticipation note fund for the purposes of paying principal of, premium (if any), interest on, and costs of issuance relating to tax and revenue anticipation notes issued during the biennium. To the extent that money deposited into the tax and revenue anticipation note fund is insufficient to pay the principal of, premium (if any), interest on, and costs of issuance relating to notes, there is hereby appropriated to the Comptroller of Public Accounts from the General Revenue Fund amounts necessary for the full repayment of all principal of, premium (if any) and interest on any notes issued during the biennium.
6. **Advanced Tax Compliance and Debt Collections.** To the extent that the Comptroller contracts with persons or entities to provide information, services, or technology or expands and/or enhances the technology to aid in the advanced collections of debts, taxes, or other property due to or belonging to the State of Texas pursuant to VTCA, Government Code, 403.019, 403.0195 or Tax Code 111.0035 or 111.0036, all sums necessary to pay contract, maintenance, and other expenses connected with the collections, including any administrative costs of the Comptroller directly associated with the collections program are hereby appropriated to the Comptroller from collection proceeds. The balance of collection proceeds shall be transferred to the General Revenue Fund or to any dedicated or special funds or accounts to which the collection proceeds may belong.

For the purpose of implementing innovative programs and new technologies to enhance tax collections, there is hereby appropriated \$27,867,000 from the General Revenue Fund to the Comptroller's Office for the biennium. The Comptroller shall use the increased funding to implement the recommendations in the e-Texas report, issue AFM-5. The appropriation is contingent upon the Comptroller's certification that increased tax collections estimated to be \$337.9 million for the biennium would result from the enhanced programs and provide a net gain estimated to be \$310 million. The amount of net gain to be certified is contingent upon the enactment of legislation related to interest on certain unclaimed property and the authority to create a certification program for independent certified public accountants to increase audit coverage. In the event certain legislation which would impact the increased revenues is not enacted, the Comptroller's certification amount shall be adjusted downward accordingly.

Consistent with the Comptroller's role as the chief fiscal officer and tax collector for the state, it is the intent of the Legislature that all resulting collections and associated expenses be accounted for through the fiscal agency operations of the Comptroller's Office in a manner which reflects both the amounts of enhanced collections as well as the amount of expenses related to the increased deposits.

7. **Investment Fund Management.** Consistent with the Comptroller's responsibility for investing certain assets, including but not limited to, the Tobacco Settlement funds and the Higher Education Fund, as much of the investment earnings as necessary up to a maximum of 75 basis points of the fund balance are hereby appropriated each year of the biennium to the fiscal agency operation of the Comptroller's Office to pay the expenditures related to these investment activities. It is the intent of the Legislature that no more than \$15,000,000 be allocated to the regional councils of government for administration of the statewide 9-1-1 program.

6. **Acquisition of Poison Control Center Wide Area Network.** It is the intent of the Legislature that the State Commission on Emergency Communications actively seeks federal grant funds to implement a data-based, wide area network linking together the state's six poison control centers in order to share patient exposure and treatment information. Further, it is the intent of the Legislature that acquisition of the wide area network be made in compliance with provisions established by Article IX, § 6.17, Limitation on Expenditures-Capital Budget, and Article IX, § 6.18, Purchase of Information Resource Technologies and Article IX, § 6.19, Quality Assurance Review of Major Information Resource Projects, if applicable.

2. **Updated Actuarial Valuation.** The Employees Retirement System shall contract with an actuary to perform a limited actuarial valuation of the assets and liabilities of the Employees Retirement System as of February 28 in those years when the Legislature meets in regular session. The purpose of the valuation shall be to determine the effect of investment, salary, and payroll experience on the unfunded liability, the amortization period, and the state contribution rate which results in a 30-year amortization period of the Retirement System.
3. **State Contribution to Employees Retirement Program.** The amount specified above in A.1.1, Retirement Contributions, is based on a state contribution of 6.00 percent of payroll, including annual membership fees of \$3 for contributing members for each fiscal year.
4. **State Contribution to Judicial Retirement Program (JRS-2).** The amount specified above in A.1.2 Judicial Retirement Plan 2, is based on a state contribution of 16.83 percent of payroll for contributing members for each fiscal year.
5. **State Contribution to Group Insurance for General State Employees.** Funds identified above for group insurance are intended to fund:
 - a. the total cost of the basic life and health coverage for all active and retired employees;
 - b. fifty percent of the total cost of health coverage for the spouses and dependent children of all active and retired employees who enroll in coverage categories which include a spouse and/or dependent children; and
 - c. the additional cost of providing a premium structure comparable to the Children's Health Insurance Program (CHIP) for dependent children of state employees enrolled in the State Kids Insurance Program (SKIP).

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

During each fiscal year, the state's monthly contribution shall be determined by multiplying (a) the per capita monthly contribution as certified herein by (b) the total number of full-time active and retired employees enrolled for coverage during that month.

Each year, upon adoption of group insurance rates by the Board of Trustees, ERS must notify the Comptroller of Public Accounts, the Legislative Budget Board, and the Governor of the per capita monthly contribution required in accordance with this rider for each full-time active and retired employee enrolled for coverage during the fiscal year.

EMPLOYEES RETIREMENT SYSTEM

(Continued)

It is the intent of the Legislature that the Employees Retirement System control the cost of the group insurance program by not providing rate increases to health care providers participating in HealthSelect and HealthSelect Plus, and by implementing a more cost-effective retail pharmacy network in HealthSelect during the 2002–03 biennium.

6. **Administrative Cost Provision.** Funds identified above in A.1.3, Judicial Retirement Plan 1, include \$120,000 in each fiscal year to reimburse the Employees Retirement System for the cost of administering the Judicial Retirement Plan 1.
7. **Administrative Cost Provision.** Funds identified above in A.1.4, Public Safety Benefits, include \$28,000 in each fiscal year to reimburse the Employees Retirement System for the cost of administering the death benefits program for public safety personnel.
8. **Excess Benefit Arrangement Account.** There is hereby appropriated to the Employees Retirement System all funds transferred or deposited into the Excess Benefit Arrangement Account established in the General Revenue Fund for the purpose of paying benefits as authorized by VTCA, Government Code § 815.5072.
9. **Transfer of Retirement Contributions and Group Insurance.** Appropriations made in this and other articles of this Act for Retirement and Group Insurance contributions shall be transferred by each agency from the Employees Retirement System to the agency based on estimated amounts by funding source for each fiscal year. Transfers should be made no later than September 15 of the year in which the payments are to be made. Adjustments and return of excess appropriation authority to the Employees Retirement System shall be completed by October 30 of the subsequent fiscal year. This provision only applies to agencies participating in the Uniform Statewide Payroll System.
10. **Retiree Health Insurance.** The Employees Retirement System shall evaluate the recommendations in Issue AFM-2 of the Comptrollers' e-Texas report concerning the funding of retirees' insurance through an actuarially based charge on active employees. To the extent feasible, and provided there is no additional cost to the state, ERS shall implement those recommendations. ERS shall report the results of their review, including the extent to which the recommendations were implemented or the obstacles to implementation, to the Seventy-eighth Legislature.

26. **Sunset Contingency.** Funds appropriated above for fiscal year 2003 for the General Services Commission are made contingent on the continuation of the General Services Commission by the Legislature. In the event that the agency is not continued, the funds appropriated for fiscal year 2002 or as much thereof as may be necessary are to be used to provide for the phase out of agency operations.
27. **Texas State Cemetery.** Out of funds appropriated above, in Strategies B.1.1, Facilities Operations and B.6.1, Building Design/Construction Management, there is hereby allocated a total of \$531,000 for the biennium beginning September 1, 2001, for the purpose of constructing and furnishing a memorial center at the Texas State Cemetery and/or the cemetery annex and for developing and maintaining a master plan.
28. **Telecommunication Revolving Account Fund Account.** All moneys paid into the telecommunication revolving fund account in accordance with the provisions of Chapter 2170, Government Code, are included in the amounts appropriated above (estimated to be \$81,500,279 in 2002 and \$58,382,766 in 2003 in Appropriated Receipts and Interagency Contracts) and may be expended for the same purposes set out in Chapter 2170, Government Code. The General Services Commission shall make reasonable efforts to advise and assist state agencies on conservation techniques and strategies.
30. **State Office Lease Space.** The Leasing Division of the General Services Commission shall make a good faith effort to provide a state agency, whose central operations are located within Travis County and that is in the process of initiating or renewing a lease agreement for office space, with information on lease availability, terms, and rates in other Texas counties in addition to Travis County. Additionally, if an agency requests initiation or renewal of a lease agreement in Travis County, the agency shall provide the General Services Commission written justification for the reason(s) the proposed lease must be located in Travis County.

STATE GENERAL SERVICES COMMISSION

31. **Study on State Office Lease Space.** It is the intent of the Legislature that the General Services Commission, in cooperation with the Texas Workforce Commission, shall use a portion of the funds appropriated above to conduct a study of state agency operating and personnel costs in various regions around the State. The study should include:
- a. an analysis of the cost and availability of office space leases, providing a comparison of average commercial lease rates in both rural and urban Texas counties outside the Austin area;
 - b. an estimate of potential moving costs associated with moving certain state agency functions to other regions of the state. This estimate should be based on recommendations for specific Austin-based state agency operations that could feasibly be located in other areas of the state while providing a cost savings; and
 - c. a review of travel costs during the 2000–01 biennium associated with state personnel that are required to travel between field offices and headquarter facilities.

A copy of the study shall be delivered to the Governor, the Lieutenant Governor, the Speaker, the Members of the Texas Senate and the House of Representatives, and the Legislative Budget Board no later than September 1, 2002.

The first step should be to establish an inventory of required reports. Other purposes of these recommendations should be to improve data accuracy, electronic infrastructure, and access to data by the public and elected officials at all levels of government for better decision-making. It is the intent of this Legislature that state agencies cooperate with this working group, review existing reporting requirements, and wherever possible, place a moratorium on additional

requirements, unless they are specifically required by law or essential to agency missions. Finally, the working group should examine the state-funded telecommunications networks that connect with county courthouses to determine the costs and benefits of consolidating these systems.

In addition, DIR in coordination with the Comptroller's Office, local governments, state and federal agencies, the Conference of Urban Counties, the Texas Association of Counties, and the Texas Municipal League should develop functional specifications for a statewide electronic data clearinghouse. During the fiscal 2002-03 biennium, DIR should develop policies, procedures, data standards, training materials, and perform other duties to prepare for the establishment of the clearinghouse in fiscal 2004. DIR should develop options for funding the ongoing maintenance, or expansion of the clearinghouse such as using resources from participating agencies to recoup the cost. Notwithstanding any other provisions contained in this Act, no transfers shall be made out of Strategy D.1.1, Women and Children's Health Services. The use of the State's share of Medicaid Subrogation Receipts is limited to funding services for Medicaid clients. Medicaid Subrogation Receipts shall be expended as they are received as a first source, and General Revenue shall be used as a second source, to support the Medicaid program. In the event that these revenues should be greater than the amounts identified in the method of finance above as Medicaid Subrogation Receipts (State Share), the commission is hereby appropriated and authorized to expend these state funds thereby made available, subject to the following requirements:
 - a. Amounts available shall be expended prior to utilization of any General Revenue available for the same purposes;
 - b. In the event General Revenue has been expended prior to the receipt of the state's share of Medicaid Subrogation Receipts, the commission shall reimburse General Revenue through the cost allocation process authorized in Article IX of this Act. This process shall be completed on a monthly basis in order to maintain a minimum balance on hand in excess Medicaid Subrogation Receipts; and
 - c. The commission shall report monthly to the Legislative Budget Board, the Governor, and the Comptroller's Office on Medicaid Subrogation Receipts, expenditures, and anticipated revenues and balances.

32. **Medical Treatment.** The Texas Health and Human Services Commission may distribute funds for medical, dental, psychological, or surgical treatment provided to a minor only if consent to treatment is obtained pursuant to Chapter 32 of the Texas Family Code. In the event that compliance with this rider would result in the loss of Federal Funds to the state, the commission may modify, or suspend this rider to the extent necessary to prevent such loss of funds, provided that prior approval is obtained from the Governor and the Legislative Budget Board.
33. **Reporting of Child Abuse.** The Texas Health and Human Services Commission may distribute or provide appropriated funds only to recipients who show good-faith efforts to comply with all child abuse reporting guidelines and requirements set forth in Chapter 261 of the Texas Family Code.

Only costs not directly attributable to a single program may be budgeted in or paid from these accounts. Items to be budgeted in and paid from these accounts include but are not limited to: postage, occupancy costs, equipment repair, telephones, office printing costs, supplies, freight and transport costs, telephone system costs and salary and travel costs of staff whose function supports several programs. The commission shall be responsible for monthly allocations of these costs to the original strategies.

Hospitals reimbursed under TEFRA cost principles shall be paid without the imposition of the TEFRA cap.

At initial cost settlement of the hospital's fiscal year, the Health and Human Services Commission shall determine the amount of reimbursement the hospital would have been paid under TEFRA cost principles, and if the amount of reimbursement under the TEFRA principles is greater than the amount of reimbursement received by the hospital under the prospective payment system, the Health and Human Services Commission shall reimburse the hospital the difference.

40. **Payments to Rural Hospitals under Medicaid Managed Care.** All payments from funds appropriated for acute care services made to rural hospitals with 100 or fewer licensed beds in counties with fewer than 50,000 persons that are in a Medicaid managed care program must be reimbursed at a rate calculated using the higher of the prospective payment system rate or cost-reimbursement methodology authorized under the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA). Hospitals reimbursed under TEFRA cost principles shall be paid without the imposition of the TEFRA cap. Any amounts of such transferred funds not required for disproportionate share payments shall be deposited by the Health and Human Services Commission to the General Revenue Fund as unappropriated revenue. At the beginning of each fiscal year, the Health and Human Services Commission shall present a schedule of projected transfers and payments to the Comptroller of Public Accounts, the Governor, and the Legislative Budget Board for their approval. Subsequent to approval of the projected schedule, the Comptroller of Public Accounts shall approve all payments and transfers.

Such hospital's total expenditures for indigent health care, according to such agreement or contract, may be credited as local revenue to be used to determine disproportionate share eligibility.
44. **Graduate Medical Education Payments.** In order to maintain Medicaid graduate medical education funding to teaching hospitals or hospital-affiliated clinics, the Health and Human Services Commission shall separate all identified inpatient graduate medical education funds from the Medicaid reimbursement formulas and make separate and direct payments to hospitals or hospital-affiliated clinics that have accredited graduate medical education training programs or that have affiliation agreements with accredited graduate medical education training programs. The payments shall reimburse each hospital or hospital-affiliated clinic's expenditure on graduate medical education, taking into consideration Medicaid volume and number of filled positions in accredited medical residency programs.

2. **Medical Assistance Payments.** General revenue funds appropriated herein above for all Medicaid services shall be made available to the agency by the Comptroller of Public Accounts in equal monthly installments on the first day of each calendar month; provided, however, that any balances on hand in such funds may be carried over from month to month during each fiscal year and from fiscal year 2002 to fiscal year 2003, and such funds are appropriated to the department for the 2002–03 biennium.
3. **Federal Funds Appropriated.** The appropriations herein made may be used to match federal funds granted to the state for the payment of personal services, travel and other necessary expenses in connection with the administration and operation of a state program of public welfare services. The Department of Human Services is hereby authorized to receive and disburse in accordance with plans acceptable to the responsible federal agency, all federal moneys that are made available (including grants, allotments, and reimbursements) to the state and retain their character as federal funds for such purposes and all fees authorized by federal law, and to receive, administer, and disburse federal funds for federal programs in accordance with plans agreed upon by the Department of Human Services and the responsible federal agency, and such other activities as come under the authority of the Department of Human Services, and such moneys are appropriated to the specific purpose or purposes for which they are granted or otherwise made available. Earned federal funds are not considered to be federal funds for the purpose of this section.
4. **Federal, State and Local Funds Appropriated.** The Department of Human Services is hereby authorized to accept all moneys appropriated by the federal or state governments, or by the Commissioners' Court of any county, or by any political subdivisions, as provided by § 11.003 of the Human Resources Code, as amended, for any purpose including but not limited to the cost of distributing foods to needy people, institutions, school lunch programs, or otherwise as provided by the laws of the United States and the rules and regulations issued pursuant thereto for the distribution of commodities as they now read or as they may be hereafter amended, and to deposit said moneys in the State Treasury. All of said funds are hereby appropriated to the Department of Human Services for the purposes for which they were granted.
5. **Appropriation of Federal and Local Funds.** All funds received by the department from counties, cities, federal agencies and from any other local source and all balances from such sources as of August 31, 2001, are hereby appropriated for the biennium ending August 31, 2003, for the purpose of carrying out the provisions of this Act.

6. **Food Stamp Program Funds Appropriated.** The Department of Human Services is hereby designated as the state agency to establish and operate a statewide Food Stamp Program and to accept all moneys appropriated for this purpose by the federal or state governments, by the Commissioners' Court of any county, by any political subdivisions of the state, or received from any other source as provided for herein and in Chapter 33, Human Resources Code. The Department of Human Services is authorized to expend such funds for welfare purposes, including the cost of distributing foods to needy people, institutions, school lunch programs, or otherwise as provided by the laws of the United States and the rules and regulations issued pursuant thereto, for the establishment and operation of a statewide Food Stamp Program, and for the employment of essential personnel who shall be employed under a merit system basis comparable to the merit principles or standards applicable to all other personnel of the department.
7. **Nursing Home Program Provisions.**
 - a. **Nursing Home Income Eligibility Cap.** It is the intent of the Legislature that the income eligibility cap for nursing home care shall be maintained at the federal maximum level of 300 percent of Supplemental Security Income (SSI). Further, it is the intent of the Legislature that any cost-of-living increase in social security or other benefits sponsored by the federal government or that any increase in other pension plans should not result in the termination of Title XIX benefits for persons already eligible for services. The Department of Human Services is hereby authorized to expend general revenue funds to the extent necessary to insure the continuation of benefits to persons eligible.
 - b. **Limitation of Per Day Cost of Alternate Care.**
 - (1) Subject to the exception in (2), no funds shall be expended by the Department of Human Services for alternate care where the cost per patient per day exceeds the average Medicaid Nursing Facility rate or the patient's nursing facility rate, whichever is greater, except for cases individually exempted by the Board of Human Services or by the Commissioner of Human Services.
 - (2) The department may not disallow or jeopardize community services for individuals currently receiving services under Medicaid waivers if those services are required for that individual to live in the most integrated setting and the exemption complies with the federal Health Care Financing Authority's cost-effectiveness requirements.
 - c. **Establishment of a Swing-bed Program.** Out of the funds appropriated above for nursing home vendor payments, the department shall maintain a "swing-bed" program, in accordance with federal regulations, to provide reimbursement for skilled nursing patients who are served in hospital settings in counties with a population of 100,000 or less. If the swing beds are used for more than one 30-day length of stay per year per patient, the hospital must comply with the regulations and standards required for nursing home facilities.
 - d. **Nursing Home Bed Capacity Planning.** It is the intent of the Legislature that the department shall establish by rule procedures for controlling the number of Medicaid beds and for the decertification of unused Medicaid beds and for reallocating some or all of the decertified Medicaid beds. The procedures shall take into account a facility's occupancy rate.
 - e. **Nursing Facility Competition.** It is the intent of the Legislature that the department encourage competition among contracted nursing facilities.

8. **Appropriation of Receipts: Civil Monetary Damages and Penalties.** Included in the General Revenue Funds appropriated above is \$2,660,000 for the biennium from funds collected as civil monetary damages and penalties under Human Resources Code § 32.039. Any amounts above \$2,660,000 are hereby appropriated to the department in amounts equal to the costs of the investigation and collection proceedings conducted under that section, and any amounts collected as reimbursement for claims paid by the department.
9. **Salaries of Probationary Employees.** It is provided that funds herein appropriated may be expended at rates established by the Department of Human Services for the salaries of employees who are newly hired, transferred or promoted into bona fide administrative or professional jobs and who are participating in a formalized training program in conjunction with their period of probationary service. At the successful conclusion of the probationary period these employees will be moved into regular classified positions.
10. **Appropriations Limited to Revenue Collections.** It is the intent of the Legislature that fees, fines, and other miscellaneous revenues as authorized and generated by the agency cover, at a minimum, the cost of the appropriations made above for the Nursing Facility Administrator program in Strategy A.2.2, Long Term Care Credentialing and Home Health and Community Support Service Agencies program in Strategy A.1.3, Home and Community Support Services Licensing as well as the "other direct and indirect costs" associated with this program, appropriated elsewhere in this Act. Direct costs for the Nursing Facility Administrator program are estimated to be \$376,248 for fiscal year 2002 and \$376,618 for fiscal year 2003. Direct costs for the Home and Community Support Services Licensing program are estimated to be \$1,925,224 for fiscal year 2002 and \$1,925,224 for fiscal year 2003. "Other direct and indirect costs" for the Nursing Facility Administrator program are estimated to be \$64,050 for fiscal year 2002 and \$67,554 for fiscal year 2003. "Other direct and indirect costs" for the Home and Community Support Services Licensing program are estimated to be \$652,868 for fiscal year 2002 and \$690,848 for fiscal year 2003. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.
11. **Accounting of Support Costs.** The State Comptroller shall establish separate accounts from which certain support costs shall be paid. The Department of Human Services is hereby authorized to make transfers into these separate accounts from line item strategies in order to pay for these expenses in an efficient and effective manner. Only costs not directly attributable to a single program may be budgeted in or paid from these accounts. Items to be budgeted in and paid from these accounts include, but are not limited to: postage, occupancy costs, equipment repair, telephones, office printing costs, supplies, freight and transport costs, telephone system costs, and salary and travel costs of staff whose function supports several programs. The department shall be responsible for monthly allocations of these costs to the original strategies.
12. **Fund Transfers for Funds Consolidation.** For the purpose of funds consolidation, federal and other funds may be transferred into the General Revenue Fund from the Department of Human Services Fund 117. The initial deposit of federal funds shall be made into Fund 117 and no direct expenditures shall be made from this fund.
13. **Pediatric Care in Nursing Facilities.** In determining the appropriate placement for children who currently receive care in nursing facilities, the department shall, within the requirements of federal law, consider the requests of parents concerning either a continued stay in a nursing facility providing skilled pediatric care or an alternate placement.

16. **Medicaid and Other Program Reporting Requirements.**

- a. None of the funds appropriated by this Act to the Department of Human Services may be expended or distributed by the department unless:

The report shall be prepared in a format specified by the Legislative Budget Board.

- b. Each report submitted to the Legislative Budget Board and the Office of the Governor pursuant to this provision must be accompanied by supporting documentation detailing the sources and methodologies utilized to develop any caseload or cost projections contained in each respective report and any other supporting material as specified by the Legislative Budget Board and the Office of the Governor.
 - c. Each report submitted pursuant to this provision must contain a certification by the person submitting the report that the information provided is true and correct based upon information and belief together with supporting documentation.
 - d. The Comptroller of Public Accounts shall not allow the expenditure of funds appropriated by this Act to the Department of Human Services if the Legislative Budget Board and the Office of the Governor certify to the Comptroller of Public Accounts that the Department of Human Services is not in compliance with this provision.
 - e. The department shall submit to the Legislative Budget Board and the Office of the Governor a monthly report on expenditures and encumbrances of the agency by strategy. The report shall include, but is not limited to expenditures and methods of finance, number of full-time equivalent positions, both state/federal and local/federal, Earned Federal Funds, and capital budget.
17. **Reduction in Error Rates.** The Department for Human Services shall set progressive goals for improving error rates for eligibility determination of Food Stamp benefits, with a specific schedule for meeting those goals. The department shall submit a semi-annual status report beginning September 1, 2001, to the Governor and the Legislative Budget Board. The status report shall identify the progress made towards achieving those goals.
18. **Earned Federal Funds.**
- a. The Department of Human Services shall submit a monthly report to the Legislative Budget Board and the Governor which details revenues, expenditures, and balances for earned federal funds as of the last day of the prior month. The report shall be prepared in a format approved by the Legislative Budget Board.
 - b. The authority to receive and expend earned federal funds generated in the 2002–03 biennium in excess of those appropriated above is subject to the following limitations:
 - (1) At least 14 days prior to any expenditure of earned federal funds in excess of those appropriated, the department shall report the earned federal funds received and provide documentation of the proposed use of these funds to the Legislative Budget Board, Governor, and Health and Human Services Commission. At least 14 days prior to any meeting of the Board of Human Services to budget any use of earned federal funds above levels indicated in the appropriation above or to consider any program expansion, the department shall report the earned federal funds received and provide documentation of the proposed use of these funds to the Legislative Budget Board, Governor, and Health and Human Services Commission.
 - (2) Notifications shall include information regarding the need which will be served with the additional revenue. In the event program expansions are under consideration,

DEPARTMENT OF HUMAN SERVICES

information shall be forwarded regarding the population to be served; criteria for eligibility; and impact upon existing programs.

