3. **Updated Actuarial Valuation.** The Employees Retirement System shall contract with an actuary to perform a limited actuarial valuation of the assets and liabilities of the Employees Retirement System as of February 28 in those years when the Legislature meets in regular session. The purpose of the valuation shall be to determine the effect of investment, salary, and payroll experience on the unfunded liability, the amortization period, and the state contribution rate which results in a 30-year amortization period of the Retirement System.
4. **State Contribution to Employees Retirement Program.** The amount specified above in A.1.1, Retirement Contributions, is based on a state contribution of 9.5 percent of payroll for each fiscal year of the 2016-17 biennium, including annual membership fees of \$3 for contributing members for each fiscal year.
5. **State Contribution to Judicial Retirement Program (JRS-2).** The amount specified above in A.1.3, Judicial Retirement System - Plan 2, is based on a state contribution of 15.663 percent of payroll for each fiscal year of the 2016-17 biennium for contributing members.
6. **State Contribution to Group Insurance for General State Employees.** Funds identified above for group insurance are intended to fund:
  - a. the total cost of the basic life and health coverage for all active and retired employees;
  - b. fifty percent of the total cost of health coverage for the spouses and dependent children of all active and retired employees who enroll in coverage categories which include a spouse and/or dependent children; and
  - c. the incentive program to waive participation in the Group Benefits Plan (Opt-Out).

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

During each fiscal year, the state's monthly contribution shall be determined by multiplying (1) the per capita monthly contribution as certified herein by (2) the total number of full-time active and retired employees, subject to any adjustment required by statute, enrolled for coverage during that month.

For each employee or retiree that waives participation in the Group Benefit Plan and enrolls in allowable optional coverage, the Employees Retirement System shall receive \$60 per month in

lieu of the "employee-only" state contribution amount, and such amounts are included above in Strategy B.1.1, Group Insurance. The waived participant may apply up to \$60 per month towards the cost of the optional coverage.

Each year, upon adoption of group insurance rates by the Board of Trustees, Employees Retirement System must notify the Comptroller, the Legislative Budget Board, and the Governor of the per capita monthly contribution required in accordance with this rider for each full-time active and retired employee enrolled for coverage during the fiscal year.

It is the intent of the Legislature that the Employees Retirement System control the cost of the group insurance program by not providing rate increases to health care providers participating in HealthSelect during the 2016-17 biennium.

7. **Excess Benefit Arrangement Account.** There is hereby appropriated to the Employees Retirement System all funds transferred or deposited into the Excess Benefit Arrangement Account established in the General Revenue-Dedicated Account No. 5039, for the purpose of paying benefits as authorized by Government Code, §815.5072.
8. **Transfer of Retirement Contributions and Group Insurance.** Appropriations made in this and other articles of this Act for Retirement and Group Insurance contributions shall be transferred by each agency from the Employees Retirement System to the agency based on estimated amounts by funding source for each fiscal year. Transfers should be made no later than September 15 of the year in which the payments are to be made. Adjustments and return of excess appropriation authority to the Employees Retirement System shall be completed by October 30 of the subsequent fiscal year.
9. **Federal Funds for Medicare Part D Prescription Drug Program.** The Employees Retirement System (ERS) is hereby authorized to receive employer reimbursements of all federal funds applicable to Medicare Part D prescription drug reimbursement relating to benefits administered by ERS. Any federal funds received by ERS shall be deposited to the Employees Life, Accident and Health Insurance and Benefits Fund No. 973, or to such fund as established by the Legislature or the State Comptroller of Public Accounts to pay health claims for retired employees.
10. **Appropriations for the Deferred Compensation Trust Fund and the TexaSaver Trust Fund.** All money deposited into the Deferred Compensation Trust Fund, Employees Retirement System No. 0945 and the TexaSaver Trust Fund No. 0946 pursuant to Government Code, §609.512 are hereby appropriated to the system for the 2016-17 biennium for the purposes authorized by law.
11. **Tobacco User Monthly Premium Fee.** The Employees Retirement System, pursuant to the provisions of Insurance Code, §1551.3075, shall automatically apply a \$30 monthly tobacco user fee to any individual aged 18 or older covered under the state health plan unless the individual, during the individual's enrollment period, certifies that the individual does not use tobacco. The Comptroller of Public Accounts shall deposit revenue from the fee (estimated to be \$14,724,785 in fiscal year 2016 and \$14,724,785 in fiscal year 2017) into the Employees Life, Accident, Health Insurance and Benefits Trust Account.
12. **State Contribution to the Law Enforcement and Custodial Officer Supplemental Retirement Fund (LECOS).** The amount specified above in A.1.2, Law Enforcement and Custodial Officer Supplemental Retirement Fund (LECOS), is based on 0.5 percent of covered payroll each fiscal year of the 2016-17 biennium for LECOS members.
13. **HealthSelect of Texas Contract.** Out of funds appropriated elsewhere in this Act to the Employees Retirement System for the Group Insurance, in addition to complying with all recommendations made by the State Auditor's Office in the November 2014 report (Report No. 15-007) to the Employees Retirement System to improve the planning, procurement, formation, and oversight of the HealthSelect third-party administrator contract, the agency shall, consistent with the agency's fiduciary duties:
  - a. No later than 90 days after implementation of the HealthSelect third-party administrator contract, submit a report to the Legislative Budget Board, State Auditor's Office, the Office of the Attorney General, and the Comptroller demonstrating compliance with the contract management guide for the HealthSelect of Texas contract, unless the terms of the contract are stricter than the essential contract terms of the contract management guide.

**EMPLOYEES RETIREMENT SYSTEM**  
(Continued)

- b. Prior to issuing a request for proposals for HealthSelect third-party administrators, the agency shall develop and submit a report to the Legislative Budget Board and the State Auditor's Office that includes all planning documentation verifying that the request for proposals will comply with the statutory requirements and Employees Retirement System policies. The report shall also include documentation of the established evaluation process including a scoring tool, guidelines for evaluators, methodology for evaluating additional factors, and a process for verifying the mathematical accuracy of the evaluation. The report shall also include an explanation as to why any recommendations included in the audit were not complied with during the contract planning process.
- c. No later than 45 days after awarding the HealthSelect third-party administrator contract, submit an updated report to the Legislative Budget Board and the State Auditor's Office, certifying that all processes described in subsection (b) above were followed during the contract procurement and evaluation process.
- d. No later than 90 days after implementation of the HealthSelect third-party administrator contract procured under this rider and every 6 months after, the agency shall submit to the Legislative Budget Board and the State Auditor's Office and make available to the public, information documenting the System's process for recording reimbursement payments as well as a methodology for monitoring the contract with the third-party administrator to ensure compliance with the contract terms. The agency shall include information on any performance guarantee changes through contract amendments.

If the Employees Retirement System issues a request for proposals for the HealthSelect contract prior to September 1, 2015, the agency shall submit all of the materials required under subsection (b) no later than October 1, 2015.

- 14. Diabetes Type 2 Prevention Program for ERS Participants.** Out of funds appropriated above, the Employees Retirement System of Texas (ERS), shall, in consultation with the Texas Diabetes Council (TDC), assess the prevalence of pre-diabetes among the state employee population, and develop an economic analysis related to providing an evidence-based prevention program. If the economic analysis and prevalence data support it, ERS shall, in consultation with TDC and the ERS third-party administrator, develop and implement a cost-effective diabetes Type 2 prevention program for state employees. The result of this analysis and action taken by ERS will be included in a report to the Legislature and Governor on this program by August 31, 2016.

**3. Budget Authority for Estimated Pass-through Funds.** In addition to the amounts appropriated above for the Health and Human Services Commission, the commission may establish additional budget authority with the Comptroller of Public Accounts to reflect other estimated income except from the General Revenue Fund.

**4. Reimbursement of Advisory Committee Members.** Pursuant to Government Code §2110.004, reimbursement of expenses for advisory committee members, out of funds appropriated above - not to exceed \$85,000 per year, is limited to the following advisory committees: Hospital Payment Advisory Committee, Medical Care Advisory Committee, Physician Payment Advisory Committee, Drug Use Review Board, Pharmaceutical and Therapeutics Committee, Public Assistance Health Benefits Review and Design Committee, Guardianship Advisory Board, Children's Policy Council, Task Force on Health Information Technology, Perinatal Advisory Council, State Medicaid Managed Care Advisory Committee, Intellectual and Developmental Disability System Redesign Advisory Committee, and the Consumer Direction workgroup.

To the maximum extent possible, the commission shall encourage the use of videoconferencing and teleconferencing and shall schedule meetings and locations to facilitate the travel of participants so that they may return the same day and reduce the need to reimburse members for overnight stays.

**5. Vendor Drug Rebates - Medicaid and CHIP.** All references in this rider to rebate revenue refer to vendor drug rebates as well as supplemental rebates earned via the preferred drug lists (methods of finance include Vendor Drug Rebates-Medicaid, Vendor Drug Rebates-CHIP, and Vendor Drug Rebates-Supplemental Rebates).

- a. **Medicaid.** The Health and Human Services Commission may expend Medicaid rebate revenues appropriated above in Strategy B.2.2, Medicaid Prescription Drugs, pursuant to the federal requirements of the Omnibus Budget and Reconciliation Act of 1990 as well as rebates collected in excess of federal requirements pursuant to state law.
- b. **CHIP.** The Health and Human Services Commission may expend CHIP rebate revenues and related interest earnings appropriated above in Strategy C.1.3, CHIP Prescription Drugs.
- c. **Rebates as a First Source of Funding.** Expenditures for Medicaid and CHIP Prescription Drugs shall be made from rebates received in fiscal years 2016 and 2017. As rebates are generated, expenditures to support Medicaid and CHIP Prescription Drugs shall be made from rebate revenues. In the event rebate revenues are not available for expenditure, General Revenue may be used to support both Prescription Drugs expenditures until rebate revenues are available.
- d. **Appropriation.** In addition to rebate revenues appropriated above in Strategy B.2.2, Medicaid Prescription Drugs, and Strategy C.1.3, CHIP Prescription Drugs, the Health and Human Services Commission is appropriated Medicaid and CHIP vendor drug rebates generated in excess of those amounts, subject to the following requirements:

## HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

- (1) Vendor drug rebates shall be expended prior to utilization of any General Revenue available for the purpose of CHIP or Medicaid Prescription Drugs.
  - (2) In the event General Revenue has been expended prior to the receipt of vendor drug rebates, the commission shall reimburse General Revenue. The commission shall reimburse the General Revenue Fund with vendor drug rebates on a monthly basis in order to prevent accumulation of vendor drug rebates.
  - (3) Program Benefit Agreement revenues collected in lieu of state supplemental rebates will be expended prior to utilization of any General Revenue available for the purpose of the Medicaid program specified in the Agreement.
- e. **Limited Use of Rebates.** Rebates generated by the Medicaid program shall only be used for the Medicaid program. Rebates generated by the CHIP program shall only be used for the CHIP program.
- 6. Medicaid Subrogation Receipts (State Share).** For the purposes of this provision, Medicaid Subrogation Receipts are defined as tort settlements related to the Medicaid program. Amounts defined as Medicaid Subrogation Receipts are to be deposited into the General Revenue Fund, Object No. 3802. The Health and Human Services Commission is authorized to receive and expend Medicaid Subrogation Receipts. Expenditures shall be made from recoupments and interest earnings received in fiscal year 2016 and fiscal year 2017. The use of the state's share of Medicaid Subrogation Receipts is limited to funding services for Medicaid clients. Medicaid Subrogation Receipts shall be expended as they are received as a first source, and General Revenue shall be used as a second source, to support the Medicaid program. In the event that these revenues should be greater than the amounts identified in the method of finance above as Medicaid Subrogation Receipts (State Share), the commission is hereby appropriated and authorized to expend these Other Funds thereby made available, subject to the following requirements:
- a. Amounts available shall be expended prior to utilization of any General Revenue available for the same purposes.
  - b. In the event General Revenue has been expended prior to the receipt of the state's share of Medicaid Subrogation Receipts, the commission shall reimburse General Revenue. This process shall be completed on a monthly basis in order to prevent accumulation of Medicaid Subrogation Receipt balances.

The preceding paragraph shall be the exclusive appropriation authority for receipts from the above identified sources, and none of these receipts shall be appropriated by a provision of Article IX of this Act.