- (3) The report shall include the information detailed in "2" and identify the impact on established performance targets, measures, and full-time equivalent positions. The method of financing item, Earned Federal Funds, for appropriations made above includes unexpended and unobligated balances of earned federal funds remaining as of August 31, 2001, and receipts earned in fiscal years 2002 and 2003.
19. **Leases.** No funds under this Act may be expended for building space leased for the Department of Human Services which is totally vacated by the Department of Human Services.
20. **Child Support Supplemental Payments.** Out of the funds appropriated above in Strategy B.1.1, TANF Grants, and child support collections from the Child Support Trust Fund, the department shall make supplemental payments to families receiving welfare who would be eligible to receive child support "pass through" and "first excess" payments under the Social Security Act Title IV-D child support distribution requirements prior to passage of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996. These payments shall equal the amount of the "pass through" and "first excess" payment the family would have received under prior law. Child support collections shall comprise a portion of each total payment. The portion of the total payment funded with child support collections shall equal the state share of the Federal Medical Assistance Percentage (FMAP) for the fiscal year. If child support "pass through" or "first excess" payment distribution requirements are modified by federal law after enactment of this provision, the department, in cooperation with the Office of the Attorney General, shall adjust the supplemental payments as necessary to be consistent with federal law and to not exceed the total the family would have received prior to welfare reform. The department shall report any change to child support supplemental payments to the Governor and Legislative Budget Board.
21. **Temporary Emergency Assistance for Families At-Risk of Welfare Dependency.** Out of funds appropriated above in Strategy B.1.1, TANF Grants, the department shall provide a one-time emergency assistance payment to applicants for Temporary Assistance for Needy Families (TANF) who are likely to be employed within a short period of time, without referral to the Choices program.
22. **Assistance Registration and Eligibility Determination.** To the extent possible it is the intent of the Legislature that if the Texas Workforce Commission and/or the Department of Human Services require applicants for Temporary Assistance for Needy Families (TANF) assistance to register with the commission before the Department of Human Services can determine their eligibility for benefits, then the registration/orientation for TANF applicants shall be provided at the Department of Human Services offices where the eligibility determination of TANF recipients occurs.
23. **Revolving Account for the Consolidated Health and Human Services Print Shop.** It is the intent of the Legislature that the Department of Human Services establish and maintain the "Revolving Account for the Consolidated Health and Human Services Print Shop" to account for the expenditures, revenues, and balances of managing a full-cost recovery Consolidated Print Shop. The expenditures, revenues, and balances for this operation shall be maintained separately by the Department of Human Services within its accounting system. Any unobligated balances as of August 31, 2002, are appropriated for the same use during fiscal year 2003. For the purpose of meeting cash flow needs, the Department of Human Services may temporarily transfer funds from Strategy D.1.3, Other Support Services, to the revolving account. Transfers must be returned by the end of the fiscal year.

DEPARTMENT OF HUMAN SERVICES

24. **Appropriation Transfer Between Fiscal Years.** In addition to the transfer authority provided elsewhere in this Act, the Department of Human Services may transfer appropriations made for fiscal year 2003 to fiscal year 2002, subject to the following conditions provided by this section:

- a. Transfers under this section may be made only:
 - (1) If costs associated with providing Long Term Care Medicaid services exceed the funds appropriated for these services for fiscal year 2002, or
 - (2) for any other emergency expenditure requirements, including expenditures necessitated by public calamity.
- b. Transfers may not exceed \$50,000,000 in general revenue.
- c. A transfer authorized by this section must receive the prior approval of the Governor and the Legislative Budget Board.
- d. The Comptroller of Public Accounts shall cooperate as necessary to assist the completion of a transfer and spending made under this section.

25. **Enhanced Federal Funding for Administration of the Food Stamp Program.**

Enhanced federal funding is defined as funding from the federal government which exceeds the normal federal contribution toward administrative costs. The authority to expend enhanced federal funding for administrative costs paid in a prior fiscal year is subject to the following conditions:

- a. Within 30 days of receiving notice of the state's eligibility for enhanced federal funding, as a result of exceeding national accuracy standards for determining client eligibility and benefit levels, the Department of Human Services shall notify the Legislative Budget Board and the Governor;
- b. At least 14 days prior to any meeting of the Board of Human Services to budget the enhanced federal funds, the Department of Human Services shall provide documentation of the proposed use of these funds to the Legislative Budget Board, the Governor, and Health and Human Services Commission. The report shall identify the impact on established performance targets, measures, and full-time equivalent positions, and shall be prepared in a format specified by the Legislative Budget Board.
- c. In the event that the state receives enhanced federal funds, the Department of Human Services is appropriated all enhanced federal funds received by the agency subject to all limitations in this rider and to the following:
 - (1) a portion of these funds, not to exceed \$2.0 million of these funds for the biennium, shall be used by the Department of Human Services for the development and operation of a nutrition education and outreach program, or for activities that otherwise improve low-income consumers' access to basic nutrition and healthy foods;
 - (2) a portion of these funds, \$5.0 million for the biennium, shall be used by the Department of Human Services to provide bonuses to position classifications whose efforts directly contributed to meeting these performance standards, or to position classifications who meet or exceed customer service performance standards developed by the department, or whose efforts directly contributed to increasing the percentage of eligible persons who receive Food Stamps; and

DEPARTMENT OF HUMAN SERVICES

(Continued)

- (3) any additional amounts shall be used by the Department of Human Services, and matched with appropriate federal funds, in order to continue the Texas Integrated Eligibility Redesign System (TIERS) project. The Department of Human Services' capital budget authority shall be increased by the amount of funds received and expended for the TIERS project, subject to the department notifying the Legislative Budget Board and the Governor, in addition to notifications above, of the department's intent to utilize enhanced federal funds for capital purposes in the TIERS project.
 - d. Before an employee can be eligible for a bonus, the employee must have been employed in the program for the related twelve months, remains employed in the program, and whose performance meets expectations.
 - e. Bonuses given to employees will not affect their eligibility for a merit salary increase or a promotion.
 - f. The department shall prepare quarterly reports summarizing the department's progress in implementing the outreach program required in section (c) and file those reports with the standing committees of the Senate and House of Representatives having primary jurisdiction over health and human services.
26. **Reimbursement of Advisory Committees.** Pursuant to VTCA, Government Code § 2110.004, reimbursement of expenses for advisory committee members, out of funds appropriated above, is limited to the following advisory committees:
- a. Nursing Facility Administrators Advisory Committee
 - b. Aged and Disabled Advisory Committee
 - c. Client Self-support Services Advisory Committee
 - d. Personal Care Facility Advisory Committee
 - e. Deaf/Blind Advisory Committee
 - f. Home and Community Support Services Advisory Committee
 - g. Long-term Care Legislative Oversight Committee
27. **Temporary Assistance for Needy Families (TANF) Maintenance of Effort.** It is the intent of the Legislature that all general revenue appropriated above for TANF maintenance of effort shall be expended within the appropriate fiscal year for that purpose in order to secure the TANF federal block grant for the state. Out of funds appropriated above in Strategy B.1.1, TANF Grants, \$121,599,427 in general revenue is appropriated for TANF maintenance of effort for fiscal year 2002, and \$121,599,427 in general revenue is appropriated for TANF maintenance of effort for fiscal year 2003. None of the general revenue appropriated for TANF maintenance of effort in Strategy B.1.1, TANF Grants, may be transferred to any other item of appropriation or expended for any purpose other than the specific purpose for which the funds are appropriated. However, general revenue appropriated for TANF maintenance of effort may be transferred to Strategy B.1.2, Client Self Support Eligibility, subject to the following limitations:
- a. Declines in TANF caseloads prevent the Department of Human Services from expending all general revenue appropriated for TANF maintenance of effort in Strategy B.1.1, TANF Grants, within the appropriate fiscal year;

34. **Pilot Project for Persons with Developmental Disabilities.** The Department of Mental Health and Mental Retardation (TDMHMR) is required to develop a pilot project in Midland County which will identify 16 individuals who have required long-term care settings in the past and/or are still in need of and eligible for placement in long-term Medicaid group homes. TDMHMR may expend, out of funds appropriated, \$160,000 in fiscal year 2002 and \$160,000 in fiscal year 2003 for the purposes of this pilot project. These 16 individuals, or their authorized representatives, will be provided the opportunity to direct their own level of care, such that their service plans would include only necessary and requested services. This pilot is intended to demonstrate that provision of only necessary and requested services in a manner prescribed by persons with developmental disabilities will produce less dependent, more productive citizens in a most cost-efficient model. In addition, TDMHMR should make preparations for implementation of this plan as well as provide a mid-year progress report on plan development. This plan for care should be completed and all reports provided to the Legislative Budget Board and the Governor by May 1, 2002.
67. **Performance Measure Adjustment.** It is the intent of the Legislature that the department work with the Legislative Budget Board and the Governor, in accordance with § 7.01, Article IX, of this document, to make appropriate adjustments to performance measure targets if, during the course of the 2002–03 biennium, it receives a decrease in federal earnings related to a reduction in the rates for Medicaid reimbursement for rehabilitation services.
68. **Performance Measure Targets.** The department, with assistance from local authorities, the Legislative Budget Board, and the Governor, shall develop uniform methodologies to be used in setting its biennial performance measure targets. The methodologies will take into consideration inflation and operating costs as well as the actual costs associated with delivering individual units of mental health and mental retardation services. 69. **Cancellation of Leases.** It is the intent of the Legislature that the Texas Department of Mental Health and Mental Retardation work to ensure, in a manner that is fair to all parties, that the state is removed from leases which were originally used by the department but where the space is now utilized by community MHMR centers that have absorbed functions previously performed by the department. Except as hereinafter provided, the department may not expend funds appropriated under this Act after September 1, 2001, for leased office or building space which was previously occupied by the department but which is no longer occupied by the department as a result of transferring state-operated community services to local governance. In the event that a community MHMR center that now occupies such lease space declines to enter into a new lease (with the same lessor) that has key provisions (including the expiration date of the lease and amount of rental payment) identical to the state lease, the department may utilize funds that would have been otherwise allocated to the community MHMR center to achieve an equitable result with the lessor.
70. **Alternative Service Delivery Options for Court-committed Clients.** From funds appropriated, the Commissioner of Health and Human Services shall examine whether the Mexia State School and/or any other Intermediate Care Facility (ICF/MR) are appropriate settings for a consumer with mental retardation who has been referred through the criminal justice system.

 - b. In the event the commission finds the Mexia State School or other ICF/MR facilities are not appropriate settings for these clients, the commission shall develop a suitable alternative.
 - c. The commission shall make its conclusions known to the Governor and the Legislative Budget Board by February 1, 2002.
71. **Purchasing of Medication.** The Department of Mental Health and Mental Retardation shall require local mental health and mental retardation authorities to document their effort to make needed medications available to consumers at the lowest possible prices and to utilize the most cost effective medication purchasing arrangement available. 3. **Limitation on Expenditures for Conservatorship Suits.** To the extent allowed by federal regulation, federal funds may be used by the department in conjunction with funds provided by counties with which the department has child welfare contracts, to pay for legal representation for children or their parents in suits in which the department is seeking to be named conservator. The Commissioner of Health and Human Services is authorized to transfer full-time equivalent positions 1) between the agencies named in Chapter 531, Government Code, and 2) from agencies named in Chapter 531, Government Code, to the Health and Human Services Commission, provided that such approved transfers shall not result in a net increase in the total number of full-time equivalent positions authorized for those agencies in this Act. These transfers are subject to the prior approval of the Legislative Budget Board and the Governor.
- c. Funds appropriated to agencies listed in Chapter 531, Government Code, for capital budget items may only be expended for capital budget items listed in this article. Sec. 24. **Enterprise Administrative System.** Out of funds appropriated to agencies identified in Chapter 531, Government Code, the Health and Human Services Commission may identify and transfer funds from those agencies in order to fund the Enterprise Administrative System (PeopleSoft implementation), in an amount not to exceed \$11.6 million in General Revenue Funds or \$24.9 million in All Funds. Balances identified may be carried forward between years of the 2002–03 biennium in order to accomplish the goals of the project. The transfers of funding between agencies are subject to prior approval by the Legislative Budget Board and the Governor. Requests to transfer funds shall include the source of funding, method of financing, and stipulations as to whether the particular agency project to be funded through the transfer is approved in an affected agency's Biennial Operating Plan. The Health and Human Services Commission shall also specify whether an increase in capital budget authority for a particular agency is being requested at the time transfers are made to fund agency projects.

Sec. 25. **Salary Recommendations.** Before the beginning of each session of the Legislature, the Commissioner of Health and Human Services may recommend to the members of the Legislature, the Legislative Budget Board, and the State Auditor that the salaries of the chief executive officer of an agency named under Chapter 531, Government Code, be adjusted.

Sec. 27. **Payment for Prior Year Expenditures.** Notwithstanding any other provision of this Act or any other restrictions on transferability, agencies under § 531.001, Government Code, are authorized to pay for prior year expenditures with current year appropriations. This provision would authorize fiscal year 2002 appropriations to be utilized to cover fiscal year 2001 expenditures and authorize fiscal year 2003 appropriations to be utilized to cover fiscal year 2002 expenditures. Proposed transfers under this provision are authorized only at the request of the Health and Human Services Commissioner with the prior approval of the Legislative Budget Board and the Governor's Office of Budget and Planning.

Sec. 28. **Medicaid Rate Increases.** Out of funds appropriated elsewhere in this Act to various Medicaid operating agencies, a total of \$197 million in General Revenue funds are allocated for rate increases in the Medicaid program. The amounts and programs are as follows: Medical Professionals \$50 million in General Revenue; Community Care (wages) \$50 million in General Revenue; Outpatient Hospital \$35 million in General Revenue; Dental Care \$20 million in General Revenue; Health Maintenance Organizations \$35 million in General Revenue; STAR+PLUS

Increases are intended to enhance Medicaid clients' access to medically appropriate services, as well as to attract and retain medical professionals and to reward high-volume Medicaid providers, particularly providers along the Texas-Mexico border and in rural areas. The Commissioner of Health and Human Services shall develop, in consultation with an advisory committee composed of members of the Physician Payment Advisory Committee as well as regional practitioners who practice in low income areas of the state, a methodology to implement rate increases. The Health and Human Services Commission shall provide a report to the Legislative Budget Board and the Governor by September 1 of each year in the biennium regarding allocation of rate increases by methodologies noted below, regarding the allocation of increases between agencies, the impact of the rate increases on the provision of medical services, and provide a certification that the methodology used to implement the rate increase will result in the expenditure of no more than an additional \$50 million in General Revenue funds in the Medicaid program above what would otherwise have been expended.

- a. A portion of the increase, as determined by the Health and Human Services Commission, is allocated to increase the rate for Early Periodic Screening Diagnosis and Treatment (EPDST) screens. A methodology shall be developed to provide an additional enhancement when clients are seen within the recommended reevaluation period by the same physician or physician group;
- b. A portion of the increase, as determined by the Health and Human Services Commission, is allocated to provide an additional enhancement in the office-based evaluation and management procedures. To encourage comprehensive exams for new patients and appropriate and continuous preventive services for established patients, a methodology shall be developed that provides an additional increase to high-volume Medicaid practitioners as defined by the Commission;
- c. A portion of the increase, as determined by the Health and Human Services Commission, is allocated to provide an increase in rates for primary care providers to encourage effective primary and preventive care; and
- d. It is the intent of the Legislature that the Health and Human Services Commission implement mechanisms to ensure that the increased amounts go directly to providers.

Sec. 30. **Dental Rate Increases.** Out of funds appropriated elsewhere in this Act to the Department of Health, a total of \$20,000,000 in General Revenue funds and \$30,175,728 in Federal Funds is allocated for dental rate increases in the Medicaid program. Increases are intended to enhance Medicaid clients' access to medically appropriate dental services, as well as to attract and retain dental professionals and to reward high-volume Medicaid providers, particularly providers along the Texas-Mexico border and in rural areas. The Health and Human Services Commission shall allocate the rate increases between the methodologies listed below and report to the Legislative Budget Board and the Governor by September 1 of each year of the biennium regarding allocation of rate increases by methodologies noted below, the impact of the rate increases on the provisions of dental services, and provide a certification that the methodology used to implement the rate increase will result in the expenditure of no more than an additional \$20 million in General Revenue funds in the Medicaid program above what would otherwise have been expended.

2. **Reimbursement of Advisory Committees.** None of the funds appropriated in this Act to the State Board for Educator Certification may be used for the reimbursement of advisory committee members unless the Chairman of the Board provides written notification, including a justification of the purpose of the committee, to the Legislative Budget Board and the Governor.
3. **Appropriations Limited to Revenue Collections.** It is the intent of the Legislature that fees, fines, and other miscellaneous revenues as authorized and generated by this agency cover, at a minimum, the cost of the appropriations made above for Strategies A.1.1. and A.1.3, as well as the "other direct and indirect costs" associated with these functions, appropriated elsewhere in this Act. "Other direct and indirect costs" for these functions are estimated to be \$576,131 in 2002 and \$678,328 in 2003. In the event that actual and/or projected revenue collections are insufficient to offset the cost identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority above to be within the amount of revenue expected to be available. This provision does not apply to \$16,000 for each year in General Revenue for Strategy A.1.3 and \$643,100 in fiscal year 2002 in Telecommunications Infrastructure Fund No. 345 for Strategy A.1.1.
4. **Assessment Fees.** In order to ensure that all examinations required for certification reflect the Texas Essential Knowledge and Skills developed under § 28.002 of the Texas Education Code as well as the competencies required of professional educators, all unexpended balances of appropriated certification and assessment fees remaining as of August 31, 2001, are hereby appropriated for the biennium beginning September 1, 2001, in an amount not to exceed \$1,650,000. Unexpended appropriated balances on hand at the end of fiscal year 2002 may be carried over to fiscal year 2003 in an amount not to exceed \$310,000. Such appropriation and carry-forward may only be used for the purpose of test administration and development.
5. **Exam Locations.** The State Board for Educator Certification shall continue to ensure that sites in the state of Texas that provide the main certification examination for educators (a.k.a. ExCET) are located such that there is a site within 50 miles of every Board-approved educator preparation program. In addition, the Board shall conduct a study to determine the potential savings of offering the ExCET exam in all approved educator preparation program facilities.
6. **Integrated Reporting System.** The State Board for Educator Certification shall coordinate with the Texas Education Agency and the Higher Education Coordinating Board regarding sharing, integrating, and housing pre-kindergarten through grade 16 (P-16) public education data. The three agencies shall work together to ensure that common and related data held by each agency is maintained in standardized, compatible formats to enable the efficient exchange of information between agencies and for matching of individual student records for longitudinally based studies and analysis. It is the intent of the legislature that individual initiatives interact seamlessly across agency systems to facilitate efforts to integrate the relevant data from each agency into a longitudinal public education data resource to provide a widely accessible P-16 public education data warehouse.
7. **Texas Beginning Educator Support System.** The State Board for Educator Certification shall seek federal funds to continue the Texas Beginning Educator Support System (TxBESS) or any other beginning teacher induction/mentor program. Any federal funds received by the State Board for Educator Certification for this purpose are hereby appropriated to the agency. Article IX provisions regarding transferability notwithstanding, the agency may transfer General Revenue from one strategy to another, or carry forward unexpended balances from fiscal year 2002 in fiscal year 2003, to reach an annual funding level of \$3 million for the Texas Beginning Educator Support System for each year of the 2002-2003 biennium. Any federal funds received by the agency for a beginning educator induction program shall reduce the use of carried-forward unexpended appropriated General Revenue funding, or inter-strategy transfer of General Revenue, so as to maintain a \$3 million annual funding level for the induction program.

STATE BOARD FOR EDUCATOR CERTIFICATION

(Continued)

If the agency receives a state fiscal year grant of more than \$3 million for either year of the biennium, it may not expend any carried-forward unexpended appropriated or inter-strategy transfer of General Revenue funds for the induction program.

As part of the beginning educator induction program, the agency shall train districts to develop and operate their own local induction programs, based on the statewide TxBESS model.

The agency shall report on its efforts to obtain federal funds for beginning educator induction/mentoring to the Seventy-eighth Legislature.

8. **Test Development.** The State Board for Educator Certification shall consider the use of standard exams that are not specific to Texas curricula to complement a core of Texas-specific exams and/or replace certain Texas-specific exams planned or under development. The board shall consider the following factors when determining whether a Texas-specific exam is necessary - the number of Texas educators likely to take the exam; the extent to which educators from states that use a standard exam pass similar Texas-specific exams; the similarity of content covered in a standard exam versus the planned Texas-specific exam, understanding that 100 percent of alignment is not necessary; and the relative cost to the state and to examinees of a standard exam versus a Texas-specific exam.

The State Board for Educator Certification is hereby authorized to expend funds appropriated in Strategy A.1.1, Educator Quality/Accountability, for test development for the evaluation and purchase of standard exams, if the Board finds that a standard exam is appropriate.

9. **Federal Funds for Test Development.** The State Board for Educator Certification shall seek federal funds to provide for the development of new certification examinations. Any federal funds received by the State Board for Educator Certification for this purpose are hereby appropriated to the agency. The agency may not expend more than \$2.8 million for test development in the 2002–2003 biennium in all funds.

The agency shall transfer an amount of General Revenue equal to any federal funds received for test development from Strategy A.1.1, Educator Quality/Accountability, to Strategy A.1.2, Retention, Recruitment, for the Texas Beginning Educator Support System mentoring program.

10. **Communication of New Rules.** It is the intent of the Legislature that the State Board of Educator Certification communicate the adoption of new rules directly to school districts and institutions of higher education by electronic mail or regular mail in a timely manner. The board will also post newly adopted rules on the Internet for review.
11. **Reporting of Teacher Misconduct.** From funds appropriated, the State Board of Educator Certification, the Texas Education Agency, and the University of Texas System shall coordinate to work with school districts to ensure timely and accurate reporting of teacher misconduct as required under Texas Administrative Code 249.14.

Funds identified above for group insurance are intended to fund:

- a. the total cost of the basic life and health coverage for all active and retired employees; and
- b. fifty percent of the total cost of health coverage for the spouses and dependent children of all active and retired employees who enroll in coverage categories which include a spouse and/or dependent children.

HIGHER EDUCATION EMPLOYEES GROUP INSURANCE CONTRIBUTIONS (Continued)

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

General Revenue funds appropriated herein shall be supplemented by funds appropriated elsewhere in this Act for employees enrolled in the State Kids Insurance Program (SKIP) to provide for a premium-sharing structure comparable to the Children's Health Insurance Program (CHIP). Institutions of higher education paying for health insurance costs from non-General Revenue funds shall provide the same levels of premium-sharing for SKIP enrollees as provided for those higher education employees with health insurance paid from General Revenue funds.

Funds appropriated for higher education employees' group insurance contributions may not be used for any other purpose.

It is further provided that institutions shall cooperate so that employees employed by more than one institution may be covered under one group policy and that said policy may be held jointly by two or more institutions and paid from funds appropriated to the institutions for payment of employee insurance premiums as set out above.

- 2. The University of Texas System Group Health Insurance Contributions.** Funds identified above for group insurance are intended to fund the same portion of the costs of basic health coverage for all active and retired employees and their dependents as is provided above for higher education active and retired employees and dependents participating in the Employees Retirement System's Uniform Group Insurance Program.

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

Funds appropriated for higher education employees' group insurance contributions may not be used for any other purpose.

The University of Texas System shall file a report with the Legislative Budget Board, the Governor's Office of Budget and Planning, and the Comptroller by September 1 of each year, detailing all group health insurance plans to be offered system employees and retirees, the benefit schedule, premium amounts, and employee/retiree contributions.

Active and retired employees of The University of Texas System are authorized to use one-half of the "employee-only" state contribution amount, for optional insurance. Optional insurance for the employees participating in the group insurance program shall be defined by The University of Texas System. Active and retired employees that participate in these plans may only use one-half of the employee-only state contribution if they sign and submit a document to their employing institution indicating that they have health insurance coverage from another source.

- 3. Texas A&M System Group Health Insurance Contributions.** Funds identified above for group insurance are intended to fund the same portion of the costs of basic health coverage for all active and retired employees and their dependents as is provided above for higher education active and retired employees and dependents participating in the Employees Retirement System's Uniform Group Insurance Program.