- 7. Appropriation Transfers between Fiscal Years.** In addition to the transfer authority provided elsewhere in this Act and in order to provide for unanticipated events that increase costs associated with providing Medicaid or CHIP services for eligible clients, the Health and Human Services Commission (HHSC) is authorized to transfer General Revenue from funds appropriated in Medicaid or CHIP strategies in fiscal year 2017 to fiscal year 2016 and such funds are appropriated to the commission for fiscal year 2016. Such transfers may only be made subject to the following:
- a. Transfers under this section may be made only:
    - (1) if costs associated with providing Medicaid or CHIP services exceed the funds appropriated for these services for fiscal year 2016, or
    - (2) for any other emergency expenditure requirements, including expenditures necessitated by public calamity.
  - b. A transfer authorized by this section must receive the prior written approval of the Governor and the Legislative Budget Board. The request must be received by August 31, 2016. Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

## HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to transfer the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 15 business days.

- c. The Comptroller of Public Accounts shall cooperate as necessary to assist the completion of a transfer and spending made under this section.
  - d. HHSC is authorized to make a one-time adjustment to transfers made under this section if funds moved from fiscal year 2017 exceed the amount needed in fiscal year 2016 and contingent on providing prior notification to the Legislative Budget Board, the Comptroller of Public Accounts, and the Governor by October 31, 2016.
  - e. A one-time adjustment as described in section (d) may occur after October 31, 2016 only upon prior written approval by the Governor and the Legislative Budget Board. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

- 9. Authorization to Receive, Administer, and Disburse Federal Funds.** The appropriations made above may be used to match or to meet maintenance of effort requirements for Federal Funds granted to the state for the payment of personal services and other necessary expenses in connection with the administration and operation of state programs of health and public welfare services. Notwithstanding the General Provisions of this Act, the Health and Human Services Commission may receive and disburse in accordance with plans acceptable to the responsible federal agency, all federal moneys that are made available (including grants, allotments, and reimbursements) to the state and retain their character as Federal Funds for such purposes, and to receive, administer, and disburse Federal Funds for federal regional programs in accordance with plans agreed upon by the Health and Human Services Commission and the responsible federal agency, and such other activities as come under the authority of the Commissioner of Health and Human Services. With the exception of Temporary Assistance for Needy Families (TANF) Federal Funds and Social Services Block Grant (SSBG) Federal Funds governed by Article IX, Section 13.10, such moneys are hereby appropriated to the specific purpose or purposes for which they are granted or otherwise made available. Earned Federal Funds are not considered to be Federal Funds for the purpose of this section.
- 10. Accounting of Support Costs.** The Comptroller of Public Accounts shall establish separate accounts from which certain support costs shall be paid. The Health and Human Services Commission may make transfers into these separate accounts from line item strategies in order to pay for these expenses in an efficient and effective manner. Only costs not directly attributable to a single program may be budgeted in or paid from these accounts. Items to be budgeted in and paid from these accounts include but are not limited to: postage, occupancy costs, equipment repair, telephones, office printing costs, supplies, freight and transport costs, telephone system costs and salary and travel costs of staff whose function supports several programs. The commission shall be responsible for quarterly allocations of these costs to the original strategies.
- 11. Disposition of Appropriation Transfers from State-owned Hospitals.**
- a. The Health and Human Services Commission shall use the sums transferred from state owned hospitals as provided elsewhere in the Act as necessary to apply for appropriate matching Federal Funds and to provide the state's share of disproportionate share payments and uncompensated care payments authorized under the federal Healthcare Transformation and Quality Improvement Waiver, excluding payments for physicians, pharmacies, and clinics, due to state-owned hospitals. Any amounts of such transferred funds not required for these payments shall be deposited by the Health and Human Services Commission to the General Revenue Fund as unappropriated revenue.

## HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

- b. Payments for physicians, pharmacies, and clinics are governed by Special Provisions Relating Only to Agencies of Higher Education, Section 57.
- c. By October 1 of each fiscal year, the Health and Human Services Commission shall present a schedule of projected transfers and payments to the Comptroller of Public Accounts, the Governor, and the Legislative Budget Board.
- d. The Comptroller of Public Accounts shall process all payments and transfers, unless disapproved or modified by the Legislative Budget Board or the Governor.

HHSC shall provide notification of all transfers pursuant to subsection (b) of this provision.

A transfer request shall be considered to be approved upon receipt of written approval from the Legislative Budget Board and the Governor.

- d. **Transfers into Items of Appropriation.** Transfers may be made from any appropriation item to the appropriation items in section (a), subject to the limitations established in section (a) for each appropriation item.
- e. **Cost Pools.** Notwithstanding the above limitations, transfers may be made from Medicaid and CHIP appropriation items (Goals B and C) to separate accounts authorized by agency rider and established by the State Comptroller for payment of certain support costs not directly attributable to a single program.
- f. **Cash Management.** Notwithstanding the above limitations, HHSC may temporarily utilize funds appropriated to Medicaid and CHIP (Goals B and C) for cash flow purposes. All funding used in this manner shall be promptly returned to the originating strategy. This authorization is subject to limitations established by the Comptroller of Public Accounts.

The Comptroller of Public Accounts shall not allow the transfer of funds authorized by any of the above subsections if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

In the case of disaster or other emergency, this provision is superseded by the emergency-related transfer authority in Article IX of this Act.

- 13. Expenditures shall be made from credits, managed care rebates, and interest earnings received in fiscal years 2016 and 2017. The use of the credits, managed care rebates, and interest earnings is limited to funding services for Medicaid clients. Medicaid program income shall be expended as they are received as a first source, and General Revenue shall be used as a second source, to support the Medicaid program. In the event that these revenues should be greater than the amounts identified in the method of finance above as Medicaid Program Income, the commission is hereby appropriated and authorized to expend these General Revenue Funds thereby made available, subject to the following requirements:

- a. Amounts available shall be expended prior to utilization of any General Revenue available for the same purposes; and
- b. In the event General Revenue has been expended prior to the receipt of program income, the commission shall reimburse General Revenue. This process shall be completed on a monthly basis in order to prevent accumulation of program income balances.

The preceding paragraph shall be the exclusive appropriation authority for receipts from the above identified sources and none of these receipts shall be appropriated by a provision of Article IX of this Act.

- 14. Use of Additional CHIP Experience Rebates.** For the purposes of this provision, CHIP Experience Rebates are defined as: 1) refunds/rebates of previously paid CHIP premiums and related interest earnings; and 2) managed care rebates and related interest earnings as described below. Amounts defined as CHIP Experience Rebates are to be deposited into the General Revenue Fund. The Health and Human Services Commission may receive and spend experience rebates generated in accordance with its contractual agreements with managed care organizations and other providers who participate in the CHIP and CHIP Perinatal programs. Expenditures shall be made from CHIP Experience Rebates generated in fiscal years 2016 and 2017. The method of financing item, Experience Rebates - CHIP, for appropriations made above, includes unexpended and unobligated balances of Experience Rebates - CHIP remaining as of August 31, 2015, and receipts earned in fiscal years 2016 and 2017.