- c. Funds appropriated above in Strategy C.4.6, General Academic Developmental Education Accountability Pilot Program are to be allocated by the Coordinating Board to the institutions participating in the pilot program. The allocation to each institution for each fiscal year shall be based on the number of students who successfully complete developmental education during the previous fiscal year. A student who successfully completes developmental education is defined as a student who does not meet basic state education standards for college-level work, as defined by the Coordinating Board, who undertakes a developmental education program, and who subsequently demonstrates college readiness, as defined by the Coordinating Board, within two years. In allocating these funds, it is the intent of the Legislature that (a) performance funding should be allocated to individual institutions in such a way that remedying large deficiencies in college readiness will result in proportionately more funding than remedying minor deficiencies in college readiness; and (b) institutions that demonstrate an increase in performance do not experience a reduction in developmental education funding received through the pilot program.
 - d. Not later than November 1, 2002, the Coordinating Board, in conjunction with the institutions participating in the pilot program, shall produce a report evaluating the effectiveness of the pilot program and making recommendations regarding its continuation. It is the intent of the Legislature that continuation of the program beyond August 31, 2003, be conditioned on demonstrated effectiveness in remedying deficiencies in college readiness.
26. **Community and Technical College Developmental Education Accountability Pilot Program.** The Higher Education Coordinating Board shall administer and coordinate the Community and Technical College Developmental Education Accountability Pilot Program under the following guidelines:
- a. The Coordinating Board shall select participating community and technical colleges from among institutions that volunteer.
 - b. The Coordinating Board, in consultation with the Legislative Budget Board, will calculate allocations to this fund based on the following: for fiscal year 2002 the allocation for each participating community/technical college will be equal to 15 percent of the developmental education formula funding generated by that institution in the contact hour formula appropriation for fiscal year 2002; the allocation for fiscal year 2003 for each participating community/technical college will be equal to 15 percent of the developmental education formula funding generated by that institution in the contact hour appropriation for fiscal year 2003. These funds shall be transferred from the formula funded strategies of the participating community/technical colleges to the Coordinating Board and are hereby appropriated to Strategy C.4.7, Community and Technical College Developmental Education Performance Fund.
 - c. Funds appropriated above in Strategy C.4.7, Community and Technical College Developmental Education Accountability Pilot Program are to be allocated by the Coordinating Board to the community and technical colleges participating in the pilot program. The allocation to each institution for each fiscal year shall be based on the improvements made in academic preparation of students who have previously been

evaluated as not meeting basic college readiness standards as defined by the Coordinating Board, and who have completed a developmental education program in the previous year. In allocating these funds, it is the intent of the Legislature that (a) performance funding should be allocated to individual institutions in such a way that the funding provided for individual students shall be proportional to the progress that has been made in remedying deficiencies in college readiness, as defined by the Coordinating Board; and (b) institutions that demonstrate increased performance do not experience a reduction in the developmental education funding received through the pilot program.

- d. Not later than November 1, 2002, the Coordinating Board, in conjunction with the institutions participating in the pilot program, shall produce a report evaluating the effectiveness of the pilot program and making recommendations regarding its continuation. It is the intent of the Legislature that continuation of the program beyond August 31, 2003, be conditioned on demonstrated effectiveness in remedying deficiencies in college readiness.
27. **Cost Recovery for the Common Application Form.** The Texas Higher Education Coordinating Board is hereby authorized to collect funds from each general academic institution to recover costs related to the electronic common application form. The amount collected from each institution shall be proportional to the number of applications received. The funds collected shall only recover direct costs and only be used for the purposes of the electronic common application form.

- a. Unexpended balances from funds appropriated to the Toward EXcellence, Access, and Success (TEXAS) Grant Program in House Bill 1, Seventy-sixth Legislature, for the 2000–01 biennium, including any excess amounts from the New Horizons Scholarship Program, Tuition Assistance Grants Program, and National Guard ROTC Program transferred into the TEXAS Grant Program remaining, are hereby appropriated for the same purposes for the 2002–03 biennium.
 - b. Of the funds appropriated above in Strategy C.1.17, Toward EXcellence, Access, and Success (TEXAS) Grant Program, and funds transferred into the TEXAS Grant Program as specified in subsection (a), any unexpended balances on hand at the end of fiscal year 2002 are hereby appropriated for the same purposes in fiscal year 2003.
 - c. It is the intent of the Legislature that the board plan the expenditure of new funding appropriated to the TEXAS Grant Program so that the program will not require an appropriation of greater than \$381 million, plus any unexpended balances carried forward, in the 2004–2005 biennium. Such implementation levels are projected to be \$120 million in fiscal year 2002 and \$162 million in fiscal year 2003.
30. **Economically Disadvantaged Student Retention Performance Fund.** The Texas Higher Education Coordinating Board shall distribute funding appropriated above in Strategy C.4.8, Economically Disadvantaged Student Retention Performance Fund, to general academic institutions based on increases in the retention of first-time, full-time economically disadvantaged undergraduates who make satisfactory academic progress. Only those institutions showing increases of at least 5 percent in both the number of economically disadvantaged students

retained and the retention rate of those students shall be eligible for the fund. Allocations to eligible institutions shall be proportional to the number of first-time, full-time economically disadvantaged undergraduates retained for one academic year.

Not later than November 1, 2002, the Coordinating Board shall produce a report evaluating the effectiveness of the pilot program and making a recommendations regarding its continuation. It is the intent of the Legislature that continuation of the program beyond August 31, 2003, be conditioned on demonstrated effectiveness in increasing the retention of economically disadvantaged students.

31. **Disparity Study for Institutions of Higher Education.** The disparity study conducted by the Comptroller of Public Accounts pursuant to General Appropriations Act, § 16, page I-24, Seventy-fifth Legislature, to determine whether past acts of discrimination by institutions of higher education have created any present effects of such past discrimination may be continued by the Texas Higher Education Coordinating Board. The Coordinating Board may maintain and update as necessary the database developed for the disparity study. The Texas Education Agency and each institution of higher education receiving appropriations may cooperate with the Coordinating Board to continue the disparity study and to provide data to maintain and update the database. The three agencies shall work together to ensure that common and related data held by each agency is maintained in standardized, compatible formats to enable the efficient exchange of information between agencies and for matching of individual student records for longitudinally based studies and analysis. It is the intent of the Legislature that individual initiatives interact seamlessly across agency systems to facilitate efforts to integrate the relevant data from each agency into a longitudinal public education data resource to provide a widely accessible P-16 public education data warehouse.
37. **Enrollment Growth Funding for General Academic Institutions.** Funds appropriated above in Strategy C.4.9, General Academic Institution Enrollment Growth, are to be used only to assist public general academic institutions which experience dramatic rates of growth in weighted semester credit hours during the 2002–03 biennium. Funds appropriated under this section shall be allocated according to a formula developed by the Texas Higher Education Coordinating Board based on the following criteria:

For fiscal year 2003, funding shall be provided for growth in weighted semester credit hours at institutions which experience an increase in total weighted semester credit hours greater than 6 percent between Fall 2000 and Fall 2002 semesters and are not included under subsection (a) above. For funds allocated under this subsection, the Texas Higher Education Coordinating Board shall deduct the first 3 percent of weighted semester credit hour growth used to calculate subsection (a) for each eligible institution.
38. **Enrollment Growth Funding for Nursing Programs at Health-related Institutions.** Funds appropriated above in Strategy C.4.10, Health-related Institution Nursing Enrollment Growth, are to be used only to assist public health-related institutions which experience dramatic rates of growth in student full-time equivalents during the 2002–03 biennium. The University of Texas at Austin will assist the Coordinating Board in developing the pilot program by providing the necessary modifications to the Common Application System. The pilot system should be designed to refer and facilitate the admission of students who have been denied admission to the institution of their first choice to other Texas public higher education institutions. In no way should the pilot program interfere with existing provisional admission programs already in place at higher education institutions. Participation by institutions in the pilot program shall be on a voluntary basis. The pilot program shall begin operation with the Fall 2002 semester.

The Coordinating Board, in conjunction with the institutions participating in the pilot program, shall produce a report evaluating the pilot program no later than December 31, 2002.

40. **Higher Education Assistance Pilot Program.** Out of funds appropriated above, the Higher Education Coordinating Board shall administer and coordinate the Higher Education Assistance Pilot Program to:

 - b. Assist prospective students in these sites with completing applications related to enrollment in higher education institutions, including admissions and financial aid applications.

The Coordinating Board shall provide the information and assistance required at least twice each year, and it shall select an institution of higher education or other entity to provide the information and assistance required at each site served by the pilot program. In designing the pilot program, the Coordinating Board shall ensure that it is reproducible by other entities in cities and counties across the state to enable them to develop similar programs to increase admissions to higher education institutions. The pilot program shall begin operation with the Spring 2002 semester.

Not later than September 1, 2002, the Coordinating Board shall submit to the Legislature a report on the effectiveness of the pilot program, including recommendations on whether to implement the program on a statewide basis.

41. **Financial Aid Application Assistance.** The Higher Education Coordinating Board shall determine the feasibility of establishing an agreement with private tax preparation firms to assist college applicants in completing the federal financial aid application. 42. **Data Exchange to Facilitate Financial Aid Eligibility Determination.** Out of funds appropriated above, the Higher Education Coordinating Board, with the help of the Department of Information Resources and the cooperation of any other relevant state agency, shall determine the extent to which data captured for other programs may be used to establish eligibility for student financial aid. Sharing of such data among agencies should facilitate the financial aid application process, reduce paperwork for applicants, and improve processing for financial aid offices while protecting the privacy rights of individuals.

The Coordinating Board shall report its findings to the Legislature no later than September 1, 2002, including any statutory changes necessary to allow and facilitate such data exchanges among agencies. If in the course of its study, the Coordinating Board finds that assistance or flexibility from the federal government would facilitate the sharing of information used to establish eligibility for student financial aid, it shall report such a finding to the Governor and Legislative Budget Board at the time of discovery.

43. **Graduate and Post Graduate Medical Education Task Force.** The Coordinating Board shall convene a task force consisting of representatives from each state-appropriated health science center and hospital, as well as selected representatives of hospitals and health care facilities that serve as teaching facilities with residency programs. The Commissioner shall appoint the members of the task force.

Each task force participant shall make available, for task force use only, their most recent audited financial statements and Medicare cost reports.

The task force shall analyze all funding streams, local, state, and federal, and any other sources of revenue, public or private, that support graduate and post-graduate medical education in the state of Texas.

The Coordinating Board may hire an independent consultant to assist in the gathering and interpretation of data and the construction of recommendations. The Coordinating Board may pay for that consultant out of funds which may be available from gifts, grants or donations, or from transfers which may be made from funds available to the entities represented on the task force. Such transfer amounts shall be proportional to the numbers of graduate and post-graduate medical students in each entity's respective programs.

The task force shall recommend, to the Seventy-eighth Legislature by September 1, 2002, funding priorities that preserve the long-term viability of graduate and post-graduate medical education in Texas by improving graduate and post-graduate medical education's service to Texas residents.

44. **P-16 Council.** It is the intent of the Legislature that the Higher Education Coordinating Board continue the activities and operation of the P-16 Council.

- a. Six-year graduation rate (same institution) - percent of students who earned a baccalaureate or higher degree at a public general academic higher education institution within six years of becoming a full-time student at that institution.
 - b. Six-year graduation rate (another institution) - percent of students who earned a baccalaureate or higher degree at a public general academic higher education institution

HIGHER EDUCATION COORDINATING BOARD

within six years of becoming a full-time student at another public higher education institution.

- c. Six-year persistence rate (same institution) - percent of students who have not earned a baccalaureate or higher degree, but are still enrolled in the same Texas public general academic higher education institution six years after becoming a full-time student at that institution.
 - d. Six-year persistence rate (another institution) - percent of students who have not earned a baccalaureate or higher degree, but are still enrolled in a Texas public general academic higher education institution six years after becoming a full-time student at another Texas public higher education institution.
 - e. Composite graduation and persistence rate - Sum of the graduation and persistence rates in subsections (a) through (d) above.
46. **Strategic Plan for Teacher Certification.** Out of funds appropriated above, the Higher Education Coordinating Board shall develop a strategic plan to increase the number of certified teachers in the state as quickly as possible. The Coordinating Board shall collaborate with the Texas Education Agency, the State Board for Educator Certification, the Texas Workforce Commission, the Governor's Office, and the Legislature in development of the strategic plan.

In order to facilitate implementation of the strategic plan for teacher certification, the Coordinating Board shall work with the Texas Education Agency, the State Board for Educator Certification, school districts, professional educator associations, and any other entity it believes could aid in development of a teacher certification web page. The web page shall convey information on traditional and alternative certification programs and related employment opportunities in such a format that resources are linked and data is easily accessible and navigable to those interested in pursuing a career in teaching.

47. **Financial Aid Maximum for Students Attending Independent Colleges and Universities.** The total amount of financial aid a student is eligible to receive from a TEXAS Grant and the Tuition Equalization Grant is limited to the maximum amount of the Tuition Equalization Grant as determined by law. In no case shall higher tuition at a private institution make it possible for a student to receive more state grant aid than 50 percent of the average state appropriation for an FTE student at a state public institution in the previous biennium. Furthermore, in no case shall the total amount of financial aid from the TEXAS Grant and Tuition Equalization Grant a student is eligible to receive be interpreted as the total amount of tuition and required fees charged to a student for the semester of award at a private institution.

It is the intent of the Legislature that the state shall give priority in TEXAS Grant funding to students with the greatest financial need who attend public colleges and universities.

48. **Diversity at Independent Colleges and Universities Which Receive TEG.** Independent colleges and universities which enroll students receiving Tuition Equalization Grant funds appropriated by this Act shall provide annual reports to the Higher Education Coordinating Board regarding the diversity of their student body, faculty, executive committee, and board of regents. These reports shall be submitted by October 1 of each year.
49. **Formula Funding Study.** In its biennial review of funding formulas for the general academic institutions, the Higher Education Coordinating Board shall study the effects of the formula on institutions with fewer than 10,000 students and shall determine the adequacy of the formula for such institutions in comparison to institutions with larger student populations. The Coordinating Board shall report its finding to the Legislative Budget Board by September 1, 2002, with any recommendations for a small college and university formula funding method.

51. **New Campus Funding at Wharton Junior College.** Funds appropriated above in Strategy C.4.11, New Campus Funding at Wharton Junior College, are to provide for the new campus at Wharton Junior College. Wharton Junior College shall apply to the Higher Education Coordinating Board for funding based on actual new contact hours generated during the 2002–03 biennium. To be eligible for this funding, enrollment at the new campus must result in a districtwide increase in contact hours. Wharton Junior College cannot be eligible for dramatic enrollment growth funds based on growth at the new campus.
52. **Distance Learning Consortium.** It is the intent of the Legislature that from the funds appropriated above in Strategy C.4.4, Centers for Teacher Education, the Higher Education Coordinating Board provide \$200,000 in fiscal year 2002 and \$200,000 in fiscal year 2003 to upgrade distance learning through Huston-Tillotson College.

Contingent upon the enactment of Senate Bill 1596 or similar legislation and a finding of fact by the Comptroller of Public Accounts (at the time of certification or after certification of this Act) that sufficient revenue is estimated to be available from the General Revenue Fund and following approval by the Legislative Budget Board, the Higher Education Coordinating Board is appropriated an additional \$10,000,000 for the 2002–03 biennium to implement the provisions of the Act.
- ** 56. **Allocations Made in Other Legislation: House Bill 2879.** Out of the funds appropriated above, the amount of \$20,000,000 in fiscal year 2002 plus unexpended balances in fiscal year 2003 are appropriated from the General Revenue Fund to the Higher Education Coordinating Board in accordance with House Bill 2879, Section 20, Acts of the Seventy-seventh Legislature, for support of the Teach for Texas Grant Program, the Joint Admission Medical Program, and the Public Awareness Campaign Promoting Higher Education. Each community/junior college must file by November 1 of each fiscal year directly with the Governor's Office of Budget and Planning, Legislative Budget Board, the Legislative Reference Library, and the Texas Higher Education Coordinating Board, a copy of an annual operating budget, and subsequent amendments thereto, approved by the community/junior college governing board. The operating budget shall be in such form and manner as may be prescribed by the board and/or agency with the advice of the State Auditor providing, however, that each report include departmental operating budgets by function and salaries and emoluments for faculty and staff listed by position.
3. **Approved Elements of Expenditure.** The expenditures by a public community/junior college of any funds received by it under these provisions headed "Public Community/Junior Colleges" shall be limited to the payment of the following elements of cost: instruction, academic support, student services, institutional support, organized activities, and staff benefits. It is specifically provided, however, that in addition to the purposes enumerated herein, the funds appropriated above for special items may be expended for salaries, wages, travel, capital outlay and other necessary operating expenses. It is specifically provided that funds appropriated above may not be used for the operation of intercollegiate athletics.
4. **Audit of Compliance.** The compliance of each public community/junior college with the requirements set forth in the paragraphs above shall be ascertained by the State Auditor who shall also audit the pertinent books and records of each college as necessary.
5. **Vouchers for Disbursement of Appropriated Funds.** Vouchers for disbursement of the sums appropriated hereinabove shall be prepared by the Texas Higher Education Coordinating Board on the basis of the provisions in the paragraphs above and the warrants issued in payment thereof shall be issued in compliance with VTCA, Education Code, § 130.0031.

Funds appropriated above to Howard County College for the operation of the Southwest Collegiate Institute for the Deaf shall be distributed in accordance with the installment schedule for Category 1 junior colleges.

The total amount of funds appropriated above in each year of the biennium to Midland College in Strategy AA.1.1, American Airpower Heritage Museum, should be distributed on September 1 of the year funds are appropriated.

In submitting vouchers for disbursement of the funds herein appropriated, the Texas Higher Education Coordinating Board, shall certify to the State Comptroller of Public Accounts that each school listed has qualified and is entitled to receive such funds under the provisions set forth in this Act under the heading "Public Community/Junior Colleges."

(Continued)

6. **Unobligated Balances.** At the close of each fiscal year each community/junior college shall report to the Coordinating Board the amount of state allocations which have not been obligated within each line item and shall return that amount to the State Treasury for deposit in the General Revenue Fund.
7. **Adjustment of Contact Hours.** The hours used in the contact hour base period are subject to audit for accuracy by the State Auditor according to an audit plan developed in consultation with the Texas Higher Education Coordinating Board, the Legislative Budget Board and the public community and junior colleges, and the dollar amounts adjusted accordingly by the Texas Higher Education Coordinating Board. The total amount that is reduced from colleges which have overstated base period contact hours shall be redistributed to those colleges which have understated base period contact hours to the extent of such understatement. Redistributions shall include all institutions funded by the two-year contact hour funding formula. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the total contact hour formula appropriations to that institution for the biennium. Adjustments shall be made to appropriated amounts in accordance with adjustments of estimated contact hours to actual certified contact hours, even if the total error rate is less than 2 percent of the total contact hour formula amount appropriated to that institution for the biennium. No college shall have dollar amounts adjusted below \$2,318,375. Institutions where sampling errors are identified may request a comprehensive institutional audit at institutional expense.
8. **Separation of Funds.** The funds appropriated by the State shall be maintained separately by community/junior colleges from other sources of income.
9. **Supplanting of Federal Funds Prohibited.** It is legislative intent that state funds not be used to supplant federal funds for the Job Training Partnership Act programs conducted by community/junior colleges.
10. **Residency of Texas Department of Criminal Justice Inmates.** All inmates of the Texas Department of Criminal Justice are, for educational purposes only, residents of the State of Texas.
11. **Small Business Development Center.** The Small Business Development Center at Dallas County Community College shall receive \$746,042 in each year of the biennium, as appropriated above, contingent upon certification by the Comptroller of Public Accounts that increased activity by the Small Business Development Center will generate at least \$1,492,084 for the biennium in additional revenue to the General Revenue Fund. It is the intent of the Legislature that state funds provided to the Small Business Development Center be used by the center to attract federal funds on a dollar-for-dollar basis.
12. **Regional Import/Export Training Center.** Appropriations of \$50,000 each year made above are contingent upon certification by the Comptroller of Public Accounts that increased economic activity associated with the Regional Import/Export Training Center and the Laredo Junior College will generate at least \$100,000 for the biennium in additional revenue to the General Revenue Fund. It is the intent of the Legislature that state funds provided to the Regional Import/Export Training Center be used by the center to attract federal funds on a dollar-for-dollar basis.

The governing boards are authorized to establish accounts from which salaries and expenses for the administration and supervision of the units of the system or institution may be paid and to require the units, including any other agency the administration of which it may be charged with by law, to pay into this account from any general revenue, local, or institutional funds their proportionate share as determined by the board for the expense of such administration and supervision. The Comptroller of Public Accounts is authorized to set up an account for each of the systems or institutions and to deposit in the account funds to the amount authorized by the governing boards and executive heads of the respective units, from funds appropriated by the Legislature to the units for noninstructional salaries and general operating expenses. The Comptroller is authorized to draw warrants against such accounts based on vouchers submitted by the systems or institutions in payment of salaries, maintenance, equipment or travel incidental to the administration and supervision of the respective units.

Texas A&M University System Central Services Account

Any funds in excess of the amount expended for debt retirement shall be reverted to the General Revenue Fund at the end of each fiscal year.

Sec. 7. Recruitment of Students. No funds appropriated by this Act may be expended for travel expenses incurred outside the boundaries of the State of Texas for the purpose of direct recruitment of students.

Sec. 8. Television Stations Prohibited. None of the educational and general funds appropriated in this Article may be expended for the acquisition, construction or operation of television transmitter stations; provided, however, this prohibition shall not be construed so as to prevent the institutions of higher education named in this Article from using closed-circuit television for purely instructional purposes, or to prevent institutions with existing public broadcasting or transmitter stations to use them for educational purposes, or to prevent the continuance of operating arrangements with existing transmitter stations for purely educational purposes; or to prevent cooperative arrangements with public broadcast stations.

This exception applies only to the authority to spend appropriated funds for these purposes; such museum space shall not be included in formula calculations for purposes of determining the amounts of appropriations due for maintenance or operations of institutional facilities.

Sec. 11. Method of Financing Scholarships.

1. Out of the funds identified by this Article in the informational items described as "Other Educational and General Income," the respective governing boards of the general academic teaching institutions and of the health centers, health science centers, or technical colleges may allocate and expend the actual receipts in such informational item for student scholarships pursuant to the provisions of VTCA, Education Code § 56.031 to § 56.039, cited as the Texas Public Educational Grants Program.
2. Out of the funds identified by this Article in the informational strategies described as "Scholarships," the respective governing boards may allocate and expend for student scholarships and the institutional share required to match Federal Work Study Funds such amounts as the boards may determine; provided, however, that each student receiving such scholarship first shall have utilized any federal grant funds for which the student may reasonably be eligible; and, that such scholarship, when combined with all other grant or gift funds awarded to the student, shall not exceed 70 percent of the reasonable expenses to be incurred by the student in the semester or term for which the scholarship is awarded; and provided, however, that no student shall receive an amount in excess of demonstrated need. The respective governing boards may transfer up to one-half of the amount to be awarded as scholarship to each otherwise eligible student to the Texas Higher Education Coordinating Board for use as matching funds to be awarded to that student through the Texas Public Educational Grants Program.
3. Copies of such approved allocations together with copies of rules and regulations adopted by the respective governing boards concerning the award of such scholarships, shall be filed with the Coordinating Board and with the Comptroller prior to the disbursement of any moneys for scholarships. Copies of any subsequent changes in such allocations or rules shall be similarly filed with the Coordinating Board and with the Comptroller.
4. No educational and general funds appropriated in this Act for scholarships to institutions of higher education may be used to provide athletic scholarships.
5. Out of the additional funds appropriated for the 2002–03 biennium for the informational strategy described as "Scholarships," it is the intent of the Legislature that the respective governing boards shall allocate and expend such funds for need-based student scholarships regardless of the race, sex, color or ethnicity of the student recipient.

Sec. 12. Use of Educational and General Funds for Alumni Activities Prohibited. None of the educational and general funds appropriated by this Article may be expended by institutions of higher education for the support or maintenance of alumni organizations or activities.

Sec. 13. Limitation of Nonresident Enrollment in Certain State-supported Professional Schools.