The use of CHIP Experience Rebates is limited to health care services for CHIP clients. CHIP Experience Rebates shall be expended as they are received as a first source, and General Revenue shall be used as a second source, to support CHIP-related programs. In the event that these revenues should be greater than the amounts identified in the method of finance above as Experience Rebates - CHIP, the commission is hereby appropriated and authorized to expend these General Revenue Funds thereby made available, subject to the following requirements:

However, General Revenue appropriated for TANF maintenance of effort may be transferred to Strategy A.1.2, Integrated Eligibility and Enrollment, subject to the following limitations:
- a. Declines or shifts in TANF caseloads prevent the Health and Human Services Commission from expending all General Revenue appropriated for TANF maintenance of effort in Strategy D.1.1, TANF (Cash Assistance) Grants, within the appropriate fiscal year;
  - b. The amount of TANF MOE General Revenue transferred from Strategy D.1.1, TANF Cash Assistance) Grants, shall be expended as TANF maintenance of effort within Strategy A.1.2, Integrated Eligibility and Enrollment, for TANF program operating costs, within the appropriate fiscal year; and

Limited Medicaid Coverage for Clients with Medicare Part D Benefit for Certain Excluded Medicare Part D Drug Categories.** It is the intent of the Legislature that from funds appropriated above in Strategy B.2.2, Medicaid Prescription Drugs, the Health and Human Services Commission shall continue to provide Medicaid coverage for dual eligible clients. The Health and Human Services Commission shall recoup funds for these expenditures from Part D drug plans that are determined to be responsible for the dual eligible clients' drug costs. It is also the intent of the Legislature that from funds appropriated above in Strategy B.2.2, Medicaid Prescription Drugs, the Health and Human Services Commission shall continue to provide Medicaid coverage for certain categories of drugs not covered under the federal Medicare Part D program, under Section 1935(d)(2) of the Social Security Act, for full dual eligible clients. - 34. Medical Treatments.** The Health and Human Services Commission may distribute funds for medical, dental, psychological or surgical treatment provided to a minor only if consent to treatment is obtained pursuant to Chapter 32 of the Texas Family Code. - 35. Hospital Uncompensated Care.** No funds appropriated under this Article for medical assistance payments may be paid to a hospital if the Health and Human Services Commission determines that the hospital has not complied with the commission's reporting requirements. of adjustments that account for payments to hospitals that are intended to reimburse uncompensated care. These adjustments are to be made in such a way that a reliable determination of the actual cost of uncompensated care in Texas is produced.

The commission shall conduct an appropriate number of audits to assure the accurate reporting of the cost of uncompensated hospital care.

The commission shall submit a biennial report on uncompensated care costs, which considers the impact of patient specific and lump sum funding as offsets to uncompensated costs, to the Governor and Legislative Budget Board no later than December 1, 2016. The commission may report by hospital type.

The commission shall also review the impact of health care reform efforts on the funding streams that reimburse uncompensated care, assess the need for those funding streams in future biennia, and consider which funds might be redirected to provide direct health coverage.

**36. Hospital Reimbursement.** Contingent upon federal approval, and to the extent allowed by law, no funds appropriated under this Article for the payment of inpatient hospital fees and charges under the medical assistance program may be expended, except under a prospective payment methodology for all Medicaid inpatient claims, excluding state-owned teaching hospital Medicaid inpatient claims, that employs sound cost reimbursement principles and:

- b. reflects costs that are allowable, reasonable and medically necessary to deliver health care services to the state's Medicaid population;
- c. reduces the variability in the Medicaid reimbursement rates paid to hospitals for treating patients with the same diagnoses;
- d. promotes and rewards increased efficiency in the operation of hospitals;
- e. emphasizes and rewards quality of outcomes and improves the treatment of Medicaid patients through pay-for-performance principles;

**37. Staffing and Capital Authorization in Lieu of Contracted Responsibilities.** Notwithstanding the provisions in Article IX, Section 6.10, Limitation on State Employment Levels, if the executive commissioner of the Health and Human Services Commission (HHSC) determines that a service performed under a contract as of the effective date of this Act would be more effectively performed by state personnel, the executive commissioner may adjust the agency's full-time equivalent (FTE) and/or capital authority limitation to the extent necessary to ensure the successful assumption of such contracted duties and to comply with federal performance standards.

Authority granted by this provision is contingent upon a written notification from HHSC to the Legislative Budget Board and the Governor at least 30 days prior to adjusting budgeted FTE levels and/or acquiring capital equipment that includes the following information:

- a. a detailed explanation of the adjustments to the affected contract and the reason(s) for the adjustment;
- b. the estimated reduction in spending in All Funds on the contract by fiscal year;
- c. the increase in both the annual average and end-of-year FTEs by fiscal year;
- d. the estimated increase in expenditures by object of expense and method of financing for each fiscal year; and
- e. the estimated increase in capital expenditures by method of financing by fiscal year for each increased or new project.

- 39. FTE Authority during Federally-Declared Disasters.** In the event the Health and Human Services Commission determines a need for additional staff related to providing services for federally-declared disasters, the commission may increase the number of FTEs, and adjust the agency limitation on FTEs, for this purpose, contingent upon notification to the Legislative Budget Board and the Governor within 30 days of the intent to hire additional staff and quantify the staffing level. Only Federal Funds may be used to pay salaries and benefits for the FTEs hired for this purpose.
- 40. Local Reporting on DSH, Uncompensated Care, Delivery System Reform Incentive Payment, and Indigent Care Expenditures.** Out of funds appropriated above, and as the state Medicaid operating agency, the Health and Human Services Commission shall develop a report that non-state public hospitals, private hospitals, hospital districts, physicians and private administrators shall use to describe any expenditures they make through the Disproportionate Share Hospital (DSH) program, the Uncompensated Care (UC) Pool, the Delivery System Reform Incentive Payment (DSRIP) Pool, and the Indigent Care program. The commission shall determine the format of the report, which must include expenditures by method of finance per year. In addition, the commission annually shall require contracted hospital providers to report payments to entities who provide consultative services regarding revenue maximization under the medical assistance program and any other governmentally funded program, including UC, DSRIP, and DSH. The payment increment may be based upon a provider incentive payment rate.

Out of funds appropriated above in Strategy B.3.1, Medicaid Contracts and Administration, the Health and Human Services Commission shall spend the amount necessary, not to exceed \$44,299,057 in general revenue appropriations or \$189,228,307 in appropriations from all funds, during the state fiscal biennium ending August 31, 2017, to fund claims administrator costs, including costs necessary to ensure:

- (1) the implementation of an electronic visit and verification system;
- (2) compliance with federal law requirements related to provider reenrollment;
- (3) the employment of additional skilled professionals necessary to evaluate prior authorization requests;
- (4) the implementation of management programs to ensure key metrics are met; and
- (5) the payment of increased lease costs.

b. Disbursement of funds under this rider is contingent upon the Health and Human Services Commission initiating an applicable statutorily required procurement process, including any competitive bidding process that may be required, in order to fulfill the goals of the rider.

**92. Report on STAR+PLUS Program Expenditures.** The Texas Health and Human Services Commission shall report, no later than September 1, 2015 and October 15, 2016, all specific and projected program expenditures for STAR+PLUS to the Lieutenant Governor, Speaker of the House, Legislative Budget Board members, Texas Health and Human Services Committee members, and the Texas Human Services Committee members. The expenditures will include FY2016 budgetary expenditures and estimated expenditures for each program in STAR+PLUS and projected expenditures for FY 2017.

**93. Monitor the Integration of Behavioral Health Services.** Out of funds appropriated above, the Health and Human Services Commission (HHSC) shall monitor the implementation of Government Code, Section 533.00255(b), which integrates behavioral health services into the Medicaid managed care program. HHSC shall prioritize monitoring managed care organizations that provide behavioral health services through a contract with a third party.

**94. Evaluation of Medicaid Data.** Out of funds appropriated above, the Health and Human Services Commission (HHSC) shall annually evaluate data submitted by managed care organizations to determine whether the data continues to be useful or if additional data, such as measurements of recipient services, is needed to oversee contracts or evaluate the effectiveness of Medicaid. HHSC shall develop a dashboard by October 1, 2016, that identifies a concise number of Medicaid

indicators, including key data, performance measures, trends, and problems, for agency leadership to oversee Medicaid and compare the performance of managed care organizations.

- 95. Provider Enrollment Portal.** Contingent upon prior written approval by the Legislative Budget Board of a request containing a detailed funding estimate, the Health and Human Services Commission may establish a centralized Internet portal through which providers may enroll in Medicaid. The commission may also designate and share information with a centralized credentialing entity and coordinate with the managed care organizations to use the centralized credentialing entity to collect and share information.

If it does not result in a loss of federal funds, the commission may consolidate the provider enrollment and the credentialing entity within the centralized Internet portal. If it is determined to be cost effective, the commission may use funds appropriated above to designate a third party to develop the single consolidated Medicaid provider enrollment and credentialing process.

- 96. NAIP/MPAP Payments Informational Listing.** The following is an informational listing of estimated Network Access Improvement Program (NAIP) and Nursing Facility Minimum Payment Amounts Program (MPAP) payments. This rider is informational only and does not make any appropriations. The actual amounts will vary dependent upon the amount of non-state funds used as intergovernmental transfers and upon the number of entities choosing to participate. The funds are not included in this Act.

|                 | <u>FY2016</u> | <u>FY2017</u> |
|-----------------|---------------|---------------|
| MPAP, All Funds | \$560,134,465 | \$560,134,465 |
| NAIP, All Funds | \$527,733,532 | \$527,733,532 |

- 97. Nursing Facility Minimum Payment Amounts Program.** It is the intent of the Legislature that not later than September 1, 2016, the Commission shall fully transition the Nursing Facility Minimum Payment Amounts Program (MPAP) program from a program solely based on enhanced payment rates to publically-owned nursing facilities to a Quality Incentive Payment Program (QIPP) for all nursing facilities that have a source of public funding for the non-federal share, whether those facilities are publically- or privately-owned. No state General Revenue is to be expended under the QIPP. The additional payments to nursing facilities through the QIPP should be based upon improvements in quality and innovation in the provision of nursing facility services, including but not limited to payment incentives to establish culture change, small house models, staffing enhancements and outcome measures to improve the quality of care and life for nursing facility residents.

The data shall be submitted on a monthly basis in a format specified by the Legislative Budget Board. **SPECIAL PROVISIONS RELATING TO

(Continued)

(1) \$44,093,828 at the Department of Aging and Disability Services; and

(2) \$92,013,143 at the Health and Human Services Commission.

Any Article II agency not listed herein is still subject to the requirements of subsections (b) and (c) of this provision if any agency expenditures receive an enhanced federal match.

- c. **Limitations on Use of Available General Revenue Funds.** In the event the actual FMAP and EFMAP should be greater than shown in subsection (a) and/or the amount of increased Federal Funds and reduced General Revenue Funds due to the enhanced matches should be greater than shown in subsection (b), the health and human services agencies in Article II of this Act are authorized to expend the General Revenue Funds thereby made available only upon authorization from the Legislative Budget Board and Governor.

To request authorization to expend available General Revenue Funds, an agency shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information, by fiscal year:

- (1) a detailed explanation of the proposed use(s) of the available General Revenue Funds and whether the expenditure(s) will be one-time or ongoing;
- (2) the amount available by strategy;
- (3) the strategy(ies) in which the funds will be expended and the associated amounts, including any matching Federal Funds;
- (4) an estimate of performance levels and, where relevant, a comparison to targets included in this Act; and
- (5) the capital budget and/or full-time equivalent impact.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issue a written disapproval within 30 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 30 business days.

The Comptroller of Public Accounts shall not allow the expenditure of General Revenue Funds made available if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

**Sec. 8. Financial Monitoring of Community Centers.** The Department of Aging and Disability Services, the Department of State Health Services, and the Health and Human Services Commission shall enter into a written agreement that defines each agency's responsibilities for monitoring the expenditure by community centers, as defined in the Texas Health and Safety Code Sec. 534.0016(b) of funds appropriated by this Act. The written agreement shall include provisions for monitoring that require community centers to account for state funds separately from other sources of funds.

**Sec. 9. Attorney General Representation.** The Attorney General and the respective head of the Health and Human Services Commission or a health and human services agency listed in Chapter 531, Government Code, are hereby authorized to use the funds appropriated above to jointly select one or more Assistant Attorneys General to be assigned to the respective agency.