1. None of the funds appropriated by this Act may be expended for the establishment, operation, or maintenance, or for the payment of any salaries to the employees in, any wholly or partially

state-supported medical, dental, or law school which: (a) imposes a limitation on the number of students that it admits, (b) in an academic semester denies admission to one or more Texas residents who apply for admission and who reasonably demonstrate that they are probably capable of doing the quality of work that is necessary to obtain the usual degree awarded by such school, and (c) in the same academic semester admits, as either class, nonresidents of the State of Texas in a number greater than 10 percent of the class of which such nonresidents are a part. Limitation of nonresident enrollment at The University of Texas Law School, Texas Tech University School of Law, and the University of Houston Law Center may be increased to 20 percent of the class of which nonresidents are a part provided that the admission of such nonresident students is on the basis of academic merit alone. By the provisions of this paragraph it is intended to withhold funds appropriated by this Act from state-supported medical, dental, and law schools which limit their enrollments and which fill more than 10 percent of their classes with non-resident students in the case of medical and dental schools, and 20 percent in the case of The University of Texas Law School, Texas Tech University Law School and the University of Houston Law Center, when the result of admitting a nonresident denies admission to a qualified Texas applicant. This provision shall not apply to the funds appropriated to the Coordinating Board for the funding of Baylor College of Medicine or to funds appropriated for tuition equalization grants for students attending private colleges.

2. In addition, The University of Texas Southwestern Medical Center at Dallas may admit up to 25 competitively recruited medical students in each entering class for a specialized six-year program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
3. Texas medical schools may enroll up to 6 competitively recruited medical students, who already possess the DDS degree, in each second year medical school class for a specialized six year program in oral and maxillofacial surgery comprised of the last three years of medical school and a three year residency program irrespective of whether those students are Texas residents.

Sec. 14. **Off-campus Instruction.** General academic institutions may teach courses off campus with the following restrictions:

1. At the conclusion of each fiscal year, the Coordinating Board shall file a report with the Executive Budget Office and the Legislative Budget Board on all general academic institutions concerning off-campus semester credit hours for that fiscal year.
2. Semester credit hours generated at upper level centers authorized by the Legislature or by the Coordinating Board, as well as at Prairie View A&M's Houston nursing program and Texas Woman's University nursing programs in Dallas and Houston are not considered to be off-campus.
3. All courses taught off campus must be taught by a regular faculty member or administrator who is employed at least half-time on the main campus of the institution. The Commissioner of Higher Education may waive this requirement in special cases where institutions can justify the use of a uniquely qualified individual. Allied health and vocational instructors are exempted from this requirement.

Sec. 15. **Medical School Enrollment.** It is the intent of the Legislature that the first year class enrollment of undergraduate medical students in the fiscal years ending August 31, 2002 and August 31, 2003, shall be no less than 200 students at The University of Texas System medical colleges and 100 students at the University of North Texas Health Science Center at Fort Worth and the Texas Tech University Health Sciences Center College of Medicine. This provision shall not be construed as requiring any school of medicine to accept an unqualified applicant. In the event that a school of medicine falls below the required first year class enrollment of undergraduate medical students by more than 5 percent for fiscal years 2002 and 2003, the school shall report to the Legislative Budget

Board the reasons for failing to meet the required enrollment. It is the intent of the Legislature that this information be taken into account when preparing the appropriation recommendations for the Seventy-eighth Legislature.

Sec. 16. **Tuition and Other Educational and General Local Fee Collection.** On or before the end of the 20th class day for each regular semester and the 15th class day for each summer session, each institution of higher education shall collect from each student whose semester credit hours are to be included in formula funding calculations all tuition and all fees in accordance with the installment tuition and fee payment plan provided for by VTCA, Education Code, Chapter 54, as amended. Valid contracts with the United States Government for instruction of eligible military personnel, valid contracts with private business and public service-type organizations or institutions such as hospitals, and financial aid awards processed by the financial aid office but not yet issued to the student may be considered as collections thereunder but subject to adjustments after final payment thereof.

Sec. 17. **Compliance with Access and Equity 2000.** It is the intent of the Legislature that institutions of higher education give top priority and consideration to compliance with the spirit and mandates of the Access and Equity 2000.

Sec. 18. **Formula Variable and Educational and General Income Audits.** The Texas Higher Education Coordinating Board in consultation with the State Auditor's Office and the Legislative Budget Board, shall clearly define all variables used by the Seventy-seventh Legislature in arriving at formula appropriations for 2002 and 2003. According to an audit plan developed in consultation with the Coordinating Board and Legislative Budget Board, all variables of selected formulas used in making 2002 and 2003 formula appropriations are subject to audit by the State Auditor. The State Auditor shall report any differences from data submitted by the institutions to the Coordinating Board, the Legislative Budget Board, and the Governor. The Coordinating Board shall then calculate a new appropriations amount for each institution that reported data in conflict with that verified by the Auditor. These calculations shall then be reported to the Legislative Budget Board, Governor, and the Comptroller of Public Accounts and may be used to revise appropriation authority accordingly. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the biennial appropriations related to the variables audited at that institution.

In addition, components of educational and general income reported in the institutional requests for legislative appropriations for fiscal years 2002 and 2003 are subject to audit by the State Auditor.

The State Auditor may request the assistance of an institution's internal auditor in performing the audits described in this section.

Sec. 19. **System Offices Funding Authorized.** Educational and general funds appropriated to components of The University of Texas, Texas A&M University, University of Houston, Texas Tech University, University of North Texas, Texas State University System and Texas State Technical College Systems may be transferred or contracted to system offices to provide support for coordination, administration, and other related services.

Sec. 20. **License Plate Scholarship Program.** In addition to educational and general funds amounts appropriated by this Act, available balances and the portion of fees deposited in the state treasury during the biennium ending August 31, 2003, to the credit of the general academic institutions as provided by VTCA, Transportation Code § 502.270, is appropriated for that period to the general academic teaching institution for which it was credited for the purpose of providing scholarships for students who demonstrate a need for financial assistance.

Sec. 21. **Annual Reports of Health Related Institutions Practice Plans.** As a limitation and restriction upon appropriations made by this Act, all agencies that have a public health related institution covered under Article III shall not expend funds after a period of 120 days following the close of the fiscal year, unless there has been filed with the Governor, the State Auditor, the

Legislative Budget Board, the Legislative Reference Library and the Comptroller of Public Accounts an annual report as of August 31 of the preceding fiscal year, showing the use of practice plan funds. The annual report shall conform to a uniform reporting system developed by the State Auditor's Office for all financial data concerning the health related institutions practice plans.

Sec. 22. **Self-insurance Funds.** Any funds of an institution of higher education used for or allocated to a self-insurance fund authorized by VTCA, Government Code § 2259.001 for a risk otherwise insurable by the institution of higher education shall be treated by the Comptroller of Public Accounts as an expenditure of the respective funds. The self-insurance funds so created shall be considered designated funds as that term is used in § 51.008(b) of the Education Code. Any self-insurance fund reserves so created shall not exceed in amount the maximum value determined to be actuarially sound for each such self-insurance program.

Sec. 23. **Elements of Un-sponsored Charity Care.**

1. **Financially Indigent.** Un-sponsored charity care shall include unreimbursed services to the financially indigent. Financially indigent shall mean uninsured or underinsured patients accepted for care with no obligation or a discounted obligation to pay for services rendered based on a teaching hospital's or clinic's formal eligibility system which may include: (a) income levels and means testing or other criteria for determining a patient's inability to pay; or (b) other criteria for determining a patient's inability to pay that are consistent with the hospital's or clinic's mission and established policy. The federal poverty level shall serve as an index for the threshold below which patients receiving care at The University of Texas Southwestern Medical Center at Dallas, The University of Texas Medical Branch at Galveston, The University of Texas Health Science Center at Houston, The University of Texas Health Science Center at San Antonio, The University of Texas M.D. Anderson Cancer Center, The University of Texas Health Center at Tyler, Texas A&M University System Health Science Center, The Texas Tech Health Sciences Center, and The University of North Texas Health Science Center are deemed financially indigent. Financially indigent services include both noncovered services and contractual allowances for patients eligible for the Medicaid program and for the Children with Special Health Care Needs (formerly known as CIDC) program, services provided under the Maternal and Infant Health Improvement Act (MIHIA), services provided under county indigent care contracts (Sec. 26), and services provided under other state or local government programs with eligibility indexed to the federal poverty level.
2. **Medically Indigent.** Un-sponsored charity care shall include unreimbursed services to the medically indigent. Medically indigent shall mean patients who are responsible for their living expenses, but whose medical and hospital bills, after payment by third-party payers, where applicable, exceed: (a) a specified percentage of the patient's annual gross income (i.e., catastrophic medical expenses) in accordance with a teaching hospital or clinic's formal eligibility system in such instances where payment would require liquidation of assets critical to living or earning a living; or (b) the criteria for determining a patient's inability to pay as established by the public health-related institutions listed in Sec. 23, Financially Indigent.
3. **Charity Care Determination.** The determination that a patient is financially or medically indigent shall occur within 120 days of the patient's discharge from the hospital or clinic setting or within 120 days of the third party payor settlement.
4. **Contractual Adjustments.** The contractual adjustments to commercial contracts, managed care contracts, and Medicare for the public health-related institutions listed in Sec. 23, Financially Indigent, shall not be counted as un-sponsored charity care.
5. **Bad Debt.** Bad debts shall not be counted as un-sponsored charity costs. Bad debts shall include the uncollected billed charges for services rendered to patients who do not qualify under the definition of un-sponsored charity care.

**SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES
OF HIGHER EDUCATION
(Continued)**

Sec. 24. **Un-sponsored Charity Care Reporting Requirement.** The public health-related institutions listed in Sec. 23, Financially Indigent, shall include in their biennial legislative appropriations request information including the actual amount of un-sponsored charity care provided through each institution's respective physician practice plan, and if applicable, hospital or clinic using the definition of un-sponsored charity care set forth in the section called "Elements of Un-sponsored Charity Care."

Sec. 25. **Patient Income Eligibility Guidelines.** The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Center at Tyler shall use the federal poverty level indexed at an agreed-upon level as the guideline for determining indigent patient status, and those institutions' eligibility guidelines regarding copayment by patients deemed financially or medically indigent shall be the same.

The University of Texas Southwestern Medical Center at Dallas, The University of Texas Health Science Center at Houston, The University of Texas Health Science Center at San Antonio, Texas A&M University System Health Science Center, The Texas Tech Health Sciences Center, and The University of North Texas Health Science Center may use as a basis for reporting indigent care statistical samples derived from indigent care determinations made by their affiliated teaching hospitals and designed to estimate the amounts of charity care provided using the definitions established by The University of Texas hospitals noted above.

Sec. 26. **County Indigent Care Contracts.**

1. **Contracts Required.** It is the intent of the Legislature that all institutions of higher education providing indigent health care contract with relevant counties in their service area to recover the costs associated with treating those counties' indigent patients.
2. **County Indigent Care Contracts Reporting.** The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Center at Tyler shall submit to the Legislative Budget Board and the Governor at the end of each fiscal year a list of counties whose indigent residents have been served by each institution; the total amount of reimbursement received by each institution from each county pursuant to the Indigent Health Care and Treatment Act; and the total cost, by county, of services provided by each institution for which counties are liable pursuant to the Indigent Health Care and Treatment Act. In addition, each institution shall report annually to the Legislative Budget Board and Governor on the status of contract agreements or negotiations with each county whose indigent residents have been served by the institution.

Sec. 27. **Family Practice Clerkship Funding.** Each medical school or college shall expend the following amounts for the purpose of providing a clerkship in family practice during the third core clinical year pursuant to VTCA, Education Code § 51.918 (d)(1). Funding for these clerkships may include appropriated funds, institutional funds or restricted grant funds. These amounts may not be used to supplant allocations made for other purposes to family practice departments and affiliated family practice residency programs. The required third year family practice clerkship must have a set curriculum and the student must take an exam during the clerkship.

Sec. 28. Ethics Policy.

1. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board an ethics policy which has been adopted by the board of regents. The ethics policy shall apply to the board of regents and its staff, the administration, staff, and faculty of the institutions under the board's governance.
2. The ethics policy adopted by each board of regents shall include specific provisions regarding sexual harassment.

Sec. 29. Driscoll Children's Hospital. No funds appropriated to a health-related institution of higher education shall be used to replace or duplicate the Driscoll Children's Hospital in caring for children with special health-care needs, including pediatric cardiovascular diseases or in assuming the direct care of those children. It is legislative intent that this rider language not restrict the traditional referral patterns, utilized by physicians to refer patients to health-related institutions.

Sec. 30. Participation in Drug Development Research Projects. A public university may not expend funds appropriated by this Act, including appropriations of grants or gifts, to conduct a drug development research protocol involving a person who is receiving mental health services under a protective custody order, pursuant to Chapter 574, Health and Safety Code. This rider is not intended to limit or prohibit provisions for treatment established under § 576.022, Health and Safety Code.

Sec. 31. Post Tenure Review. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board policies and procedures regarding post tenure review which have been adopted by the board of regents. Post tenure policies shall include review procedures to determine that a tenured faculty member is performing consistently at an acceptable, professional level and a mechanism whereby a faculty member is informed of any deficiencies and provided opportunities to effectively improve his or her performance.

Sec. 32. General Academic Funding. Funding for general academic institutions will consist of four formulas and supplemental items.

**SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES
OF HIGHER EDUCATION
(Continued)**

1. **Instruction and Operations Formula.** The Instruction and Operations Formula shall provide funding for faculty salaries, including nursing, departmental operating expense, library, instructional administration, research enhancement, student services, and institutional support. These funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour for the 2002–03 biennium is \$56.65.

Weighting is determined by the following matrix:

	Lower Division	Upper Division	Masters	Doctoral	Special Professional
Liberal Arts	1.00	1.96	3.94	12.04	
Science	1.53	3.00	7.17	19.29

2. **Teaching Experience Supplement.** For the 2002–03 biennium, an additional weight of ten percent is added to lower division and upper division semester credit hours taught by tenured and tenure-track faculty. Furthermore, it is the intent of the Legislature that the weight shall increase by 10 percent per biennium, up to 50 percent.

**SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES
OF HIGHER EDUCATION
(Continued)**

3. **Infrastructure Support.** Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater and thermal energy. The average rate per square foot is \$7.36.
4. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, 50 percent of indirect research costs recovered on grants, organized activities, scholarships, tuition revenue bond payments, Skiles Act bond payments, and facility lease charges. Institutions may receive an appropriation for special items. Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.

These formulas and supplemental items shall be reviewed and updated by study committees appointed by the Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor's Office of Budget and Planning by June 1, 2002.

Sec. 33. **Health Related Institutions Funding.** Funding for health related institutions shall consist of three formulas plus supplemental non-formula items.

1. **Instruction and Operations Support Formula.** The Instruction and Operations Support Formula shall provide funding on a per student or full time equivalent basis. Funding for each instructional program is based on the following funding weights per student, with a base value per weighted student of \$11,776:

<u>Program</u>	<u>Weight Per Student</u>
Allied Health	1.000
Biomedical Science	1.018
Nursing	1.138
Pharmacy	1.670
Public Health	1.721
Dental	4.601
Medical	4.753

Instructional programs with enrollments of less than 200 students at individual campuses shall receive additional funding to compensate for the diseconomies of scale. The minimum formula shall generate additional funding per student, on a sliding scale, with programs with small enrollments receiving more additional funding per student.

2. **Infrastructure Support Formula.** Funding to the health-related institutions for plant support and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for the health related institutions produced by the Space Projection Model developed by the Texas Higher Education Coordinating Board. The rate per square foot is \$11.54 for all health related institutions, excluding The University of Texas M. D. Anderson Cancer Center and The University of Texas Health Center at Tyler. For these two institutions, the per square foot rate is \$11.51.

Because the Space Projection Model does not account for hospital space, separate infrastructure funding for hospital space at The University of Texas Medical Branch at Galveston, The University of Texas M. D. Anderson Cancer Center, and The University of Texas Health Center at Tyler shall be included in the total funding for hospital and patient care activities.

**SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES
OF HIGHER EDUCATION
(Continued)**

3. **Research Funding.** The health-related institutions shall retain 100 percent of indirect research costs recovered on grants. Each institution also receives research enhancement funding of \$1,412,500 plus 2.50 percent of its research expenditures as reported to the Texas Higher Education Coordinating Board.
4. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance, workers' compensation insurance, unemployment insurance, public education grants, medical loans, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for special items. Hospital and clinic operations shall be funded through a combination of hospital and clinic revenue and general revenue.
5. **Formula Study Committees.** These formulas shall be reviewed and updated by study committees appointed by the Texas Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor's Office by June 1, 2002.
6. **Mission Specific Support.** The University of Texas M.D. Anderson Cancer Center and the University of Texas Health Center at Tyler do not provide formal medical education which qualifies for instruction support under subsection 1 above. Therefore, funding allocated to these institutions shall be based on the following criteria:
 - a. The University of Texas M.D. Anderson Cancer Center has a statutory mission to eliminate cancer through patient care, research, education, and prevention. General Revenue funds appropriated to The University of Texas M.D. Anderson Cancer Center in Strategy B.1.3, Science Park Operations, and Strategy D.1.1, Patient Care Activities, shall be based on the number of new cancer cases each year based upon population estimate projections of the state produced by the Texas State Data Center and California State Center Registry incidence rates used as a methodological source by cancer epidemiologists in Texas and throughout the country. General Revenue appropriations for fiscal year 2002 shall be based on the number of new cancer cases reported in 1999, and General Revenue appropriations for fiscal year 2003 shall be based on the number of new cancer cases reported in 2000. The rate per new cancer case shall be \$70.55 in fiscal year 2002 and \$68.97 in fiscal year 2003 for Strategy B.1.3, Science Park Operations; and \$318.94 in fiscal year 2002 and \$311.96 in fiscal year 2003 for Strategy D.1.1, Patient Care Activities.
 - b. The University of Texas Health Center at Tyler has a statutory mission to conduct research, develop diagnostic and treatment techniques, provide training and teaching programs, and provide diagnosis and treatment of inpatients and outpatients with respiratory diseases. General Revenue funds appropriated to The University of Texas Health Center at Tyler in Strategy A.1.1, Medical Education and Research Items, shall be based on the number of new primary chest disease diagnoses each year in Texas as reported by participating Texas hospitals in the Texas Hospital Association Patient Data System program. General Revenue appropriations for fiscal year 2002 shall be based on the number of new primary chest disease diagnoses reported in 1998, and General Revenue appropriations for fiscal year 2003 shall be based on the number of new primary chest disease diagnoses reported in 1999. The rate per primary chest diagnosis shall be \$4.65 for fiscal year 2002 and \$4.34 for fiscal year 2003.
 - c. The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Center at Tyler shall submit to the Legislative Budget Board, Governor's Office, and Texas Higher Education Coordinating Board a copy of the appropriate reports discussed above and supporting documentation which provides the necessary information to calculate the formula allocations in subsections (a) and (b) above.

Sec. 34. **Optional Retirement Program Differential.** Included in the appropriation to institutions of higher education in this act are general revenue amounts to offset local funds used for the optional retirement program employer contributions between 6 percent and 7.31 percent of salaries for employees who were on the state payroll or who were employed by a Public Community or Junior College as of August 31, 1995. These general revenue amounts are included in the funding formulas for general academic institutions and two-year institutions and in the base funding for other institutions of higher education.

Sec. 35. **Indirect Cost Recovery Earned by Texas A&M Services.** The Texas A&M University System Service agencies shall report to the Legislative Budget Board in their Legislative Appropriations Requests for 2004–2005 all indirect cost recovery revenue earned on research grants and contracts including amounts collected by the Research Foundation.

Sec. 36. **Fire Safety Projects at Institutions of Higher Education.** Because of the urgent nature of these projects, it is the intent of the Legislature that institutions of higher education that have major fire safety projects, identified by the State Fire Marshall's Office as not meeting the requirements of the National Fire Protection Association, *Life Safety Code*, 1994 Edition, remedy the fire safety issues and complete any related construction and renovation projects as soon as practical. Institutions shall consult with the State Fire Marshall's Office and develop a time line for completion of the projects. Institutions shall implement the interim safety precautions recommended by the State Fire Marshall's Office. The State Fire Marshall shall submit periodic reports to the House Appropriations Committee and Senate Finance Committee on the progress of institutions in remedying the fire safety issues.

Institutions of higher education shall notify parents of students living in dormitories identified by the State Fire Marshall's Office. The notice shall contain information about the actions needed to rectify noncompliance and the time frame in which the institution plans to make improvements in order to comply.

Sec. 37. **Gerontology Education.** It is the intent of the Legislature that institutions of higher education that have education or research programs on gerontology and the Department on Aging or other appropriate agencies collaborate to build partnerships with appropriate service providers, government agencies and businesses. It is the intent of the Legislature that institutions review current curricula for education programs that prepare health and human services professionals that serve adults to include both course work and clinical experiences that deal with problems in aging. Institutions of higher education should establish processes for receiving advice from experts in the field of aging on issues related to program development and evolution, curriculum quality, and supply and demand for graduates.

Sec. 38. **Developmental Education Performance Fund.** For institutions participating in the General Academic Developmental Education Accountability Pilot Program, funds appropriated in this article for developmental education shall be expended only for those costs associated with the operation of the developmental education program and a reasonable amount of indirect administration. The amounts shall be accounted for separately from other funds to ensure that the use of funds can be readily tracked for financial reporting and auditing purposes. Institutions may expend additional amounts for the purposes of developmental education.

Sec. 39. **Community and Technical College Developmental Education Funds.** For community and technical colleges participating in the Community and Technical College Developmental Education Accountability Pilot Program, funds appropriated in this article for developmental education shall be expended only for those costs associated with the operation of the developmental education program and a reasonable amount of indirect administration. The amounts shall be accounted for separately from other funds to ensure that the use of funds can be readily tracked for financial reporting and auditing purposes. Institutions may expend additional amounts for the purposes of developmental education.

**SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES

(Continued)**

Sec. 40. **Special Items.** It is the intent of the Legislature that actions taken to consolidate certain special items under the Institutional Enhancement strategy shall not in any way be construed to preclude actions to add special item funding for a statewide or broadly based initiative identified by the Legislature to address significant unmet needs.

Sec. 41. **Funding for Physical Education Courses.** No funds appropriated under this act shall be used for contact hours or semester credit hours for students who are registered solely for physical education, weight lifting, group exercises, aerobics, or related courses; have registered for the same such course more than once; and are not seeking a degree plan or certificate of completion of a course of study.

Sec. 42. **Faculty Salary Increase Report.** Each general academic institution shall report the average salary increase provided to faculty at the institution to the Legislative Budget Board and Governor's Office by January 31 of each fiscal year on a form prescribed by the Texas Higher Education Coordinating Board.

Sec. 43. **Endowed Chairs.** Out of funds appropriated to the Texas Higher Education Coordinating Board for Baylor College of Medicine, Houston; University of Texas Health Science Center at Houston; University of Texas Medical Branch at Galveston, each may expend up to \$1,000,000 out of funds appropriated in this Act to fund one endowed chair or professorship for spinal cord injury research. It is the intent of the Legislature that each institution pursue an equal amount of matching funds from the Institute of Rehabilitation and Research for each institution.

Sec. 44. **Status of Endowed Chairs at General Academic Institutions.** Each general academic institution that accepts donations for endowed chairs shall do the following:

- a. For each endowed chair that remains unfilled for a period of three consecutive years, the institution shall provide a report to the donor disclosing the vacant status of the chair.
- b. Beginning with the annual performance measure report for fiscal year 2002, report the average length of time in months endowed chairs have remained unfilled and the percent of endowed chairs unfilled within the fiscal year being reported.

The Legislative Budget Board, in consultation with representatives from institutions, the Texas Higher Education Coordinating Board, the Governor's Office, and the State Auditor's Office, shall develop a standard definition for these measures.

Sec. 45. **A&M Service Agencies' Infrastructure.** Funds identified as Infrastructure Support for Texas Agricultural Experiment Station, Texas Agricultural Extension Service, Texas Forest Service, Texas Veterinary Medical Diagnostic Laboratory, Texas Engineering Experiment Station, Texas Transportation Institute, and Texas Engineering Extension Service are to be applied to each agency's infrastructure needs in Brazos County under the Texas Higher Education Coordinating Board's recommended formula for the A&M service agencies' infrastructure. Each agency shall continue to work with the Texas Higher Education Coordinating Board as part of the ongoing formula advisory committee review process. Included in the Infrastructure Support strategy are funds formerly classified as Capital Equity and Excellence Funding.

(Continued)**

Sec. 46. **Inventory Performance Measure.** The general academic and health-related institutions shall report the following new performance measures beginning with the annual performance report for fiscal year 2002:

- a. Lost or stolen property reported to the Comptroller of Public Accounts as a percent of the total value of inventory.
- b. The total dollar value of inventoried property lost or stolen.

The Legislative Budget Board, in consultation with representatives from institutions, the Comptroller's Office, the Governor's Office, and the State Auditor's Office, shall develop a standard definition for these measures.

Sec. 47. **Donations for Scholarships.** For the first five years after receiving a donation which creates or endows a scholarship, a state university that fails to award a scholarship created or endowed by a donor shall annually notify the donor and the Higher Education Coordinating Board of that failure and shall cause notice of that failure to be published in the Texas Register. In the event that the aggregate amount of such scholarships which have not been awarded reaches \$250,000, the university shall also notify the Legislative Budget Board.

Sec. 48. **Endowed Programs.** A state university that, within five years of receiving a donation, diminishes its financial support from local funds for a program created or endowed by the donor, shall notify the donor, the Higher Education Coordinating Board and the Legislative Budget Board and shall cause that action to be published in the Texas Register. Upon application by the donor, the university shall return the donation or endowment.

Sec. 49. **Program Enhancement for the A&M Service Agencies.** Funds identified as Program Enhancement for Texas Agricultural Experiment Station, Texas Agricultural Extension Service, Texas Forest Service, Texas Veterinary Medical Diagnostic Laboratory, Texas Wildlife Damage Management Service, Texas Engineering Experiment Station, Texas Transportation Institute and Texas Engineering Extension Service are to be used to improve operational capacity. Each agency is directed to provide the Legislative Budget Board and the Governor's Office of Budget and Planning with a report by October 1 of each year detailing measures taken to improve operational and programmatic efficiency.

Sec. 50. **Capital Equity and Excellence Hold Harmless.** It is the intent of the Legislature that funding provided for general academic institutions for Capital Equity and Excellence Hold Harmless not be continued after the 2002-03 biennium.

Sec. 51. **Contingency Appropriation for Two-year Institutions of Higher Education.** After and contingent upon the Comptroller providing notice to the Legislative Budget Board regarding a finding of fact by the Comptroller of Public Accounts (at the time of certification or after certification of this Act) that sufficient revenue is estimated to be available from the General Revenue Fund, and following approval by the Legislative Budget Board, there is hereby appropriated to the Comptroller of Public Accounts, the amount of \$10,000,000 in general revenue funds to finance an increase in the contact hour funding formula for two-year higher education institutions, including the Public Community/Junior Colleges, Texas State Technical College components, and the Lamar State Colleges. Allocation of such amounts as available shall be made as approved by the Legislative Budget Board.

- * Sec. 52. **Utility Funding Increase for Public Higher Education Institutions.** Contingent upon a finding of fact by the Comptroller of Public Accounts at the time of certification of this Act, or after certification of this Act, that sufficient revenue is estimated to be available from the General Revenue Fund, and following approval by the Legislative Budget Board, there is hereby appropriated to the Comptroller of Public Accounts \$19,515,970 per fiscal year, or such amounts as may be available for

the purpose of funding increased utility costs at public institutions of higher education. Distribution of any amounts authorized shall be based on the Texas Higher Education Coordinating Board's infrastructure funding formula.

Sec. 53. **Housing Pilot Program.** As part of the review mandated in Section 49 (Formula Funding Study) the Higher Education Coordinating Board shall provide for a pilot program at the smallest public university within the Texas State University System in a county along the Texas/Mexico border. Notwithstanding the limitations elsewhere in this Act, the Legislature expressly finds that there is a demonstrated need to provide funding for improving student housing at a small university in this state in order to study the effect of formula funding on small institutions. The pilot program shall allow such university to use education and general funds for the limited purpose of providing student housing. The pilot program shall study the amount of revenue necessary at small universities to bond or otherwise pay for student housing in the event the limitations in Section 6, Subsection 8 (Appropriations Expenditure Authorization) or similar legislation remain in place. The board and the university shall report the results of the pilot program to the Legislative Budget Board no later than January 2, 2003.

Sec. 54. **Student Travel Policy.** Each governing board of an institution of higher-education shall adopt a policy regulating travel that is undertaken by one or more students presently enrolled at the institution to reach an activity or event that is located more than 25 miles from the institution that is organized and sponsored by the institution and that is funded by the institution, and the travel is undertaken using a vehicle owned or leased by the institution or required by a student organization registered at the institution.

Sec. 55 **Special Item Support.** Any appropriations made to special item support strategies throughout this article are intended to supplement existing programs and may not be used to supplant funds.

4. **Information Regarding Allocation of Full-time Equivalent Positions.** The following data regarding allocation of the “Number of Full-Time-Equivalent Positions” is provided for informational purposes only, and should not be construed as a cap on the number of FTEs in any one strategy: A.1.1. Strategy, Title IV-D Masters and Assistants Program (88.5 FTEs); A.6.1. Strategy, Foster Care Courts Program (30.0 FTEs); and A.7.1. Strategy, Indigent Defense (5.0 FTEs).
5. **Disaster Recovery, Data Operations, Seat Management, and Information Services at the Appellate Courts.** It is the intent of the Legislature that contract services for disaster recovery and data operations services, including seat management, at the appellate courts must be performed by the West Texas Disaster Recovery and Operations Center (West Texas DROC). Further, employees at appellate courts that perform on-site disaster recovery and data operations services, including seat management, must provide the same level of service available from West Texas DROC and may not be reimbursed by the Office of Court Administration from the A.2.1. Strategy, JCIT, in an amount that would exceed the cost of a contract with West Texas DROC. It is the intent of the Legislature that the appellate courts may not employ contractors or employees that provide services that duplicate the information services provided by the Office of Court Administration.
6. **Information Services for the Trial Courts.** Out of funds appropriated above in Strategy A.2.1, Judicial Committee on Information Technology, no less than \$1,888,344 shall be dedicated to providing information services for the Trial Courts.

Additionally, the “Number of Full-Time Equivalent Positions (FTE)” for the Strategy A.6.1, Foster Care Courts Program, includes 15 FTEs in fiscal years 2002 and 2003 funded from the Compensation to Victims of Crime Account No. 469. This appropriation is made pursuant to the authority found in § 56.54, Code of Criminal Procedure.
9. **District Court Performance Measures.** It is the intent of the Legislature that the Office of Court Administration report data for the district courts on a countywide basis and that the data measure countywide clearance rates for criminal, civil, and juvenile cases and measure age of cases disposed and the backlog index for criminal and civil cases. Further, the Office of Court Administration should revise its reporting system for the trial courts to simplify reporting, improve data collection and compliance, and streamline its annual report of the Texas judicial system.
10. **Appellate Court Performance Measures.** It is the intent of the Legislature that the current performance measures for the appellate courts continue to be used for caseload management by each court in accordance with uniform data reporting standards approved by the courts of appeals. Further, the appellate courts should continuously find ways to operate

(Continued)

efficiently without sacrificing the quality of justice while remaining true to the rule of law. Finally, the Office of Court Administration should continue to study whether the statistical data currently reported is presented in a clear, understandable format and what, if any, additional data should be collected.

11. **Equalization of Appellate Court Funding.** It is the intent of the Legislature that the Texas Judicial Council study issues involved in equalizing the funding of the sixteen appellate courts. The report shall include a comparison of current funding, staffing levels, caseload, and other appropriate variables. The Texas Judicial Council shall submit the report to the Legislative Budget Board and Governor no later than March 2002. The Office of Court Administration or its successor shall report data for district courts in such fashion that docket activity of visiting judges shall be segregated by court. It is the intent of the Legislature that the Texas Judicial Council prepare a report on current district court locations, populations served, docket activity and other appropriate variables that would inform a legislative determination on the need for creating additional district courts. The Texas Judicial Council shall submit the report to the Legislature and the Governor no later than January 2003.
13. **Contingency Appropriation: Senate Bill 7.** The amounts appropriated above in Strategy A.7.1, Indigent Defense are contingent on the enactment of Senate Bill 7, Seventy-seventh Legislature, Regular Session, or similar legislation. All court costs deposited into the Fair Defense Account (an account in the General Revenue Fund) are appropriated in Strategy A.7.1, Indigent Defense. Any court costs deposited in excess of \$7,889,000 in fiscal year 2002 and \$11,940,000 in fiscal year 2003 are hereby appropriated to the Office of Court Administration, Texas Judicial Council for the same purpose. Included above in Strategy A.7.1, Indigent Defense is \$649,600 in fiscal year 2002 and \$785,500 in fiscal year 2003 for the establishment and administration of the Task Force on Indigent Defense. The Task Force on Indigent Defense shall have authority to make grants to counties from the Fair Defense Account, with funds being disbursed by the Comptroller. Also contingent on the enactment of Senate Bill 7, or similar legislation, the "Number of Full-Time-Equivalent Positions (FTE)" indicated above includes 5.0 FTEs in both fiscal years 2002 and 2003. In no event shall the appropriation made or the additional FTEs provided by this section be used to offset the Office of Court Administration's administrative support provided to the Task Force on Indigent Defense without the explicit approval of the Task Force on Indigent Defense. Funds appropriated by this provision may be expended for capital budget purposes notwithstanding limitations on capital budget expenditures elsewhere in this Act.

SPECIAL PROVISIONS - JUDICIARY

Sec. 2. **Judicial Salary Enforcement.** Each District Court Judge and Justice of the Courts of Appeals shall file a sworn statement with the Comptroller of Public Accounts setting forth the yearly amounts to be received from state and county as salary payments during the ensuing fiscal year. Amended statements shall be filed setting forth any change in the salary rate which occurs during a fiscal year.

For the purpose of salary payments by the state, the Comptroller of Public Accounts shall determine from the filed statements that the required salary differential set out in VTCA, Government Code § 659.012 is maintained. In the event a salary is in excess of the differential provided by law, the Comptroller is directed to reduce the state's portion of that salary by the amount of excess.

The appropriations for salaries of District Court Judges and Justices of Courts of Appeals are made contingent upon strict compliance with the provisions of this section and the Comptroller shall have no authority to issue a warrant for salaries which violate these provisions.

Sec. 3. **Public Integrity Unit.** In Strategy A.1.10, Public Integrity Unit, Judiciary Section, Comptroller's Department, warrants shall be drawn as necessary to reimburse the District Attorney of the 53rd Judicial District for salary and expenses previously incurred. Sec. 6. **Voice Recording.** It is the intent of the Legislature that the Supreme Court and Court of Criminal Appeals will promulgate rules authorizing the use of voice or video recording technology, including CD ROM, to make a record of court proceedings. The Legislature does not intend that the recording be a substitute for the written transcript.

Sec. 7. **Systems Compatibility.** No funds shall be utilized to purchase information technology unless it interfaces with other courts and with the Office of Court Administration and complies with the plans filed with the Legislative Budget Board.

Sec. 8. **Appropriation: Unexpended Balances.** Any unexpended balances from appropriations made to the appellate courts for fiscal year 2001 are hereby appropriated to the same court for fiscal year 2002 for the same purposes (estimated to be \$1,000,000). Any unexpended balances from appropriations made to the appellate courts for fiscal year 2002 are appropriated to the same court for fiscal year 2003 for the same purposes. Once the cumulative total of transfers from an item exceeds \$100,000, notification shall be made of each transfer from that item thereafter, regardless of the amount. Such notification shall include the amount transferred, the strategies involved, and justification for the transfer. In addition, the Department of Public Safety is hereby prohibited from transferring any and all appropriations from Strategy B.1.4. into any other strategies without consent of the Governor and the Legislative Budget Board.

"Other direct and indirect costs" for the vehicle emissions inspection and maintenance program are estimated to be \$964,389 for fiscal year 2002 and \$1,364,699 for fiscal year 2003. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriations authority provided above to be within the amount of revenue expected to be available.

If additional counties are brought into the vehicle emissions inspection and maintenance program, 80 percent of revenues generated from the vehicle emissions and inspections fee in excess of the Comptroller's Biennial Revenue Estimate in each fiscal year 2002 and 2003 are hereby appropriated to the agency for the purpose of developing, administering, evaluating, and maintaining the vehicle emissions inspection and maintenance program in the additional counties. In addition, if additional counties are brought into the vehicle emissions inspection and maintenance program, the "Number of Full-Time-Equivalent Positions (FTE)" is further increased by 15 for fiscal year 2002 and 30 for fiscal year 2003, to implement the program in the additional counties.

For the purpose of this section, "hazardous position" shall mean one for which the regular and normal duties inherently involve the risk or peril of bodily injury or harm. Appropriations made in this Act not otherwise restricted in use may also be expended for medical tests and procedures on employees that are required by federal or state law or regulations when the tests or procedures are required as a result of the employee's job assignment or when considered necessary due to potential or existing litigation.

14. **Salaries, Education Professionals.**

- a. Each principal, supervisor, and classroom teacher employed in an institution operated by the Texas Youth Commission shall receive a monthly salary to be computed as follows: The applicable monthly salary rate specified in § 21.402, Texas Education Code, as amended, shall be multiplied by ten to arrive at a ten month salary rate. Such rate shall be divided by the number of days required in §21.401, Texas Education Code, for 10-month employees, and the resulting daily rate shall be multiplied by the number of on-duty days required of Texas Youth Commission educators, resulting in the adjusted annual salary. The adjusted annual salary is to be divided by 12 to arrive at the monthly rate. Salary rates for educational aides commencing employment before September 1, 1999, shall be calculated in the same manner, using 60 percent of the salary rate specified in § 21.402, Texas Education Code.
- b. The Texas Youth Commission may authorize salary rates at amounts above the adjusted annual salary determined in the preceding formula, but such rates, including longevity for persons commencing employment on September 1, 1983, or thereafter, and excluding hazardous duty pay, shall never exceed the rates of pay for like positions paid in the public schools of the city in which the Texas Youth Commission institution is located. Any authorized local increments will be in addition to adjusted annual salaries.
- c. There is hereby appropriated to the Texas Youth Commission from any unexpended balances on hand as of August 31, 2002, funds necessary to meet the requirements of this section in fiscal year 2003 in the event adjustments are made in the salary rates specified in the Texas Education Code or in salary rates paid by the public schools where Texas Youth Commission facilities are located.

Other commission employees may live in state-owned housing as set forth in Article IX, § 9.09, State Owned Housing - Recover Housing Costs, of this Act. YOUTH COMMISSION

(Continued)

The agencies shall together develop and implement a biennial strategic plan for the implementation of a more cohesive and effective Project RIO program which will emphasize necessary skill development, rehabilitation, and appropriate assessment of the offender prior to release. Not later than March 1, 2002, the biennial strategic plan, jointly prepared by the three agencies, and including specific strategies, measures, timeframes for program improvement, and a methodology for program evaluation, shall be submitted to the Legislative Budget Board and the Governor. With regards to appropriations for Project RIO, while total project funds are appropriated to the Texas Workforce Commission, interagency contracts are to be maintained during the 2002–03 biennium with the Texas Youth Commission at no less than the level maintained as of August 31, 2001.

18. **Training for GED and Reading Skills.** It is the intent of the Legislature that the Texas Youth Commission, to the extent possible, use funds appropriated above in Strategy B.1.1, Education and Workforce Programs, to prioritize reading at grade level and preparation for the GED in its educational program. Merit raises are prohibited for all Juvenile Correctional Officers who are receiving or are eligible to receive step adjustments in the career ladder system. 20. **Human Resources Management Plan.** From funds appropriated above, the Texas Youth Commission shall develop a Human Resources Management Plan designed to improve employee morale and retention. The plan must focus on reducing employee turnover through better management. The Texas Youth Commission shall report, by October 1 of each year of the biennium, to the Senate Finance Committee, the House Committee on Appropriations, the Legislative Budget Board, and the Governor's office the employee turnover rate, by job category, at the agency during the preceding fiscal year. The effectiveness of an agency's plan shall be measured by whether or not there is a reduction in annual employee turnover rates at the agency, specifically by the reduction in the turnover rates for juvenile correctional officers.
21. **Population Distribution Study.** The Texas Youth Commission (TYC) shall assess the effects of the size and distribution of TYC facilities across the state on the rehabilitation process. The assessment shall address the effects of family participation and the effects of gangs on the rehabilitation process. Moreover, the study shall address the effects of facility size, specifically with regards to the American Correctional Association recommendation that facilities not exceed 150 beds for optimal rehabilitation. This study and its results are not intended to be detrimental to existing TYC facilities. The Texas Youth Commission shall submit a report on its findings to the Governor and the Legislative Budget Board no later than December 1, 2002.
22. **Contingency Appropriation for House Bill 3064 and House Joint Resolution 97.** Out of funds appropriated above in Strategy A.1.3, Construct and Renovate Facilities, \$10,792,136 from general obligation bond or note proceeds is contingent on the enactment of House Bill 3064 and the adoption and voter approval of House Joint Resolution 97, or similar legislation,

SPECIAL PROVISIONS RELATING TO PUBLIC SAFETY AND CRIMINAL JUSTICE AGENCIES

Sec. 2. **Authorization to Receive, Administer, and Disburse Federal Crime Funds.** Out of funds appropriated above, the Texas Department of Criminal Justice, the Texas Juvenile Probation Commission, and the Texas Youth Commission, may allocate matching funds in order to secure federal grants for the construction, expansion, renovation, and operation of correctional facilities and services, as authorized by federal legislation. These agencies are authorized to receive and disburse, in accordance with plans acceptable to the responsible federal agency, all federal monies that are made available to the state for programs, projects, or services that otherwise could not be funded or undertaken without the receipt of such funding. Such federal funds are hereby appropriated to the specific purpose or purposes for which they are granted or otherwise made available. At least 14 days prior to any expenditure of such federal funds, documentation of the proposed use of the funds shall be provided to the Legislative Budget Board and the Governor.

Sec. 3. **Purchase of TDCJ Products.** It is the intent of the Legislature that state public safety and criminal justice agencies use products produced by the Texas Department of Criminal Justice to the greatest extent possible when either renovating existing facilities or constructing new facilities.

Sec. 4. **Prioritization of DNA Samples.** It is the intent of the Legislature that the Texas Department of Criminal Justice (TDCJ) prioritize the drawing of blood samples from inmates for the purpose of having these samples processed for DNA information needed for entry into the Department of Public Safety's (DPS) DNA database. The factors to be weighed by TDCJ shall include the severity of the offense, and the proximity to the time of release for the offender. It is also the intent of the Legislature that DPS prioritize any samples received prior to this Act taking effect with assistance from TDCJ using the above mentioned factors. At any time, DPS may request that TDCJ prioritize any particular sample for drawing and shipping to DPS, if DPS has information to the effect that the sample may provide evidence vital to a criminal investigation or judicial proceeding.

2. **Contingency Cash Flow.** If the Legislative Budget Board and Governor determine after review of relevant information that cash flow difficulties will occur as a result of the appropriations made above, the board and Governor may authorize the Texas Natural Resource Conservation Commission (TNRCC) to temporarily expend general revenue funds for the purpose of meeting the temporary cash flow needs of TNRCC, limited to the amounts appropriated above. The transfer of funds shall be repaid to the General Revenue Fund by the end of the fiscal year in which the funds were transferred under procedures and standards established by the Comptroller of Public Accounts.
3. **Authorization: Aircraft Chartering.** Notwithstanding any other provision of this Act, the Texas Natural Resource Conservation Commission is authorized to spend appropriated funds for the chartering of aircraft for the purposes of monitoring environmental quality, and the enforcement of environmental and water rights laws of the State.
4. **Waste Facility Application Fees.** Amounts appropriated above, out of the Waste Management Account No. 549, include and shall not exceed \$75,000 in each fiscal year of the biennium from permit application fees assessed by the agency for industrial solid waste and hazardous waste facilities as authorized by Health and Safety Code § 361.137.
5. **Authorization: Water and Air Program Fee Rates and Revenue Appropriation.** To provide for the recovery of costs of processing applications, the following fee rate is established

NATURAL RESOURCE CONSERVATION COMMISSION

(Continued)

pursuant to Subchapter E, Chapter 316, Government Code, to be effective during the biennium covered by this Act.

The maximum rate for the fees authorized under § 5.235(b) and § 5.235(c), Water Code, shall be \$2,000.

The maximum rate for fees authorized under § 382.062 of the Health and Safety Code shall be \$80,000.

6. **Appropriations Limited to Revenue Collections: Automobile Emission Inspections.** Included in amounts appropriated above out of the Clean Air Account No. 151 in Strategy item A.1.4, Air Quality Assessment and Planning, is \$1,400,000 in each year of the biennium for the operation of the vehicle emissions inspection and maintenance program pursuant to Section 382.037, Health and Safety Code and Executive Order GWB96-1. These funds are for the purpose of developing, administering, evaluating, and maintaining the vehicle emissions inspection and maintenance program, including federally required reporting measures to demonstrate compliance with applicable federal and state laws.

In addition to the amounts appropriated above, to implement mandatory changes in the vehicle emissions inspection and maintenance program, an additional \$76,000 in automobile inspections fee revenues is appropriated to the Natural Resource Conservation Commission in fiscal year 2002 and an additional \$228,200 is appropriated in fiscal year 2003 out of the Clean Air Account No. 151.

In addition, if additional counties are brought into the vehicle emissions inspection and maintenance program, 20 percent of revenues generated from the vehicle emissions and inspections fee in the additional counties in each fiscal year 2002 and 2003 are hereby appropriated to the agency for the purpose of developing, administering, evaluating and maintaining the vehicle emissions inspection and maintenance program in the additional counties.

It is the intent of the Legislature that 20 percent of the fees authorized and generated by the operation of the vehicle emissions inspection and maintenance program cover, at a minimum, the costs of the appropriations made above, as well as the "Other direct and indirect costs" associated with the program, appropriated elsewhere in this Act. "Other direct and indirect costs" for the vehicle emissions inspection and maintenance program are estimated to be \$139,350 for fiscal year 2002 and \$148,219 for fiscal year 2003. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

7. **Local Air Pollution Grants Allocation.** Included in the amounts appropriated above an amount not less than \$2,800,000 out of the Clean Air Account No. 151 in Strategy A.1.4, Air Quality Assessment and Planning, in each year of the biennium shall be utilized to fund grants or cooperative agreements with eligible local air pollution programs under § 382.0622, Health and Safety Code. It is provided, however, that the combined federal and state share of the funding for any such local air pollution programs shall not exceed 67 percent of the total allocation to the programs, with the local share being based on the local dollars allocated pursuant to maintenance-of-effort requirements for federal air pollution grants.
8. **Fee Revenue: Pollution Control Equipment Exemptions.** Pursuant to § 11.31, Tax Code, included in amounts appropriated above out of the General Revenue Fund in Strategy A.1.7, Pollution Prevention and Recycling, is \$133,600 each fiscal year from fee revenue

9. **Authorization: Operating Fund.** The Texas Natural Resource Conservation Commission (TNRCC) is hereby authorized to make transfers from any appropriation made to TNRCC into a single account in the General Revenue Fund known as the "Texas Natural Resource Conservation Commission Operating Fund" for the purpose of making expenditures for which appropriations were made in this Act. After the expenditures have been made from the fund and as soon as the proper strategies have been identified, TNRCC shall process adjustments to the Comptroller in summary accounts to facilitate accurate cost allocations; provided, however, that each special account and fund shall be used for the purposes as now described by law and nothing shall be done to jeopardize or divert the special accounts and funds or any portion thereof including federal aid.
10. **Water Resource Fees.** Included in amounts appropriated above out of the Water Resource Management Account No. 153, is \$3,488,709 each fiscal year from fees collected pursuant to the provisions of Health and Safety Code, Chapter 341, for the biennium beginning with the effective date of this Act, for the purpose of implementing the provisions of that statute and the Federal Safe Drinking Water Act.

The Texas Natural Resource Conservation Commission (TNRCC) and the State Office of Administrative Hearings may not enter into a contract for an amount less than the amounts specified herein. If the State Office of Administrative Hearings determines, at the end of each fiscal year, that the amount paid under the contract exceeds the necessary funding, it shall refund the difference to TNRCC. If the State Office of Administrative Hearings determines that the amounts are insufficient to fund the Natural Resources Division, the State Office of Administrative Hearings may enter into negotiations with TNRCC in order to renegotiate the interagency contract to provide additional funds for administrative hearings. This requirement shall be a part of any contract entered into by the department and contracting entities. Failure of a contracting party to provide full accounting of state funds expended under the terms of any contract under the conditions stated above shall be sufficient reason to terminate that contract and for the department to deny any future contracts to that contracting party.

3. **Housing Assistance.** The housing finance division shall adopt an annual goal to apply no less than \$30,000,000 of the division's total housing funds toward housing assistance for individuals and families in which the annual family income does not exceed the following amounts based on the number of persons in the family:

Number of Persons in the family	Maximum annual Income
1 Person	\$13,000
2 Persons	\$16,000
3 Persons	\$17,000
4 Persons	\$19,000
5 Persons	\$21,000

For each additional person add \$1,500. No less than 20 percent of the division's total housing funds shall be spent for individuals and families earning between 31 percent and 60 percent of median family income. In those counties where the median family income is lower than the state average median family income, the department shall use the average state median income in interpreting this rider. The department shall provide a quarterly report to the Legislative Budget Board documenting its expenditures in each income category.