**Sec. 10. Limitations on Transfer Authority.** Notwithstanding the general transfer provisions of this Act, the Executive Commissioner of the Health and Human Services Commission is authorized to make

transfers of funding, full-time equivalents (FTEs), and capital budget authority within and between health and human services agencies listed in Article II of this Act, subject to the following requirements. Transfers that exceed \$1,000,000 in General Revenue, capital authority in excess of \$100,000 or FTE adjustments of more than 10 FTEs are subject to the prior written approval of the Legislative Budget Board and the Governor. Transfers below these thresholds require written notification to the Legislative Budget Board and Governor within 30 days and a report on transfers of all amounts should be submitted to the Legislative Budget Board quarterly. No single transfer, or the total of all transfers from a strategy, may exceed 20.0 percent of the originating strategy's appropriation for funding or FTEs for the fiscal year without the prior written approval of the Legislative Budget Board and the Governor.

To request a transfer, the Executive Commissioner of the Health and Human Services Commission shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information:

- a. a detailed explanation of the purpose(s) of the transfer, including the following:
  - (1) a description of each initiative with funding and FTE information by fiscal year; and
  - (2) an indication of whether the expenditure will be one-time or ongoing;
- b. the names of the originating and receiving agencies and/or strategies and the method of financing and FTEs for each strategy by fiscal year;
- c. an estimate of performance levels and, where relevant, a comparison to targets included in this Act for both the originating and the receiving agencies and/or strategies; and
- d. the capital budget impact.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

The Comptroller of Public Accounts shall not allow the transfer of funds if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

In the case of disaster or other emergency, this provision is superseded by the emergency-related transfer authority in Article IX of this Act.

**Sec. 11. Payment for Compensatory Time.** It is expressly provided that the Department of State Health Services and the Department of Aging and Disability Services, to the extent permitted by law, may pay FLSA non-exempt employees of state hospitals and state supported living centers on a straight-time basis for work on a holiday or for regular compensatory time hours when the taking of regular compensatory time off would be disruptive to normal business functions. In addition, any health and human service agency, with the explicit approval of the Health and Human Services Executive Commissioner, to the extent permitted by law, may pay FLSA non-exempt employees required to provide support during a federally declared disaster on a straight-time basis for work on a holiday or for regular compensatory time hours when the taking of regular compensatory time off would be disruptive to normal business functions.

- (2) amounts by major fund type.

The reports shall be prepared in a format approved by the Legislative Budget Board.

- c. **Anticipated Increases.** The Executive Commissioner shall notify the Legislative Budget Board and the Governor in a timely manner about anticipated increases that would exceed the amounts reported in section (a) by more than \$1,000,000 during the fiscal year.
- d. **Requests-to-Exceed.** The Executive Commissioner shall notify the Legislative Budget Board and the Governor about the anticipated impact of requests-to-exceed on enterprise support service category assessments, by agency and method-of-financing.

The information requested above shall be prepared and submitted in a format approved by the Legislative Budget Board.

The Comptroller of Public Accounts shall not allow the expenditure of funds for an increased assessment if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

**Sec. 24. Maximum Security Salaries.** As a specific exception to the General Provisions of this Act governing salary rates of classified positions, funds are included elsewhere in this Act for the Department of State Health Services and the Department of Aging and Disability Services to pay employees working in designated Maximum Security Units or designated specialized Behavioral Management Units of state hospitals and state supported living centers up to a 6.8 percent increase over those salary rates provided by the General Provisions.

**Sec. 25. Fire Prevention and Safety.** In instances in which regular employees of state hospitals and state supported living centers located in remote areas are assigned extra duties in fire prevention programs, the following payments are authorized in addition to the salary rates stipulated by the General Provisions of this Act relating to the position classifications and assigned salary ranges:

|                      |                 |

**Sec. 27. Barber and Cosmetology Services.** The Department of State Health Services and the Department of Aging and Disability Services may be reimbursed for barber and cosmetology services in state hospitals and state supported living centers provided the reimbursement is consistent with an individual's ability to pay. These reimbursements are appropriated above to the departments to offset the cost of providing barber and cosmetology services. The departments may also use patient benefit funds to offset the cost of these services for indigent clients.

**Sec. 28. Language Interpreter Services.** In order to compensate employees of health and human service agencies for assuming the duty of providing interpreter services to consumers whose primary language is not English, health and human service agencies, upon written authorization of the appropriate agency commissioner or his/her designee, may, from funds appropriated above, increase the salary of classified employees by an amount equal to a one step increase, or 3.25 percent, so long as the resulting salary rate does not exceed the rate designated as the maximum rate for the applicable salary group. This increase shall be granted only for the regular provision of interpreter services above and beyond the regular duties of the position, and shall be removed when these services are, for whatever reason, no longer provided by the employee or when they are no longer needed by the facility. Salary increases provided for this purpose are not merit increases and shall not affect an employee's eligibility to receive a merit increase. This authorization also includes employees who provide interpreter services in American Sign Language.

Fees for employee housing are appropriated above to be used for maintaining employee housing.

**Sec. 30. - a. Fees from the sale of written training materials, video tapes, audio tapes and in the form of electronic media, such materials having been developed in part or whole by the commission; and
- b. Licensing fees collected by the department in exchange for allowing individuals and companies to use any patented technology developed, in part or in whole, by the commission.

The commission may license the use of any copyright-protected material, trademark, trade secrets, and any patented technology relating to mental health or intellectual disability program activities. The authorization provided under this provision does not include any mineral royalties. Fees collected in the sale of training materials described under (a) above may be in excess of the actual reproduction cost incurred by the commission and shall be used to recoup the costs associated with developing the training materials. The remaining 50 percent shall be deposited to the General Revenue Fund.