4. **Coordination with Texas Water Development Board.** The Texas Department of Housing and Community Affairs (TDHCA) and the Texas Water Development Board (TWDB) shall continue to coordinate funds as outlined in a Memorandum of Understanding (MOU) so as to assure that none of the funds appropriated above are expended in a manner that aids the

proliferation of colonias or are otherwise used in a manner inconsistent with the intent of the Economically Distressed Areas Program (EDAP) operated by the Texas Water Development Board (TWDB); and maximize delivery of the funds and minimize administrative delay in their expenditure. The MOU shall be amended, if necessary, prior to the distribution of the Colonia Fund in fiscal years 2002 and 2003. In distributing funds out of the Colonia Fund, the TDHCA shall provide top funding priority to those projects that are in EDAP-funded areas and which assist colonia residents who cannot afford the cost of service lines, hook-ups, and plumbing improvements associated with being connected to an EDAP-funded system. None of the funds appropriated above for Strategy B.2.1, Development Projects Grants, may be expended in EDAP-eligible counties that have not adopted, or are not enforcing, the Model Subdivision Rules established pursuant to § 16.343 of the Water Code. No later than September 15, 2002, the TDHCA and the TWDB shall submit a joint report to the Legislative Budget Board that describes and analyzes the effectiveness of projects funded as a result of coordinated Colonia Fund/EDAP efforts including an estimate of the amount each agency has saved by reduced duplication of efforts.

5. **Reimbursement of Advisory Committee Members.** Pursuant to VTCS, Government Code § 2110.004, reimbursement of expenses for advisory committee members, out of funds appropriated above, is limited to the following advisory committees:

Texas Weatherization Policy Advisory Council
State Interagency Council for the Homeless
Consolidated Plan/State Low Income Housing Plan Committee
State Community Development Review Committee
Colonia Residents Advisory Committee
Colonia Advisory Committee

6. **Local Site Visits.** From monies appropriated above, when the Texas Department of Housing and Community Affairs receives a letter from the mayor or county judge of an affected city or county opposing an application for a federal tax incentive to develop rental housing, a site visit by an employee of the Texas Department of Housing and Community Affairs with the mayor or county judge or their designated representative shall take place within 30 days following notification. The site visit must occur before the incentive can be approved. The Texas Department of Housing and Community Affairs is authorized to obtain reimbursement from the applicant for a federal tax incentive for necessary travel and expenses at a rate not to exceed the federally authorized rate.
7. **Low/Moderate Income Housing Construction.** Out of the funds appropriated above, not less than \$500,000 each year of the biennium shall be expended on low/moderate income housing construction in enterprise zone areas.
8. **Low Income Assistance: Scoring Criteria.** It is the intent of the Legislature that the department add to its contract award scoring criteria for the construction, acquisition, or rehabilitation of single and multi-family housing, and for the operation of multi-family housing, a system that gives increased points for comprehensive services to low-income citizens, such as case management, home-buyer assistance, and family budgeting. The department is also encouraged to develop a sliding scale fee schedule for the low-income tax credit program and the 501c(3) bond program to encourage increased participation by non-profit entities such as community development housing organizations.

9. **Limitation on Expenditure.** Under Strategy A.1.4, Federal Tax Credits, no funds shall be used for processing or approving applications for allocations unless the department adopts or amends administrative rules containing the following:
 - a. All representations made by an applicant for an allocation are enforceable by the department, including enforcement by administrative penalties for failure to perform as stated in the representations and enforcement by inclusion in deed restrictions to which the department is a party.
 - b. The department shall inspect all construction for quality during the construction process while defects can reasonably be corrected.
 - c. A general contractor hired by an applicant or an applicant, if the applicant serves as general contractor, must demonstrate a history of constructing similar types of housing without the use of federal tax credits.
 - d. The department shall give notice of a proposed project to the state representative and senator representing the area where a project would be located. The state representative or senator may hold a community meeting at which the department shall provide appropriate representation.
 - e. The department shall allocate credits among as many different entities as practicable without diminishing the quality of the housing that is built.
10. **Appropriation: Manufactured Homeowner Consumer Claims.** In addition to appropriations in Goal E, Manufactured Housing, the Department of Housing and Community Affairs is appropriated an amount, not to exceed \$50,000 per year for the biennium, required for the purpose of paying manufactured housing consumer claims according to VTCS, Article 5221f, from title transaction fees involving manufactured housing collected and deposited in the General Revenue Fund during the 2002–03 biennium.
11. **Appropriations Limited to Revenue Collections.** It is the intent of the Legislature that fees, fines, and other miscellaneous revenues as authorized and generated by the agency cover, at a minimum, the cost of the appropriations made above for the strategy items in Goal E, Manufactured Housing, the cost of the appropriations required for manufactured housing consumer claims payments according to VTCS, Article 5221f, as well as the “other direct and indirect costs” associated with this goal, appropriated elsewhere in this Act. “Other direct and indirect costs” for Goal E, Manufactured Housing, are estimated to be \$921,641 for fiscal year 2002 and \$958,563 for fiscal year 2003. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.
12. **Mortgage Revenue Bond Program.** The Department of Housing and Community Affairs (TDHCA) shall operate the First-Time Homebuyer Mortgage Revenue Bond Program in a manner that maximizes the creation of very low-income single family housing by ensuring that at least thirty percent of the lendable bond proceeds are set aside for a period of one year for individuals and families at sixty percent and below the area median family income (AMFI), while assuring the highest reasonable bond rating. In an effort to facilitate the origination of single family mortgage loans to individuals and families at sixty percent and below the AMFI, the department shall utilize down payment and closing cost assistance or other assistance methods.
13. **Conversions of Executory Contracts.** Out of the funds appropriated above, the department shall spend not less than \$4,000,000 for the biennium for the sole purpose of contract

for deed conversions for families that reside in a colonia and earn 60 percent or less of the applicable area median family income. It is the intent of the Legislature that the department complete at least 400 contract for deed conversions by August 31, 2003.

14. **Administrative Allocation: Councils of Governments.** From the federal administrative monies made available to the department under the Community Development Block Grant Program, an amount equal to 19 percent of such monies shall be allocated to councils of government to continue staff support to the 24 Regional Review Committees of local elected officials appointed by the Governor.
15. **Appropriation: Housing Trust Fund Interest Earnings and Loan Repayments.** Interest earnings and loan repayments received from loans made through the Housing Trust Fund program from amounts appropriated out of the General Revenue Fund for Strategy A.1.1, Housing Trust Fund, estimated to be \$250,000 each year, are hereby appropriated to the Housing Trust Fund established under § 2306.201, Government Code, to be used for the same purpose.
16. **Unexpended Balances, Grants, and Contracts.** Any unexpended general revenue balances remaining in Strategy A.1.1, Housing Trust Fund, as of August 31, 2001, are appropriated to the same strategy as of September 1, 2001. Any funds from grants or contracts executed before September 1, 2002, or from prior fiscal years from Strategy A.1.1, Housing Trust Fund, subsequently returned to the Department of Housing and Community Affairs that are not expended for the same purpose as of August 31, 2002, are appropriated to Strategy A.1.1, Housing Trust Fund, as of September 1, 2002, for the same purposes. Beginning September 1, 2002, any funds from grants or contracts executed before September 1, 2003, or from prior fiscal years from Strategy A.1.1, Housing Trust Fund, subsequently returned to the Department of Housing and Community Affairs are appropriated to Strategy A.1.1, Housing Trust Fund, for the same purposes.
17. **Sunset Contingency.** Funds appropriated above for fiscal year 2003 for the Texas Interagency Council for the Homeless and the Texas State Affordable Housing Corporation are made contingent on the continuation of the Texas Department of Housing and Community Affairs by the Legislature. In the event that the agency is not continued, the funds appropriated for the fiscal year 2002 or as much thereof as may be necessary are to be used to provide for the phase out of agency operations.
18. **Colonia Advisory Committee.** Of the amounts appropriated above to the Department of Housing and Community Affairs in Strategy B.2.2. Colonia Service Centers, the amount of \$6,000 in fiscal year 2002 and the amount of \$6,000 in fiscal year 2003 is intended for the purpose of establishing a Colonia Advisory Committee to advise the Board on the needs of colonia residents and the effectiveness of the department's policies. The committee shall consist of one colonia resident, one representative of a nonprofit organization that serves colonia residents, one local government representative, one private-interest person in banking or land development, and one public member. All members would be appointed by the board and, with the exception of the public member, must reside within 150 miles of the Texas-Mexico border.
19. **Colonia Annual Assessment.** Of the amounts appropriated above to the Department of Housing and Community Affairs in Strategy B.2.2. Colonia Service Centers, the amount of \$10,000 in fiscal year 2002 and the amount of \$10,000 in fiscal year 2003 is intended for the purpose of developing an annual assessment of colonia resident needs and a biennial action plan to address the needs. The department shall collect information on the demand for contract for deed conversion, self-help housing, consumer education, and other colonia resident services in counties within 150 miles of the Texas-Mexico border. The Office of Colonia Initiatives should prepare a biennial action plan by January 1 of each fiscal year to list policy goals for its colonia programs, the strategies to meet the goals, and the expected outcomes.

20. **Contingent Revenue.** Of the amounts appropriated above to the Texas Department of Housing and Community Affairs in Strategy C.2.1. Energy Assistance Programs, the amounts of \$7,178,000 in fiscal year 2002 and \$10,767,000 in fiscal year 2003 in General Revenue (System Benefit Fund) are contingent on the Public Utility Commission's assessing a rate sufficient to generate the estimated needs of the System Benefit Fund. The Public Utility Commission, upon completion of necessary actions for the assessment, shall furnish copies of the Public Utility Commission's order and other information supporting the estimated revenues to be generated for the 2002–03 biennium to the Comptroller of Public Accounts. If the Comptroller finds the information sufficient to support the projection of revenues, a finding of fact to that effect shall be issued and the contingent appropriation shall be made available for the intended purpose.
21. **Ex Parte Contacts.** The Texas Department of Housing and Community Affairs shall draft and implement formal rules by January 1, 2002, which prohibit members of the board from having any ex parte contacts with any individual or company who has applied to the department for assistance, except as specifically authorized by statute or rule.
24. **Bond Refinancing.** The department shall transfer any funds acquired through refinancing of bonds to the Housing Trust Fund. The first \$3 million each fiscal year in savings from the refinancing of any bonds shall be used to fund mortgage loans under the Bootstrap Self-Help Housing Loan Program.
25. **Colonia Set-Aside Program Allocation.** The Texas Department of Housing and Community Affairs shall continue the Community Development Block Grant (CDBG) Colonia Set-Aside Program by allocating not less than 10 percent of the yearly allocation of CDBG funds for eligible activities to assist in providing for the housing, planning, and infrastructure needs in colonias. From this 10 percent yearly allocation, \$2,000,000 shall be reserved to provide financial assistance to units of general local government located in economically distressed areas as defined by § 17.921, Water Code, to pay for residential service lines, hookups, and plumbing improvements associated with being connected to a water supply or sewer service system, any part of which is financed under the economically distressed areas program established under Subchapter J, Chapter 16, Water Code and Subchapter K, Chapter 17, Water Code. The department by rule shall provide that an application for assistance under the program hereby authorized may be submitted after construction of the water supply or sewer service system begins. The department shall approve or disapprove a timely application before construction of the water supply or sewer service is completed in order to eliminate delay in connection once construction is completed. The department shall coordinate the application process with the Texas Water Development Board to avoid duplication of effort and the necessity for applicants to submit dual applications.

In addition, the department shall allocate 2.5 percent of the CDBG monies to support the operation of Self-Help Owner-Builder Housing Programs. In operating the Self-Help Owner-Builder Housing Program, the department shall provide \$2.5 million each year from any source available to the department except CDBG funds to fund the administration and operations of the Self-Help Owner Builder Housing Centers.

26. **Sunset Contingency.** Funds appropriated above for fiscal year 2003 for the Texas Department of Housing and Community Affairs are made contingent on the continuation of the Texas Department of Housing and Community Affairs by the Legislature. In the event the agency is not continued, the funds appropriated for fiscal year 2002 or as much thereof as may be necessary are to be used to provide for the phaseout of agency operations and the transfer of agency programs to other agencies. 52. **Colonia Access Program.** Out of funds appropriated above in Strategy A.1.3, Highway Construction, the Texas Department of Transportation shall expend funds to establish a transportation program to improve access to colonias. The program shall be limited to counties within the El Paso, Laredo, and Pharr highway districts to improve the quality of roads for approximately 400,000 Texans who live in colonias.

In developing the rules and procedures for this program, the Texas Department of Transportation shall consult with the Office of the Governor, the Secretary of State, the Texas Water Development Board, and the Texas A&M University Center for Housing and Urban Development. It is the intent of the Legislature that the factors to be considered should include colonia population, condition of current roads, school bus routes, and access to other parts of the region.

53. **Agency Coordination with Northside Redevelopment Center.** The Department of Transportation shall establish a working relationship with the Northside Redevelopment Center in Houston and shall coordinate their efforts to advance the redevelopment of North Main Street considering that North Main Street was once the Montgomery Highway and then a highway spur. The department shall provide each member of the House and Senate, whose legislative district is affected, quarterly reports on their progress coordinating efforts with the Northside Redevelopment Center.
54. **Summer Interns.** Out of individuals hired for the Summer Hire Program, the department shall hire no less than 10 interns each year for the Texas Prefreshman Engineering Program (TexPREP).
55. **Property Asset Management.** Within 90 days from September 1, 2001, the department may appeal to the Governor the findings in the General Land Office's Real Property Valuation Report. During each year of the biennium, the department shall initiate a sale or lease of no less than 50 percent of the department's unsold and/or unleased properties identified and certified by the Governor in the General Land Office's Real Property Valuation Report. The department shall report quarterly to the Governor, the Comptroller, and the Legislative Budget Board its progress in meeting this charge. The department shall report any activity related to such properties to the General Land Office in a manner prescribed by the General Land Office.

Ten percent of the amount realized from the sale or lease of any property identified in the report is hereby appropriated to A.1.1, Strategy: Plan/Design/Manage, and 10 percent is hereby appropriated to A.1.5, Strategy: Routine Maintenance. Any unexpended balances remaining as of August 31, 2002, from appropriation increases realized from the sale or lease of property identified in the report, are hereby appropriated for the same purposes as of September 1, 2002.

DEPARTMENT OF TRANSPORTATION

(Continued)

On August 1 of each year, the Legislative Budget Board shall determine if the department has initiated the process to sell or lease the required amount of properties during each year and shall submit a report of these findings to the Governor. If the department does not initiate the process to sell or lease the required amount of properties during the first year of the biennium, a 7 percent capital charge may be assessed by the Legislative Budget Board and the Governor and reported to the Comptroller on any unsold and/or unleased properties identified and certified by the Governor in the General Land Office's Real Property Valuation Report for which a process has not been initiated.

The capital charges shall be calculated by the department on or before January 1, 2003, and detailed in a report to the Legislative Budget Board, the Governor, and to the Comptroller of Public Accounts. Appropriations in this Act in B.1.1 Strategy: Central Administration, and B.1.4, Strategy: Regional Administration, shall be reduced by the amount calculated so that the total amount reduced shall equate to the capital charge assessed, and shall be transferred to A.1.3, Strategy: Highway Construction, on or before January 31, 2003. The department may submit to the Legislative Budget Board a request for amounts to be reduced from specified strategies. Upon approval by the Legislative Budget Board, the timing of the transfer may be adjusted as necessary.

56. **Waste Tire Recycling.** It is the intent of the Legislature that the Texas Department of Transportation communicate and work with industries in all counties to maximize the use of tire recycling projects including but not limited to, civil engineering, highway construction, and land reclamation projects.

The department shall evaluate its progress and report to the Legislature and the Legislative Budget Board by January 1, 2003.

57. **Green Ribbon Project Expansion.** It is the intent of the Legislature that the Department of Transportation expand the Green Ribbon Project, a public-private partnership initiative to enhance the appearance of public highways by incorporating in the design and improvement of public highways the planting of trees and shrubs, emphasizing natural beauty and greenspace, integrating public art, and highlighting cultural uniqueness of neighborhoods, to other areas of the state.

Furthermore, in non-attainment and near non-attainment areas, in connection with a contract for a highway project, the department shall allocate to the district or districts in which the project is located an amount equal to not less than one half of one and not to exceed one percent of the amount to be spent under the contract for construction, maintenance, or improvement of the highway. If two or more districts share an allocation under this section, the districts shall divide the allocation according to the portion of the amount under the contract that will be spent in each district. A district that receives an allocation under this rider shall spend not less than one half of the allocation for landscaping and other enhancements included in the Green Ribbon program as improvements associated with the project that was the subject of the contract. The district may spend the allocated money that is not used for landscaping improvements associated with the project that was the subject of the contract for landscaping improvements associated with another highway or highway segment located in the district.

For purposes of this rider, landscape improvements means planting of indigenous or adapted trees and other plants that are suitable for the climate in which they will be located, and preparing the soil and installing irrigation systems for the growth of the trees and plants. In non-attainment and near non-attainment areas, the district or districts shall, to the extent possible, use trees and plants that help mitigate the effects of air pollution.

60. **Tourist Information Center.** From funds appropriated above, the Texas Department of Transportation shall allocate \$100,000 each year of the biennium for the establishment of a tourist information center in the Rio Grande Valley contingent on the donation of property and a facility by a local municipality. The tourist information center must be located on a major highway.
61. **Commuter Rail Feasibility Study.** The Texas Department of Transportation shall conduct a feasibility study for a commuter rail along US 90A and the proposed connection with the Metropolitan Transit Authority of Harris County's proposed light rail mass transit system in the city of Houston. The study shall focus on the economic, financial, and transportation impact of commuter rail service on the cities of Houston, Missouri City, Stafford, Sugar Land, Richmond, and Rosenberg. The Texas Department of Transportation shall contribute an amount not to exceed \$175,000 for contracting with the Metropolitan Transit Authority, Harris County, and the cities included in the study to share the cost of the study.
62. **Railroad Infrastructure.** From funds appropriated above, the Texas Department of Transportation shall allocate \$300,000 for the purchase of abandoned railroad right-of-way within and adjoining the Northeast Texas Rural Rail District.
63. **Border Inspection Facilities.** It is the intent of the Legislature that before funds are expended for the purpose of building a co-located facility which would serve as a commercial motor vehicle inspection facility, border inspection station, or a centralized border inspection station that the department sign an agreement with the governing board of the municipality in which the facility is to be located which states that the location, plans, and implementation strategy for the proposed facility are acceptable to all parties involved.
64. **Loan Guarantee.** Out of funds appropriated above, the department may guarantee a loan in an amount not to exceed \$1,700,000 to support upgrades to Amtrak passenger rail service between Dallas and Shreveport. Pursuant to Transportation Code Chapter 456, the department may enter into a loan agreement for this purpose and may require security for said loan guarantee.
65. **Causeway Construction.** Out of funds appropriated above in A.1.3. Strategy: Highway Construction, the department may allocate \$10 million for South Padre Causeway construction costs during the biennium.
66. **Reimbursement Revenue Appropriation.** The Texas Turnpike Authority shall pay the Texas Department of Transportation an interest rate of six percent per year on amounts advanced for toll projects received during the biennium.

In addition to amounts appropriated above, the Texas Department of Transportation is hereby appropriated all reimbursements (estimated to be \$90,000,000) and interest received from amounts advanced for toll projects as follows:

- a. The amounts in Strategy A.1.1, Plan/Design/Manage, are hereby increased by \$40,000,000 plus interest thereon.

- c. Any additional money, including interest, shall be divided between Strategy A.1.1, Plan/Design/Manage, and the capital budget in the same proportion as set out above.

STATE OFFICE OF ADMINISTRATIVE HEARINGS

(Continued)

1. **Interagency Contracts.** In executing interagency contracts with state agencies under the jurisdiction of the State Office of Administrative Hearings, the State Office of Administrative Hearings shall establish procedures which will allow agencies to establish a limitation on the aggregate billable amount for a fiscal year.
2. **Renegotiation of Lump Sum Contracts.** Appropriations made above to Strategy A.1.1, Conduct Hearings, include \$938,860 in fiscal year 2002 and \$938,860 in fiscal year 2003 to fund the Natural Resources Division for the purpose of conducting hearings for the Texas Natural Resource Conservation Commission, appropriations made above to Strategy A.1.1, Conduct Hearings, include \$711,938 in fiscal year 2002 and \$711,938 in fiscal year 2003 to fund the Utility Division for the purpose of conducting hearings for the Public Utility Commission of Texas, and appropriations made above to Strategy A.1.1, Conduct Hearings, include \$2,524,586 in fiscal year 2002 and \$2,489,295 in fiscal year 2003 to fund the Administrative License Revocation program for the purpose of conducting hearings for the Department of Public Safety. The State Office of Administrative Hearings, the Natural Resource Conservation Commission, the Public Utilities Commission and the Department of Public Safety may not enter into a contract for an amount less than the specified amounts herein above. If the State Office of Administrative Hearings determines, at the end of each fiscal year, that the amount paid under a contract exceeds the funding necessary for the division funded by that contract, it shall refund the difference. If the State Office of Administrative Hearings determines that these amounts are insufficient to fund either of the named divisions or the Administrative License Revocation program, the State Office of Administrative Hearings may enter into negotiations with the agencies named above in order to renegotiate an interagency contract in a manner which will provide additional funds to the State Office of Administrative Hearings, provided that the State Office of Administrative Hearings shall not be appropriated any state funds from such renegotiated interagency contracts until the State Office of Administrative Hearings gives prior written notice to the Legislative Budget Board and the Governor, accompanied by written permission of the affected agency.
3. **Benefit Collection.** Those State of Texas agencies that enter into contracts with the State Office of Administrative Hearings (SOAH), for the purpose of performing the hearings function, and make payments to SOAH from funding sources other than general revenue, must reimburse SOAH for employee benefit costs for salaries and wages. These reimbursements to SOAH will then be paid to the General Revenue Fund in proportion to the source of funds from which the respective salary or wage is paid.
4. **Contingency Appropriation for Expanded Jurisdiction.** Contingent on the enactment of legislation by the Seventy-seventh Legislature transferring the hearings functions of other state agencies to the State Office of Administrative Hearings (SOAH), or otherwise expanding the jurisdiction of the office, SOAH is hereby authorized to expend funds transferred to the office from those agencies or funds appropriated for the purpose of handling the expanded jurisdiction, pursuant to provisions elsewhere in this Act. Appropriations authorized pursuant to this provision may be expended only to implement the transferred functions or expanded jurisdiction. All funds collected by SOAH as payment for, or reimbursement of, the office's costs of providing services to other state agencies or governmental entities, or others as directed by the Legislature, are appropriated to SOAH for its use during the biennium.
5. **Hearings Activity Report.** By May 1st and November 1st of each fiscal year, the State Office of Administrative Hearings shall submit to the Legislative Budget Board and the Governor's Office of Budget and Planning a report detailing hearings activity conducted during the prior two fiscal year quarters. The report shall indicate, for each agency served, the person hours allocated to the agency's cases and the cost, both direct and indirect, of conducting the hearings. The report shall also indicate, for each agency served, the number of cases received, the number of cases disposed of, the number of administrative fine cases disposed of and the

median number of days between the date a case is received by the State Office of Administrative Hearings and the date the case is finally disposed of, during the reporting period.

6. **Interagency Contract for Administrative Law Judge Training.** Out of funds appropriated above, the State Office of Administrative Hearings shall enter into a contract in the amount of \$25,000 with the Texas Center for the Judiciary for training of Administrative Law Judges. Any amounts not expended as of August 31, 2002, are appropriated for the fiscal year beginning September 1, 2002.
7. **Billing Rate for Excess Workload.** Contingent on the referral to the State Office of Administrative Hearings of unanticipated levels of work by any agency for which the State Office of Administrative Hearings provided service during the 2000–01 biennium, the State Office of Administrative Hearings is authorized to bill that agency at a rate of \$90 per hour for each hour of work performed during each fiscal year of the biennium that exceeds by ten percent that agency's average annual workload (case related hours) handled by the State Office of Administrative Hearings for the 2000–01 biennium. This rider applies only to agencies that have hearing costs paid through an appropriation of General Revenue to the State Office of Administrative Hearings based upon hearing costs from previous fiscal years.
8. **Contingent Appropriation for House Bill 1618.**
 - a. The following provisions are contingent upon the enactment of House Bill 1618, or similar legislation that would assess an additional fee on drivers license reinstatements, the State Office of Administrative Hearings (SOAH) is hereby appropriated \$391,120 in fiscal year 2002 and \$162,120 in fiscal year 2003 out of the General Revenue Fund. In the "Method of Financing," the General Revenue Fund amounts shall be increased by \$391,120 in fiscal year 2002 and \$162,120 in fiscal year 2003, and the Interagency Contracts amounts shall be reduced by \$144,600 in fiscal year 2002 and \$144,600 in fiscal year 2003. The appropriation made above is contingent on the Comptroller of Public Accounts finding the information on the increased fee submitted by the Department of Public Safety sufficient to support the projection of increased fee revenues and issuing a finding of fact to that effect for the contingent appropriation to be made available for the intended purposes. The following agencies are covered by the additional General Revenue appropriation above and are not subject to Rider 7, Billing Rate for Excess Workload:
 - (1) Board of Public Accountancy

In the “Method of Financing,” the General Revenue Fund amounts shall increase by \$711,938 in each year of the 2002–03 biennium and the Interagency Contracts amounts shall decrease by \$3,236,524 in fiscal year 2002 and \$3,201,233 in fiscal year 2003. A new “Method of Financing” for State Highway Fund 006 shall be added with the amounts of \$2,524,586 and \$2,489,295. The State Highway Fund 006 appropriation shall not be used for any other purpose than to conduct hearings for the Department of Public Safety’s Administrative License Revocation program.

ARTICLE IX

PART 1.

GENERAL PROVISIONS LEGISLATIVE INTENT

Sec. 1.01. **Limitations.** The provisions of this Article and all other Articles of this Act are limitations on the appropriations made by this Act. It is the purpose of the Legislature in enacting this bill only to appropriate funds and to restrict and limit by its provisions the amount and conditions under which the appropriations can be expended.

PART 2.

PROVISIONS RELATING TO THE POSITION CLASSIFICATION PLAN

Sec. 2.01. **Position Classification Plan.** Except as otherwise specifically provided in this Act, expenditures of appropriations for the salaries of employees, in classified positions in all affected agencies appropriated funds by this Act, other than institutions of higher education, university system offices, the Texas Higher Education Coordinating Board, and the Texas National Research Laboratory Commission, are governed by Chapter 654, Government Code (the Position Classification Act), Chapter 659, Government Code, and this section, including the following lists of position classification numbers, position titles, salary group allocations, and rates of pay in classification salary schedules as provided by this Article. As used with respect to salary ranges, "minimum" means the lowest rate in a salary range; "midpoint" means the rate designated as Step 5 in Salary Schedule A; "midpoint" for Salary Schedule B may be determined by adding the minimum and maximum rates of a salary group and dividing the sum by two; and "maximum" means the highest rate designated in a salary range. With respect to Salary Schedule C, annual rates listed are actual salaries to be paid to employees in the applicable salary groups, except for ranges in C1 and C10 that allow for career development progressions as established by the agencies.

Sec. 4.07. **Contract Workforce.**

- (a) In this section, contract workers are defined as independent contractors, temporary workers supplied by staffing companies, contract company workers, and consultants.

 - (2) an evaluation of the work performed by a contract workforce, including an assessment of whether work was completed on time, within budget, and according to contract specifications.
- (d) The State Auditor shall notify the Comptroller and the Legislative Audit Committee if an agency fails to comply with this section.
- (e) The State Auditor may require an agency to provide interim reports or additional information as necessary to ensure compliance with this section. The State Auditor shall review each agency's report and follow up based on identified risks.

PART 5. TRAVEL REGULATIONS

Sec. 5.01. Travel Definitions.

The definitions established by § 660.002, Government Code, apply to Part 5 of this Article, unless another meaning is clearly provided. In Part 5 of this Article:

 - (B) a regional planning commission created under Chapter 391, Local Government Code; or
 - (C) a regional planning agency created under Chapter 391, Local Government Code.
- (2) “State agency” includes the entities within the definition of § 660.002(19) Government Code, and also includes a council of governments, a local workforce development board, or a MHMR community center, that uses funds appropriated by this Act to pay for the transportation, meals, lodging, or other travel expenses of its employees.

Sec. 5.02. General Travel Provisions. The funds appropriated by this Act to a state agency for the payment of transportation, meals, lodging, or incidental expenses is the maximum amount that may be expended by the agency. The funds appropriated by this Act may not be expended for those expenses unless the travel and the resulting requests for payment or reimbursement comply with the conditions and limitations in this Act, Chapter 660, Government Code, and the Comptroller’s Rules.

Sec. 5.03. Failure to Comply.

- (a) If the State Auditor determines that the travel for which payment was made out of appropriated funds is not in compliance with Chapter 660, Government Code, the State Auditor shall so certify to the Comptroller. The Comptroller shall reduce the appropriation of the state agency that paid the travel expenses by an amount equal to the entire amount paid by the state agency for that individual for that travel occurrence.
- (b) The Comptroller shall prepare an annual report indicating the appropriation reductions, by state agency, made pursuant to this section for the previous fiscal year. The Comptroller shall submit the report to the Legislative Budget Board not later than December 1.

Sec. 5.04. Transportation Expenses. For a state employee’s use of a personally owned or leased motor vehicle, the mileage reimbursement rate, for travel occurring during a fiscal year, equals the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations as of August 1 preceding the start of the fiscal year. The mileage reimbursement rate may not be less than 25 cents per mile or more than 35 cents per mile. The Comptroller shall announce the mileage reimbursement rate for a fiscal year as soon as possible after August 1 of the preceding year.

Sec. 5.05. Transportation in Personally Owned or Leased Aircraft.

- (a) The rate of reimbursement to be paid to a key official, member of a board, commission, or a member of the Legislature for travel in the person’s personally owned or leased aircraft, either within or without the boundaries of this state, is:

TRAVEL REGULATIONS (Continued)

Sec. 5.06. **Travel Meals and Lodging Expenses.**

- (a) A state employee who travels within this state shall be reimbursed for the actual cost of lodging and meals. However, the reimbursements may not exceed \$80 per day per location for lodging and \$30 per day for meals.
- (b) At the discretion of each chief administrator of a state agency, a state employee whose duties require the employee to travel outside the employee's designated headquarters without an overnight stay away from the employee's headquarters may be reimbursed for the actual cost of the employee's meals not to exceed \$25 per day.
- (c) A state employee who travels outside of this state but within the continental United States shall be reimbursed for the employee's actual expenses for lodging and meals. However, the reimbursement may not exceed the maximum out-of-state meals and lodging rates, based on the federal travel regulations, issued by the Comptroller unless the Comptroller determines, in advance of travel, that local conditions necessitate a change in the lodging rate for a particular location. If an employee travels to a location where an allowance has not been set by the Comptroller, the Comptroller shall establish a rate for that location.
- (d) A state employee may receive reimbursements for the employee's actual expenses for meals and lodging when traveling outside the continental United States.

Sec. 5.07. **Special Provisions Regarding Travel Expenses.** Reimbursement for meals and lodging as authorized by Subchapter H, Chapter 660, Government Code, on an "actual expenses" or "actual amount of" basis may not exceed twice the maximum rates specified in § 5.06 of this Article.

Sec. 5.08. **Aircraft.**

TRAVEL REGULATIONS (Continued)

- (4) Parks and Wildlife Department;
 - (5) Department of Public Safety of the State of Texas;
 - (6) University of Texas System;
 - (7) Texas State Technical College;
 - (8) Texas Forest Service; and
 - (9) State Aircraft Pooling Board.
- (c) Notwithstanding any other provision of this Act, all state-owned aircraft (including aircraft forfeited to or seized by a particular agency) are subject to the authority of the State Aircraft Pooling Board under Chapter 2205, Government Code.
- (d) Expenditure of appropriated funds for replacement of aircraft with aircraft of comparable quality may be made contingent upon approval of the State Aircraft Pooling Board and a finding of fact by the Governor that a report has been filed with the Governor showing that:
- (1) the aircraft to be replaced has been destroyed or has deteriorated to an extent that continued operation presents a serious hazard or that the aircraft to be replaced can no longer meet the mission requirements of the principal user state agency; and
 - (2) other state-owned aircraft cannot be effectively utilized in lieu of a replacement aircraft.
- (e) Expenditures necessary to purchase liability insurance pursuant to § 2205.045(a), Government Code, shall be made on a pro rata basis, as determined by the State Aircraft Pooling Board, from appropriations authorized to each agency operating a state-owned aircraft. The Comptroller shall transfer such necessary amounts from agencies operating aircraft to the State Aircraft Pooling Board for the purchase of liability insurance and expenditure of such funds by the Board is hereby authorized.
- (f) Any reimbursements received by a state agency for authorized aircraft services rendered to another state agency are hereby appropriated to the agency receiving the reimbursements, and shall be credited to the agency's appropriation item from which the cost of aircraft operation is paid.

Sec. 5.09. **Limitation on Travel Expenditures.**

- (a) In this section 'travel' refers only to travel outside the state of Texas.
- (b) (1) None of the funds appropriated by this Act may be expended, without the prior approval of the Legislative Budget Board, for travel purposes if such expenditure would cause the agency's or institution's travel expenditures for that fiscal year to exceed an amount equal to 100 percent of that agency's or institution's fiscal year 2000 amount of travel expenditures including any excess travel expenditure amounts approved by waiver.
- (2) The general limitations provided by this subsection apply in addition to the limits of any additional agency specific limitation.

TRAVEL REGULATIONS (Continued)

- (3) In the event that a state agency or institution had, as determined by the Comptroller, no expenditures for travel outside the state of Texas during fiscal year 2000, the general limitations provided by subsection (b)(1) shall not apply, but out-of-state travel spending may not exceed in either year of the biennium the amount spent for that purpose in the last state fiscal year in which out-of-state travel occurred.
- (c) The Legislative Budget Board may consider requests from agencies which demonstrate circumstances which would make such reductions in actual travel impractical or inefficient in accomplishing the goals and strategies contained in their appropriations pattern. Such circumstances may include: new or expanded programs, law enforcement, tax collection activities, statutorily mandated travel, or other pressing public purposes.
- (d) The Comptroller shall prescribe accounting procedures and reporting requirements to administer this section and to ensure that expenditures for travel by all state agencies and institutions of higher education are properly reported and monitored.
- (e)
 - (1) Upon notification by the Comptroller that a state agency or institution of higher education has exceeded the travel cap limit as specified in Subsection (b) of this Section for two consecutive fiscal years without the written approval of the Legislative Budget Board, the state agency or institution of higher education may not pay or reimburse with funds appropriated by this Act, a travel expense for travel to conventions, conferences, or seminars except as provided by this Subsection (e).
 - (2) The Comptroller may allow a state agency or institution of higher education to reimburse or pay a travel expense incurred by an employee on or after the date the agency or institution receives notice of its exceeding the limits if:
 - (A) the expense is incurred while the employee is returning to the employee's designated headquarters;
 - (B) the reimbursement or payment is necessary to prevent unreasonable hardship to the employee; or
 - (C) the expense is incurred while the employee is completing official state business that the agency or institution deems critical to fulfillment of the agency's or institution's constitutional or statutory duties.
 - (3) The Comptroller shall notify the Legislative Budget Board if the Comptroller allows such a payment or reimbursement. The notification must include the reason that the payment or reimbursement is allowed. The Legislative Budget Board may then direct the Comptroller to reduce the agency's or institution's appropriation by the amount of the payment or reimbursement if in the Legislative Budget Board's opinion the payment was the result of an agency failing to comply with the notification by the Comptroller.
- (f) All documents filed by an appointed officer under this section are public information. In this section, the term "public information" has the meaning provided by Chapter 552, Government Code.
- (g) In this section "appointed officer" includes all persons included under the definition provided by Chapter 572, Government Code, except that for the purposes of the definition of "appointed officer," the term "state agency" also includes a council of governments, a Local

Workforce Development Board, or a Mental Health Mental Retardation community center that uses funds appropriated by this Act to pay for the transportation, meals, lodging, or other travel expenses of its employees or officials. For the purpose of this provision, the term "council of governments" shall include a council of governments, a regional planning commission, or similar regional planning agency created under Chapter 391, Local Government Code.

- (h) An appointed officer may not receive reimbursement from funds appropriated by this Act for expenses related to travel before filing with the Texas Ethics Commission copies of all documents that will be submitted to the Comptroller and Legislative Budget Board in support of the travel expense claim.
- (i) Funds appropriated by this Act may not be used to pay expenses for a trip to foreign countries, except for Canada or Mexico, unless the board or commission of each state agency and institution of higher education has approved the travel before departure. A copy of the approval must be attached to each travel voucher submitted to the Comptroller. By October 1 of each year, each agency and institution of higher education must submit a report on all foreign travel with required approvals to the Governor's Office of Budget and Planning and the Legislative Budget Board.
- (j) In implementing this rider, state agencies shall review their travel policies in order to ensure that travel which is critical to the delivery of services consistent with the mission of the agency is not affected.

PART 6. GENERAL LIMITATIONS ON EXPENDITURES

Sec. 6.01. Definitions.

In this Act:

- (a) "Earned federal funds" means all moneys received in connection with each entitlement period of a federally funded contract, grant, or program, excluding reimbursements under § 8.02(c), which are not required by the governing agreement to be disbursed thereon. Typically, earned federal funds arise from recoveries of costs previously paid from a nonfederal fund source, indirect cost allocations, interest earned on federal funds, and minor sources such as the sale of fixed assets purchased with federal funds. Except for state agencies of higher education and their affiliated agencies, the expenditure of funds received or earned by a state agency is limited to the appropriation authority granted to the agency. Any such excess funds remaining at the end of the 2000-01 biennium for an agency shall be returned to the General Revenue Fund. A state agency or institution participating in federally funded or other programs, where indirect cost reimbursements are an allowable part of charges to the program, shall establish procedures to maximize the recovery of such costs.
- (b) "Unexpended balance" or the abbreviation "U.B." means the unobligated balance remaining in an appropriation, i.e., only that part of an appropriation, if any, that has not been set apart by the incurring of an obligation, commitment, or indebtedness by the state agency authorized to spend the appropriation. A reference in this Act to "unexpended balance" or "U.B." is a reference to the unobligated balance of an amount appropriated by this Act for the fiscal year ending August 31, 2002, unless another meaning is clearly indicated.

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

Sec. 6.02. **Interpretation of Estimates.** In the event the amounts of federal funds, local funds, or funds other than appropriations from the General Revenue Fund, have been estimated in this Act in sums greater than are actually received by the respective agencies of the state, this Act may not be construed as appropriating additional funds from General Revenue to make up such differences. Wherever the language of this Act appropriates all receipts or balances from a specified source but uses an estimated amount to inform the Legislature and the public, the estimated figure is not to be construed as a limitation on the amount appropriated.

Sec. 6.03. **Emergency and Deficiency Grants Out of Special Funds.** For the purposes of § 401.061 and 403.075, Government Code, appropriations to the Office of the Governor from “special funds” include excess revenues from General Revenue Fund-Dedicated accounts that were previously special funds above those estimated by the Comptroller in certifying this Act.

Sec. 6.04. **Excess Obligations Prohibited.**

- (a) An agency specified in this Act may not incur an obligation in excess of the amounts appropriated to it for the respective objects or purposes named.
- (b) As a specific exception to Subsection (a) the General Services Commission may determine that a proposed installment purchase arrangement is cost effective and certify this finding in response to an agency request.
- (c) A determination made by the General Services Commission under Subsection (b) may be made for obligations incurred for the purchase or lease of automated information system equipment only if the agency has on file with the Legislative Budget Board a Biennial Operating Plan, including any amendments to the Biennial Operating Plan, and the plan has been approved by the Legislative Budget Board.
- (d) If this section is violated, the State Auditor shall certify the fact of the violation and the amount of over-obligation to the Comptroller, and the Comptroller shall deduct an amount equivalent to the over-obligation from the salary or other compensation due the responsible disbursing or requisitioning officer or employee, and apply the amount to the payment of the obligation.
- (e) This provision is specified pursuant to § 10, Article XVI, Texas Constitution.

Sec. 6.05. **Interpretation of Legislative Intent.** Funds appropriated by this Act shall be expended, as nearly as practicable, for the purposes for which appropriated. In the event an agency cannot determine legislative purpose from the pattern of appropriations, the agency shall seek to determine that purpose from the proceedings of the legislative committees responsible for proposing appropriations for this state.

Sec. 6.06. **Comptroller’s Duty to Pay.** The Comptroller may not refuse to pass for payment a legal claim, factually justified, for which a valid appropriation has been made.

Sec. 6.07. **Last Quarter Expenditures.**

- (a) A state agency or other governmental unit using funds appropriated by this Act may not expend during the last quarter of a fiscal year more than one-third of the funds appropriated for that fiscal year.

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

- (b) Specifically exempted from Subsection (a) are:
- (1) expenditures contracted for in previous quarters;
 - (2) funds required by statute, rule or regulation to be expended on a different time frame;
 - (3) seasonal employment of personnel;
 - (4) construction contracts;
 - (5) contracts dealing with purchases of food, medicines, or drugs;
 - (6) expenditures related to the Children with Special Health Care Needs (formerly known as "CIDC") program operated by the Texas Department of Health; and
 - (7) expenditures occasioned by disaster or other Act of God.
- (c) The funds exempted, under Subsection (b) may not be considered in the computation of the total funds appropriated in a fiscal year for the purpose of applying Subsection (a).

Sec. 6.08. **Appropriation Transfers.**

- (a) Subject to any specific restriction in another provision of this Act, an appropriation contained in this Act may be transferred from one appropriation item to another appropriation item in an amount not to exceed 25 percent of the appropriation item from which the transfer is made for the fiscal year, at the discretion of the chief administrative officer of the state agency or institution.
- (b) As a specific exception to Subsection (a), funds appropriated for capital budget items are subject to restrictions contained elsewhere in this Act.
- (c) Funds appropriated by this Act in items of appropriation that are part of a Goal for "Indirect Administrative and Support Costs" or "Indirect Administration" may also be transferred from one appropriation item to another appropriation item within that same Goal without limitation as to the amount of such a transfer.
- (d) Appropriations made by this Act to each state agency or institution of higher education are not subject to transfer between agencies or institutions except under the provisions of interagency contract, budget execution statutes, or specific rider or statutory authorization.

Sec. 6.09. **Transfers for Contract Services.** Funds appropriated in the various Articles of this Act for "Employees Retirement System," "Social Security State Match," and "Benefit Replacement Pay" may be transferred between Articles for similar appropriation items for the purpose of paying employee benefits costs incurred by higher education institutions when those institutions have contracted to provide services to state agencies.

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

Sec. 6.10. **Employee Benefit and Debt Service Items.**

- (a) Funds appropriated in the various Articles of this Act for “Employees Retirement System,” “Social Security State Match,” “Benefit Replacement Pay,” “Texas Public Finance Authority-G.O. Bond Debt Service Payments,” and “Lease-Payments to the Texas Public Finance Authority” may be transferred between Articles to a like appropriation item without limitation as to the amount of such transfer.
- (b) An agency to which an appropriation listed under Subsection (a) is made may pool such appropriations, made in the various Articles for a common purpose, into a single cost pool for the purpose of administering the appropriation.

Sec. 6.11. **Salaries to Be Proportional by Fund.**

- (a) Unless otherwise provided, payment for salaries, wages, and benefits paid from appropriated funds, including “local funds” and “education and general funds” as defined in § 51.009 (a) and (c), Education Code, shall be proportional to the source of funds.
- (b) Unless otherwise specifically authorized by this Act, the funds appropriated by this Act out of the General Revenue Fund may not be expended for employee benefit costs, or other indirect costs, associated with the payment of salaries or wages, if the salaries or wages are paid from a source other than the General Revenue Fund. Payments for employee benefit costs for salaries and wages paid from sources, including payments received pursuant to interagency agreements or as contract receipts, other than the General Revenue Fund shall be made in proportion to the source of funds from which the respective salary or wage is paid or, if the Comptroller determines that achieving proportionality at the time the payment is made would be impractical or inefficient, then the General Revenue Fund shall be reimbursed for any such payment made out of the General Revenue Fund.
- (c) The Comptroller shall develop rules to provide for the administration of this section.
- (d) Each agency or institution of higher education having General Revenue Fund appropriations and other sources of financing shall file with the Comptroller and the State Auditor a schedule demonstrating proportionality. The schedule shall be filed before November 20th following the close of the fiscal year for the salaries, wages, and benefits of the preceding year ended August 31. The schedule shall be in a format prescribed by the Comptroller. The State Auditor shall review (in the State Auditor’s audit of respective agencies) the agencies’ compliance with this section. The Comptroller, on receipt of notification from the State Auditor of amounts disproportionately paid from General Revenue Fund appropriations, shall reduce current year General Revenue Fund appropriations of the agency or institution until such time as such amounts are repaid from sources other than the General Revenue Fund.

Sec. 6.12. **Appropriations from Special Funds.** Notwithstanding other provisions of this Act, appropriation amounts from special funds or special accounts in the General Revenue Fund are specifically limited to amounts not to exceed the actual balances and revenues available to each such fund or account.

GENERAL LIMITATIONS ON EXPENDITURES
(Continued)

Sec. 6.13. Limitation on Grants to Units of Local Government.

- (a) The funds appropriated by this Act may not be expended in the form of a grant to, or a contract with, a unit of local government unless the terms of the grant or contract require that the funds received under the grant or contract will be expended subject to limitations and reporting requirements similar to those provided by:
 - (1) Parts 2 and 3 of this Article (except there is no requirement for increased salaries for local government employees);
 - (2) § § 556.004, 556.0055, and 556.0056, Government Code;
 - (3) § § 2113.012 and 2113.101, Government Code;
 - (4) § 6.31 of this Article (Performance Rewards and Penalties);

- (b) In this section, “unit of local government” means:
 - (1) a council of governments, a regional planning commission, or a similar regional planning agency created under Chapter 391, Local Government Code;
 - (2) a local workforce development board; or
 - (3) a MHMR community center.

Sec. 6.14. Limitation on State Employment Levels.

- (a) A state agency or institution of higher education shall not have on its payroll, without the written approval of the Governor and the Legislative Budget Board, a number of employees which would cause the number of full-time equivalent employees (FTEs) employed by the state agency or institution of higher education for a fiscal quarter to exceed the “Number of Full-time Equivalent Positions (FTE)” or “Number of Full-time Equivalent Positions (FTE)—Appropriated Funds” figure indicated by this Act for that state agency or institution.
- (b) A request to exceed the FTE limitation established by this section must be submitted by the governing board of the state agency or institution of higher education and must include at a minimum:
 - (1) the date on which the board approved the request;
 - (2) a statement justifying the need to exceed the limitation;
 - (3) the source of funds to be used to pay the salaries; and

GENERAL LIMITATIONS ON EXPENDITURES
(Continued)

- (4) an explanation as to why the functions of the proposed additional FTEs cannot be performed within current staffing levels.
- (c) For the purpose of Subsection (a), the number of FTEs employed by a state agency, including the Texas Food and Fibers Commission, Texas Engineering Extension Service, Texas Agricultural Extension Service, Texas Forest Service, Texas Veterinary Medical Diagnostic Laboratory, and Texas Wildlife Damage Management Service (but not including an institution of higher education, the Parks and Wildlife Department, Texas School for the Blind and Visually Impaired, Texas School for the Deaf, Texas Agricultural Experiment Station, Texas Engineering Experiment Station, Texas Transportation Institute, and Texas Natural Resource Conservation Commission) for a fiscal quarter:
- (1) shall be determined in accordance with the report filed pursuant to § 2052.103, Government Code;
 - (2) shall only include employees paid with funds appropriated through this Act;
 - (3) shall not include overtime hours; and
 - (4) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.
- (d) For the purpose of Subsection (a), the number of FTEs employed by the Texas Natural Resource Conservation Commission, the Parks and Wildlife Department, the Texas School for the Blind and Visually Impaired, the Texas School for the Deaf, the Texas Agricultural Experiment Station, the Texas Engineering Experiment Station, the Texas Transportation Institute, or an institution of higher education, (but not including the Texas Food and Fibers Commission, the Texas Engineering Extension Service, the Texas Agricultural Extension Service, the Texas Forest Service, the Texas Veterinary Medical Diagnostic Laboratory, and the Texas Wildlife Damage Management Service) for a fiscal year:
- (1) shall be determined in accordance with the reports filed pursuant to § 2052.103, Government Code;
 - (2) shall be an average of the four reports filed for that fiscal year;
 - (3) shall include employees paid with funds appropriated through this Act;
 - (4) shall not include overtime hours; and
 - (5) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

- (e) This section shall not apply to appropriations made by this Act to the:
 - (1) Office of the Governor; or
 - (2) Comptroller when that agency has determined by a cost/benefit analysis that an outsourcing or contracting arrangement provides savings to this State.
- (f) If the Texas Agricultural Experiment Station, Texas Engineering Experiment Station, Texas Transportation Institute, Texas Food and Fibers Commission, Texas Engineering Extension Service, Texas Agricultural Extension Service, Texas Forest Service, Texas Veterinary Medical Diagnostic Laboratory, or Texas Wildlife Damage Management Service, or an institution of higher education should be shown in this Act with an “FTE - Appropriated Funds” and an “FTE - Total,” the FTE limitation established by Subsection (a) shall be the “FTE - Appropriated Funds” figure.
- (g) The limitations on FTEs under this section do not apply to a state agency or institution in instances of employment, including employment of temporary or contract workers, directly associated with events declared disasters by the Governor. Each state agency or institution shall annually notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this section.