**Sec. 32. Contingency for House Bill 7 and Use of Trauma Fund Receipts.** a. In an effort to maximize the availability of Federal Funds under the Title XIX Medical Assistance Program for the purpose of providing reimbursement for uncompensated trauma care at designated facilities, the Department of State Health Services (DSHS) and the Health and Human Services Commission (HHSC) shall enter into an interagency contract to allow for the transfer of funds from General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111, from DSHS to HHSC for this purpose. This interagency contract would allow for the transfer of the Account No. 5111 funds to the extent that the use of these funds in this manner would not reduce reimbursements that otherwise would have been provided for uncompensated trauma care to designated facilities.

b. Contingent on enactment of House Bill 7, or similar legislation by the Eighty-fourth Legislature, Regular Session, transferring revenue from the General Revenue-Dedicated Regional Trauma Account No. 5137 to the General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111, an amount estimated to be \$33,576,469 in fiscal year 2016 and an amount estimated to be \$33,576,469

in fiscal year 2017 is appropriated out of the General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111 to the Department of State Health Services, Strategy B.3.1, EMS & Trauma Care Systems. Of that amount, an estimated \$32,233,410 is to be transferred annually through the interagency contract to HHSC to provide an add-on payment for trauma care.

c. The amount of \$32,233,410 included above is in addition to the annual amount of \$44,266,590 appropriated to DSHS to be transferred to HHSC to provide an add-on payment for trauma care. The total estimated annual amount is \$76,500,000 in General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111 to be used for this interagency contract. HHSC shall develop a methodology to implement increased reimbursements for trauma care providers. The amount of the reimbursements, including Federal Funds, is estimated to be \$178,780,089 in All Funds in fiscal year 2016 and \$176,715,177 in All Funds in fiscal year 2017. The expenditure of funds identified in this rider that are not used for increased reimbursements for trauma care providers shall require prior approval by the Legislative Budget Board.

d. If funds are not available in the amount appropriated from General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111 in this Act, the amounts listed in section (b) shall be reduced by the amount that funds are less than appropriations.

**Sec. 33. Donations from Individuals, Community Groups and Volunteer Services Councils.** It is expressly provided that the Department of State Health Services and the Department of Aging and Disability Services, in accordance with §533.001 of the Health and Safety Code and to the extent permitted by law, may accept donations for permanent improvements at the state hospitals and the state supported living centers from individuals, community groups and local Volunteer Services Councils. Such funds are not subject to limitations on capital budget expenditures as contained in Article IX or any other similar provisions in this Act. Permanent improvements are defined as an improvement to a state facility that involves construction, building system(s), and/or landscaping.

**Sec. 34. Efficiencies at Local Mental Health Authorities and DADS Local Authorities.** It is the intent of the Legislature that the local mental health authorities and DADS local authorities that receive allocations from the funds appropriated above to the Department of Aging and Disability Services and the Department of State Health Services shall maximize the dollars available to provide services by minimizing overhead and administrative costs and achieving purchasing efficiencies. Among the strategies that should be considered in achieving this objective are consolidations among local authorities and partnering among local authorities on administrative, purchasing, or service delivery functions where such partnering may eliminate redundancies or promote economies of scale. The Legislature also intends that each state agency which enters into a contract with or makes a grant to local authorities does so in a manner that promotes the maximization of third party billing opportunities, including to Medicare and Medicaid.

It is the Legislature's intent that DADS local authorities not expend funds appropriated to the Department of Aging and Disability Services in Strategies A.1.1, Intake, Access & Eligibility, and A.4.2, Intellectual Disability Community Services, to supplement the rate-based payments they receive to fund their costs as providers of waiver or ICF/IID services.

**Sec. 35. Limitation on Unexpended Balances: General Revenue for Medicaid.** Unexpended balances in General Revenue Funds appropriated for the Medicaid program (GR Match for Medicaid and GR Certified as Match for Medicaid) to the Health and Human Services Commission, the Department of Aging and Disability Services, and the Department of State Health Services for fiscal year 2016 are appropriated for the same purposes to the respective agencies for fiscal year 2017 only upon prior written approval by the Legislative Budget Board and the Governor.

For authorization to expend the funds, an agency shall submit a written request to the Legislative Budget Board and the Governor by August 31, 2016. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request must be organized by fiscal year as follows:

- a. The following information shall be provided for fiscal year 2016:
  - (1) a detailed explanation of the cause(s) of the unexpended balance(s);
  - (2) the amount of the unexpended balance(s) by strategy; and

**SPECIAL PROVISIONS RELATING TO  
ALL HEALTH AND HUMAN SERVICES AGENCIES**  
(Continued)

- (3) an estimate of performance levels and, where relevant, a comparison to targets in this Act.
- b. The following information shall be provided for fiscal year 2017:
  - (1) a detailed explanation of the purpose(s) for which the unexpended balance(s) will be used and whether the expenditure will be one-time or ongoing;
  - (2) the amount of the expenditure by strategy;
  - (3) an estimate of performance levels and, where relevant, a comparison to targets in this Act; and
  - (4) the capital budget impact.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 15 business days.

The Comptroller of Public Accounts shall not allow the use of unexpended balances if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

The agencies are authorized to make a one-time adjustment to the amount of the unexpended balance, contingent on providing prior notification to the Legislative Budget Board and the Governor by October 31, 2016.

**Sec. 36. Appropriation of Receipts: Civil Monetary Damages and Penalties.** Included in the amounts appropriated above for the 2016-17 biennium are the following:

- b. \$780,000 in General Revenue for the Department of State Health Services;
- c. \$0 in General Revenue Match for Medicaid for the Department of Aging and Disability Services (DADS).

These amounts are contingent upon the collection of civil monetary damages and penalties under Human Resources Code §§32.021 and 32.039, and Health and Safety Code §431.0585. Any amounts collected above these amounts by the respective agency are hereby appropriated to the respective agency in amounts equal to the costs of the investigation and collection proceedings conducted under those sections, and any amounts collected as reimbursement for claims paid by the agency. For DADS, any amount collected above this amount is to be applied to the protection of health and property of residents in nursing facilities in accordance with 42 U.S. Code §1396r(h)(2)(a)(ii) and Human Resources Code §32.021(g) subject to the approval of the Centers for Medicare and Medicaid Services.

HHSC shall notify the Legislative Budget Board and Governor's Office of the actual transfer amounts and estimated impact on performance measures at least thirty days prior to transferring funds. To transfer an amount in excess of that listed above, HHSC shall submit a written request to the Office of the Governor and the Legislative Budget Board.

**Sec. 38. Appropriation of Unexpended Balances: Funds Recouped from Local Authorities.**

Notwithstanding other provisions of this Act, any state funds appropriated for fiscal year 2016 recouped by the Department of Aging and Disability Services (DADS) or the Department of State Health Services from a local mental health authority or DADS local authority for failing to fulfill its performance contract with the State, are hereby appropriated to the respective agency for the same strategy, to reallocate to other local mental health authorities or DADS local authorities in fiscal year 2017.

Each agency shall provide a report to the Legislative Budget Board and the Governor by June 1, 2016 that includes the amount of the recoupment by strategy, the reasons for the recoupment, the local authorities involved, any performance contract requirements that were not met, and the purposes of the reallocation.