Sec. 6.15. **Purchases of Postage.**

- (a) If the expenditures for postage by an agency, other than the legislature or an institution of higher education, exceed \$4,000 for a fiscal year, the agency shall purchase postage only in accordance with § 2113.103(c), Government Code.
- (b) The amount received by an agency as a refund of postage used by the agency shall be deposited in the fund to the credit of the appropriation from which postage for the agency is paid and is hereby appropriated to the agency for postage use.

Sec. 6.16. **Publication or Sale of Printed, Recorded, or Electronically Produced Matter or Records.**

- (a) Funds appropriated by this Act may not be used for the publication, recording, production, or distribution of any item or matter, including lists, notices, pamphlets, video tapes, audio tapes, microfiche, films or other electronically produced information or records unless such publication, recording, or production is:
 - (1) essential to accomplish or achieve a strategy or outcome target established by this Act; or
 - (2) required by law.
- (b) Any funds received and collected from any charges specifically authorized by statute for the productions, publications, or records are hereby appropriated to the agency issuing the productions, publications, or records for use during the year in which the receipts are collected. The Comptroller shall credit such receipts to the like appropriation item from which the original costs are paid.

GENERAL LIMITATIONS ON EXPENDITURES
(Continued)

Sec. 6.17. **Limitation on Expenditures - Capital Budget.**

- (a) Contained in appropriations made to certain agencies by this Act are amounts identified as the “Capital Budget.” Except as provided under this Section, none of the funds appropriated by this Act, in excess of amounts restricted to capital budget purposes, may be expended without the prior approval of the Governor and Legislative Budget Board.
- (b) A request for approval to exceed the limitation on capital budget expenditures must be submitted by the agency’s governing board and must include at a minimum:
 - (1) the date on which the board approved the request;
 - (2) a statement justifying the need to exceed the limitation;
 - (3) the source of funds to be used to make the purchases; and
 - (4) an explanation as to why such expenditures cannot be deferred.
- (c) This restriction does not apply to:
 - (1) expenditures for capital outlay items that are not included in the definition of “Capital Budget” under Subsection (d); or
 - (2) expenditures for Capital Budget purposes made by:
 - (A) institutions of higher education; or
 - (B) public community/junior colleges.
- (d) “Capital Budget” includes expenditures, for assets with a project cost or unit cost in excess of \$25,000, within the following categories:
 - (1) Acquisition of Land and Other Real Property (except for right-of-way purchases made by the Texas Department of Transportation);
 - (2) Construction of Buildings and Facilities;
 - (3) Repairs or Rehabilitation of Buildings and Facilities;
 - (4) Construction of Roads (except for such expenditures made by the Texas Department of Transportation);
 - (5) Acquisition of Information Resource Technologies;
 - (6) Transportation Items;
 - (7) Acquisition of Capital Equipment and Items; or
 - (8) Other Lease Payments to the Master Lease Purchase Program (for items acquired prior to September 1, 2001 only).
- (e) Any expenditure directly related to acquisition of an asset, or to placing an asset in service, may be paid from the appropriation made to the “Capital Budget.”

GENERAL LIMITATIONS ON EXPENDITURES
(Continued)

- (f) In implementing this section, the Comptroller should refer to the detailed instructions for preparing and submitting requests for legislative appropriations for the biennium beginning September 1, 2001, and the definitions therein, and to the official request for legislative appropriations submitted by the affected agency.
- (g) Appropriations restricted to capital budget purposes and not identified in a "Capital Budget" as being for lease payments to the master lease purchase program (MLPP) or for other lease-purchase payments may be utilized to make lease payments under MLPP or for other lease or installment payments only if the agency to which the appropriation is made provides a report to the Comptroller specifying the sum of the lease payments to be made during the biennium for the Capital Budget item being acquired. The Comptroller shall reduce the appropriation made by this Act for the Capital Budget item in an amount equal to the difference between the appropriated amount and the sum of the lease payments for the biennium and deposit that amount into the unappropriated balance of the original funding source. In the event that the Comptroller cannot determine the amount appropriated for a specific Capital Budget item, the amount shall be determined by the Legislative Budget Board.
- (h) Funds restricted to "Acquisition of Information Resource Technologies" may also be used to purchase or contract for computer time, facility resources, maintenance, and training.
- (i) (1) Appropriations may be transferred:
 - (A) from a non-capital budget item to a capital budget item;
 - (B) from a capital budget item to another capital budget item; or
 - (C) from a capital budget item to an additional capital budget item not presented in the agency's bill pattern.
- (2) The amounts transferred during a fiscal year as provided by Subdivision (1) of this Subsection (i) may not to exceed 25 percent of either:
 - (A) the amount of the capital budget item from which funds are being transferred;
 - or
 - (B) the amount of the capital budget item to which funds are being transferred.
- (3) Appropriations may not be transferred from a non-capital budget item to an additional capital budget item not presented in the agency's bill pattern.
- (j) Any unexpended balances remaining in appropriations made by this Act for capital budget purposes for fiscal year 2002 are hereby appropriated for fiscal year 2003 for the same purpose.
- (k) For an agency that does not have a Capital Budget provision following its items of appropriation in this Act, the amount of "appropriations restricted to capital budget purposes" is zero for the purpose of calculating the limitation on capital budget expenditures under Subsection (a).

Sec. 6.18. Purchases of Information Resources Technologies.

- (a) In this section:
 - (1) "Information resources" and (2) "Information resources technologies" have the meanings provided by § 2054.003, Government Code.

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

- (2) “Quality Assurance Team” and “QAT” means the representatives of the Legislative Budget Board and the State Auditor.

- (b) A state agency may not request appropriations for information technology unless the information technology is in a plan approved by the Legislative Budget Board.

- (c) Prior to amending a contract for development of a major information technology project, when the amendment constitutes a 10 percent or greater change, the agency shall notify the Governor, Lieutenant Governor, Speaker of the House, Senate Finance Committee, House Appropriations Committee, Department of Information Resources and the Quality Assurance Team (QAT). For contracts having a total value in excess of \$1.0 million an amendment to the contract that changes the total value of the contract or any element of the contract by more than 10 percent of the total value of the contract is not valid without QAT approval.

Sec. 6.19. **Quality Assurance Review of Major Information Resources Projects.**

- (a) In this section:
 - (1) “Major information resources project” has the meaning provided by § 2054.118, Government Code.
 - (2) “Quality Assurance Team” or “QAT” means the representatives of the Legislative Budget Board and the State Auditor who execute duties as provided by this section.

- (b) A state agency may not expend appropriated funds for a major information resources project unless the project has been reviewed and approved by the Quality Assurance Team. The Quality Assurance Team shall determine approval based on an analysis of the project's risk. The Quality Assurance Team may request any information necessary to determine a project's potential risk. The Quality Assurance Team may waive the project review requirements for a project.

- (c) The Quality Assurance Team may require independent project monitoring, project status reporting, project expenditure reporting, or any additional information necessary to assess a project's on-going potential for success. After a project has been completed, the Quality Assurance Team may also require an agency to submit a project post-implementation evaluation report to determine if the project met its planned objectives.

- (d) The State Auditor's Office shall provide audit and review of the projects and the information provided by the agencies.

- (e) The Quality Assurance Team may request the assistance of the Comptroller in regard to the accuracy of project expenditures and compliance with this Act.

- (f) The Quality Assurance Team shall provide an annual report to the Governor, Lieutenant Governor, Speaker of the House, the House Appropriations Committee, and Senate Finance Committee on the status of projects under its review by December 1.

- (g) The State Auditor may:
 - (1) provide an independent evaluation of the post implementation evaluation review process to ensure the validity of its results; and

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

- (2) send the evaluation to the Legislative Audit Committee.
- (h) The Legislative Budget Board may issue guidelines for software development, quality assurance, and the review of major information resources projects.
- (i) Unless waived by the Legislative Budget Board the Quality Assurance Team shall require each affected agency to:
 - (1) quantitatively define the expected outcomes and outputs for each major information resource project at the outset;
 - (2) monitor cost; and
 - (3) evaluate the final results to determine whether expectations have been met.

Sec. 6.20. **West Texas Disaster Recovery and Operations Center.**

- (a) In this section:
 - (1) “DIR” means the Department of Information Resources.
 - (2) “Center” means the West Texas Disaster Recovery and Operations Center.
- (b) The DIR shall operate, or through cooperative agreement, manage operations of a disaster recovery and operations data center on the campus of Angelo State University. It is the intent of the Legislature that all state agencies and institutions of higher education utilize the Center for testing disaster recovery plans, for disaster recovery services, and for data center operations. None of the funds appropriated by this Act may be expended for entering into or renewing contracts or issuing purchase orders for disaster recovery plan testing services or disaster recovery services or data center operations from other state agencies or other providers of these services without first obtaining a waiver from the Legislative Budget Board, (pursuant to an interagency contract with DIR) certifying that the requested service requirements cannot be provided at reasonable costs through the Center. Waiver requests will be evaluated by the Legislative Budget Board, (pursuant to an interagency contract with DIR) based on best value to this State.

Agencies and institutions of higher education should use the State Auditor’s Report 95-139 in evaluating reasonable costs. The Legislative Budget Board, (pursuant to an interagency contract with DIR) may request assistance from the State Auditor’s Office in validating cost evaluations. Waivers may be granted for specific periods of time and any contracts for services obtained under waiver may not extend beyond the expiration date of the waiver.

- (c) State agencies and institutions of higher education that use the Center shall do so under contract with the DIR. The DIR may collect fees for these services in amounts that offset the direct and indirect costs of providing the services. The DIR may request assistance from the State Auditor regarding the billing system formula for offsetting service costs. The DIR shall work with the State Council on Competitive Government on issues concerning state data center consolidations and provide information relating to the use of the Center as a location for one of the state's consolidated data centers.

Sec. 6.21. **Construction Policy.** A state entity receiving an appropriation under this Act may not establish a rule or policy that is inconsistent with the legislative intent that funds appropriated by this Act for construction projects be expended only pursuant to state entity policies that provide the greatest competitive advantage to the state allowable under Chapter 2258, Government Code.

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

Sec. 6.22. **Limitation on Use of Funds for Personal Residences.**

- (a) Out of appropriations made by this Act, expenditures exceeding an aggregate amount of \$25,000 for the biennium beginning on September 1, 2001, may not be made for purchasing, remodeling, or repairing of a personal residence or living quarters unless the expenditures are:
 - (1) (A) required by court order;
 - (B) will result in increased safety, significant net cost savings, or prevention of substantial waste; or
 - (C) are specifically identified in a Capital Budget in this Act; and
- (2) the Governor and Legislative Budget Board have approved the expenditure under authority granted pursuant to Article XVI, § 69, Texas Constitution.
- (b) In the event of an emergency or if the Legislative Budget Board fails to meet before the 30th day following the date of the request, the Director of the Legislative Budget Board, after consultation with the Board members, may take action in conjunction with the Governor on the request.
- (c) The General Services Commission shall report all expenditures exceeding an aggregate amount of \$25,000 for the biennium for purchasing, remodeling, or repairing a personal residence or living quarters to the Legislative Budget Board.

Sec. 6.23. **Grant Restriction.** Funds appropriated by this Act may not be expended for a grant to a law enforcement agency regulated by Chapter 1701, Occupations Code, unless:

- (1) the law enforcement agency requesting the grant is in compliance with all rules developed by the Commission on Law Enforcement Officer Standards and Education; or
- (2) the Commission on Law Enforcement Officer Standards and Education certifies that the requesting agency is in the process of achieving compliance with such rules.

Sec. 6.24. **Expenditures for State-Federal Relations.**

- (a) Funds appropriated by this Act may not be spent by a state agency to carry on functions for which funds have been appropriated to the Office of State-Federal Relations to perform except when an interagency contract has been executed between the Office of State-Federal Relations and the state agency.
- (b) Prior to travel to Washington, D.C., state agency personnel shall inform the Office of State-Federal Relations regarding:
 - (1) the timing of the trip;
 - (2) the purpose of the trip; and
 - (3) the name of a contact person for additional information.

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

Sec. 6.25. Research Policy.

- (a) An agency may not expend any funds appropriated by this Act for research projects of any type until the agency has adopted and filed with the Legislative Budget Board a policy that clearly establishes and protects the property rights of the state with regard to any patentable product, process, or idea that might result from such research.
- (b) In order to avoid duplication, a state agency, excluding an institution of higher education, may not expend funds appropriated by this Act to conduct or support policy research on a subject within the statutory jurisdiction of another agency without providing prior written notification, to the agency that has the statutory jurisdiction, concerning a work plan and the coordination of resources.

Sec. 6.26. Court Representation and Outside Legal Counsel.

- (a) Except as otherwise provided by the Constitution or general or special statutes, the Attorney General shall have the primary duty of representing the State in the trial of civil cases. Prior to expenditure of funds for retaining outside legal counsel, agencies or departments (other than those included in Article X of this Act) shall request the Attorney General to perform such services. If the Attorney General determines that outside counsel is in the best interest of the State, the Attorney General shall so certify to the Comptroller and to the requesting agency which may then utilize appropriated funds to retain outside counsel. However, funds appropriated by this Act may not be used to contract with an attorney who represents clients before the agency or who has, during a six month period preceding the initiative of the contract and a six month period following the termination of the contract, represented clients before the agency. An agency may not initiate the process of selecting outside legal counsel prior to receiving the approval of the Attorney General to retain outside counsel.
- (b) Funds appropriated in this Act may not be expended by any agency of the state government (other than those included in Article X of this Act) to initiate a civil suit or defend itself against a legal action without the consent of the Attorney General. Absent this consent, the agency shall be represented in that particular action by the Attorney General.
- (c) On receipt of a request for outside counsel, the Attorney General shall make a determination on the request as expeditiously as possible, but in no event later than 10 working days after receiving such request.

- (g) If a state agency requests the Attorney General to take legal action in court against another state agency, the Attorney General shall give special consideration to permitting one of the agencies to employ, from the permitted agency's funds, outside counsel to represent that agency in that action, in order to avoid a conflict of interest by the Attorney General in the representation of both agencies.
- (h) If the Attorney General initiates legal action against another state agency on behalf of the Attorney General rather than another agency, the Legislature determines that a conflict of interest exists and the agency against which the Attorney General takes action may expend appropriated funds for outside legal counsel to represent that agency without the prior approval or consent of the Attorney General.

The Comptroller may withhold all appropriations for administrative expenses for the involved agency, until the Legislative Audit Committee notifies the Comptroller that the agency's non-compliance has been reviewed and necessary recommendations or changes have been made.

Sec. 6.28. Expenditures for Representatives of Grievants Prohibited.

Only classified employees (including classified employees of institutions of higher education) are eligible for enhanced compensation, and this award shall not exceed 6.8 percent of an employee's annual base pay. To be eligible for this provision, an agency or institution must:

ARTICLE XIII. SAVINGS CLAUSE

If any section, sentence, clause or part of this Act shall for any reason be held to be invalid, such decision shall not affect the remaining portions of this Act; and it is hereby declared to be the intention of the Legislature to have passed each sentence, section, clause, or part thereof irrespective of the fact that any other sentence, section, clause or part thereof may be declared invalid.

ARTICLE XIV. EMERGENCY CLAUSE

The importance of the legislation to the people of the State of Texas and the crowded condition of the calendars in both Houses of the Legislature create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three separate days in each House be suspended, and said Rule is hereby suspended; and this Act shall take effect and be in force from and after its passage, and it is so enacted.

Governor's Veto Proclamation

PROCLAMATION

BY THE

Governor of the State of Texas

TO ALL TO WHOM THESE PRESENTS SHALL COME:

Senate Bill 1, the General Appropriations Act, having been duly certified by the Comptroller of Public Accounts pursuant to Article III, Section 49a of the Texas Constitution, has been presented to me for action. This bill would appropriate an estimated \$113.8 billion from all fund sources including \$61.7 billion from the General Revenue Fund for the fiscal biennium beginning September 1, 2001. Appropriations for fiscal years 2002 and 2003 reflect an average annual increase of 3.7% over the 2001 spending level.

The proposed state budget that I submitted to the Legislature contained my key priorities for the 2002-2003 biennium. These were:

**Meet Basic Needs, Including
Fully Funding Medicaid Growth Projections**

**Improve Accessibility to and
Quality of Public and Higher Education**

**Promote Health and Safety for
Texas Citizens**

Optimize Technology Use

Improve Transportation

Address Border Issues.

This budget meets basic needs, including fully funding Medicaid growth projections, while providing funds for some new and necessary programs. We did a better job of maximizing federal dollars. And we accomplished our goals without accessing the state's Rainy Day Fund and without cutting funds to vital areas.

However, Senate Bill 1 does contain a few items of appropriation with which I do not agree. The budget spends every available dollar and then some. Other than the Rainy Day Fund, no cushion is provided to care for unforeseen issues or problems, such as the recent tragic Southeast Texas floods. The bill also contains provisions intended to obligate expenditure of funds beyond those the Comptroller is currently willing to certify as available. This tactic could limit the ability of the Seventy-eighth Legislature to address the state's needs in a fiscally responsible manner in 2004-2005.

Like my predecessors, I am also concerned that certain appropriations are made in a way that usurp the authority granted to the Governor in Article IV, Section 14, of the Texas Constitution to veto individual items of appropriation. This is accomplished by combining several distinct items of appropriation into one large item or through an attempt at lump-sum appropriations. As long as this practice continues, the governors of this State will be unable to exercise the fiscal responsibility envisioned in the State Constitution.

My item vetoes total \$75.1 million in certified appropriations and another \$480.8 million in appropriations contingent on certification of additional revenue. I hereby veto the following items from Senate Bill 1, Seventy-seventh Legislature, Regular Session, 2001, and include a statement of my objections to each of those items.

Article II – Health and Human Services

Health and Human Services Commission Page II-61

53. Contingent Appropriation to the Health and Human Services Commission. The appropriation to the Health and Human Services Commission under Strategies B.2.1, B.2.2, B.2.3, and B.2.4, has been reduced by \$269,840,001 in All Funds, including \$107,747,112 in General Revenue Match for Medicaid, and the Health and Human Services Commission is hereby authorized to defer its August 2003 premium payment to the National Heritage Insurance Company until September 2003 and the August 2003 payment will be paid from fiscal year 2004 appropriations. ~~However, after and contingent upon the Comptroller providing notice to the Legislative Budget Board and the Governor regarding a finding of fact by the Comptroller (at the time of certification or after certification of this Act) that sufficient revenue is estimated to be available, and following approval by the Legislative Budget Board and Governor, there is hereby appropriated to the Health and Human Services Commission such amounts as may be necessary for payment of the August 2003 premium payment (estimated to be \$269,840,001 in All Funds, including \$107,747,112 in General Revenue Match for Medicaid) by August 31, 2003.~~

This veto action deletes an appropriation contingent on the certification of additional revenue by the Comptroller. Deleting this appropriation may allow the Contingency Reserve authorized by Article IX, Section 10.06 to be funded instead. Such a reserve could be used to pay for the 25th month of Medicaid, but could also be used for other unforeseen circumstances, offering the state additional flexibility.

Projected Medicaid expenses for the 2002-2003 biennium are fully funded in Article II and Article XII of the General Appropriations Act.

Department of Human Services Page II-78

34. Contingent Appropriation to Texas Department of Human Services for Payment of August 2003 Nursing Home Payment. The appropriation shown above to the Texas Department of Human Services in this Act under Strategy A.1.4. has been reduced by \$134,760,919 in All Funds, including \$53,634,846 in General Revenue Match for Medicaid, and the Texas Department of Human Services is hereby authorized to defer its August 2003 nursing home payment until September 2003, and the August 2003 payment will be paid from fiscal year 2004 appropriations. ~~However, after and contingent upon the Comptroller providing notice to the Legislative Budget Board and the Governor regarding a finding of fact by the Comptroller (at the time of certification or after certification of this Act) that sufficient revenue is estimated to be available, and following approval by the Legislative Budget Board and Governor, there is hereby appropriated to the Texas Department of Human Services such amounts as may be necessary for payment of the August 2003 nursing home payment (estimated to be \$134,760,919 in All Funds, including \$53,634,846 in General Revenue Match for Medicaid) by August 31, 2003.~~

This veto action deletes an appropriation contingent on the certification of additional revenue by the Comptroller. Deleting this appropriation may allow the Contingency Reserve authorized by Article IX, Section 10.06 to be funded instead. Such a reserve could be used to pay for the 25th month of Medicaid, but could also be used for other unforeseen circumstances, offering the state additional flexibility. Projected Medicaid expenses for the 2002-2003 biennium are fully funded in Article II and Article XII of the General Appropriations Act.

Article III –Education

Contingent upon the enactment of Senate Bill 1783, Seventy-seventh Legislature, Regular Session, if available revenue in the Telecommunications Infrastructure Fund (TIF) in the 2002–03 biennium is less than the sum of appropriations from the TIF contained in this Act, the Telecommunications Infrastructure Fund Board’s appropriations for the 2002-03 biennium shall be reduced by the difference.

This veto action deletes a rider that was contingent upon proposed legislation that did not pass.

Special Provisions Relating Only to State Agencies of Higher Education Page III-244

Sec. 52. Utility Funding Increase for Public Higher Education Institutions. Contingent upon a finding of fact by the Comptroller of Public Accounts at the time of certification of this Act, or after certification of this Act, that sufficient revenue is estimated to be available from the General Revenue Fund, and following approval by the Legislative Budget Board, there is hereby appropriated to the Comptroller of Public Accounts \$19,515,970 per fiscal year, or such amounts as may be available for the purpose of funding increased utility costs at public institutions of higher education. Distribution of any amounts authorized shall be based on the Texas Higher Education Coordinating Board’s infrastructure funding formula.

This veto action deletes a rider contingent upon the certification of additional revenue by the Comptroller.

Article VI –Natural Resources

Natural Resource Conversation Commission Page VI-30

40. Contingency Appropriation: Senate Bill 1541. Contingent upon passage of Senate Bill 1541, or similar legislation relating to the permanent management of low-level radioactive waste, by the Seventy-seventh Legislature, Regular Session, the Natural Resource Conservation Commission is hereby appropriated any fee revenues generated to the Low-level Radioactive Waste Account No. 88 as a result of the bill’s enactment (estimated to be \$1,245,000 for the 2002–03 biennium). This appropriation shall be used to implement the provisions of the bill.

This veto action deletes a rider that was contingent upon proposed legislation that did not pass.

Article IX General Provisions

Sec. 10.16. Contingent Reduction Items. - (a) Ten percent of Special Items for Institutions of Higher Education on a prorated basis.

Legislative Budget Board following the Comptroller's finding of fact. The provisions in this section are to be implemented prior to the action authorized under Section 10.05. "Contingency Appropriation Reduction" of Article IX of this Act. It is the intent of the Legislature that items reduced above be funded prior to any other contingency appropriations listed in this Act.

This veto action deletes a rider that is no longer necessary. The Comptroller certified this Act without making any of the proposed reductions.

Contingent on the Comptroller certifying that sufficient revenue is available the following appropriations are made for the purposes specified:

Contingent upon enactment of House Bill 7 or similar legislation, the Comptroller of Public Accounts is directed to transfer to the Office of Rural Community Affairs the estimated amounts of \$93,996,953 in All Funds in fiscal year 2002 and \$93,996,245 in All Funds in fiscal year 2003, including approximately \$90,856,552 in All Funds in fiscal year 2002 and \$90,379,552 in All Funds in fiscal year 2003 from the Department of Housing and Community Affairs and approximately \$3,140,401 in All Funds in fiscal year 2002 and \$3,616,693 in All Funds in fiscal year 2003, transferred as a result of the abolishment of the Center for Rural Health Initiatives. The number of full-time equivalent positions transferred is sixty-four, including sixteen full-time-equivalent positions from the Center for Rural Health Initiatives and forty-eight full-time-equivalent positions from the Department of Housing and Community Affairs. This veto action strikes one year of the appropriation of additional funds to the Office of Rural Community Affairs, limiting the new agency to \$1,000,000 for the 2002-03 biennium. Since each of the programs transferred to the new agency receive administrative funding, \$1,000,000 is sufficient to cover transition expenses.