**Sec. 39. Transfer Authority Related to the Texas Home Living Waiver.** Notwithstanding the limitations on transfer authority in Special Provisions Relating to All Health and Human Services Agencies, Section 10 and Article IX, Section 14.01 and contingent on the transition of Medicaid program benefits for persons enrolled in the Texas Home Living Waiver to the STAR+PLUS program, or other capitated managed care program, the Executive Commissioner of the Health and Human Services Commission (HHSC) may transfer General Revenue Funds and Federal Funds appropriated to the Department of Aging and Disability Services (DADS) in fiscal year 2017 in Strategy A.3.5, Texas Home Living Waiver to HHSC, Strategy B.1.1, Aged and Medicare-Related and Strategy B.1.2, Disability-Related. Transfer is limited to amounts necessary to provide services previously available from the Texas Home Living Waiver through a capitated managed care program. Should HHSC decide to continue operation of the Texas Home Living Waiver for purposes of providing services not available under managed care, amounts sufficient to provide those services should be retained in DADS Strategy A.3.5, Texas Home Living Waiver. HHSC shall notify the Legislative Budget Board and Governor's Office of the actual transfer amounts and estimated impact on performance measures at least thirty days prior to transferring funds.

**Sec. 40. Appropriation Authority for Intergovernmental Transfers.**

At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include information regarding the strategy allocation of the IGT, the amount requested in each fiscal year, the All Funds impact to the budget, the impact to the rate or premium for which the IGT will be used (subject to Special Provisions, Section 44 approval), and the specific purpose and program for which the funds will be used. The request must also include a copy of a written agreement from the governmental entity that is transferring the funds that the funding be spent in the manner for which it is being requested.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 30 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 30 business days.

The Comptroller of Public Accounts shall not allow the use of the funds if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

**Sec. 41. HHS Office Consolidation and Co-location.** No funds appropriated under this Act may be expended for Health and Human Services Commission or health and human services agencies listed in Chapter 531, Government Code, for office or building space leased by the Texas Facilities Commission (TFC) on behalf of these agencies where the determination has been made that the leased space is no longer needed due to: 1) a change in client demographics resulting in the ability to relocate staff to other locations, 2) a change in service delivery model or improvement in business processes, or 3) consolidations of office or building space to achieve cost or operational efficiencies. Prior to vacating any space and asking TFC to cancel a lease, HHSC will perform subsections (a) and (b) below:

- a. Conduct an evaluation of the space to be vacated and document the factors that substantiate the decision to vacate the space. This evaluation may include client demographics, employee usage and travel status, facility costs, facility location, facility condition, Texas Accessibility Standards, and safety.
- b. Provide written notification to the Texas Facility Commission at least 270 days prior to the date of the lease cancellation. At the same time, HHSC shall provide notification to the Legislative Budget Board and the Governor's office of the intent to terminate a lease and the anticipated savings to be realized from consolidation and efficiencies.
- c. The Executive Commissioner is authorized, contingent upon approval from the Legislative Budget Board and the Governor, to utilize any of the freed-up General Revenue Funds or Other Funds reported under section (b) or funds freed up because of business process improvements or cost saving initiatives within eligibility operations for the purposes of reinvesting in improved business practices and technology modernization projects that promote more efficient use of space, state staff and resources across the HHS system.

It is the intent of the Legislature that the Department of Aging and Disability Services and Health and Human Services Commission comply with the cost-effectiveness requirements of the Centers for Medicare and Medicaid Services and set the individual cost limit for each waiver program as follows:
  - (1) Medically Dependent Children Program: 50 percent of the reimbursement rate that would have been paid for that same individual to receive services in a nursing facility on August 31, 2010;
  - (2) Community Living Assistance and Support Services Program: The fixed amount of \$114,736.07 based on historical annualized per capita cost of providing services in an ICF/IID to an individual qualifying for an ICF/IID Level of Care VIII;

- b. **Use of General Revenue Funds for Services.**
  - (1) Out of funds appropriated for the waiver programs identified above, and subject to the terms of subsection (c) below, the department and commission are authorized to use General Revenue Funds to pay for services if:

        - (i) an assessment conducted by clinical staff of the department or commission; and
        - (ii) supporting documentation, including the person's medical and service records.

**SPECIAL PROVISIONS RELATING TO  
ALL HEALTH AND HUMAN SERVICES AGENCIES**

(Continued)

- (2) Out of funds appropriated under this Article for the waiver programs identified above, and subject to the terms of subsection (c) below, the department and commission are authorized to use General Revenue Funds to continue to provide services to a person who was receiving medical assistance waiver program services on September 1, 2005, at a cost that exceeded the individual cost limit specified in the medical assistance waiver program, if:
  - (i) federal financial participation is not available to pay for such services; and
  - (ii) continuation of those services is necessary for the person to live in the most integrated setting appropriate to the needs of the person.
- (3) Authority provided in (b) above is contingent upon the agency submitting a report in writing to the Legislative Budget Board and Governor on October 1 of each year of the biennium. The report shall include the number of clients by program which exceeds cost limits and the unmatched General Revenue associated with each by fiscal year.

**Sec. 43. Rate Limitations and Reporting Requirements.** Notwithstanding other provisions of this Act, the use of appropriated funds for a rate paid by a health and human services agency in Article II of this Act shall be governed by the specific limitations included in this provision.

For purposes of this provision, "rate" is defined to include all provider reimbursements (regardless of methodology), including for oral medications, that account for significant expenditures made by a health and human services agency in Article II of this Act. "Fiscal impact" is defined as an increase in expenditures due to either a rate change or establishment of a new rate, including the impact on all affected programs. Additionally, estimates of fiscal impacts should be based on the most current caseload forecast submitted by the Health and Human Services Commission (HHSC) pursuant to other provisions in this Act and should specify General Revenue-related Funds, TANF Federal Funds, and All Funds. Fiscal estimates that impact multiple risk groups may be reported at an aggregate level and acute care services may be reported by rate category.

**a. Notification of Change to Managed Care Rates.**

- (1) No later than 45 calendar days prior to implementation of a change to premium rates for managed care organizations (MCO) contracting with HHSC, the Executive Commissioner of the HHSC shall submit the following information in writing to the Legislative Budget Board, the Governor, and the State Auditor:
  - (i) a schedule showing the original and revised rate, which should include information on the rate basis for the MCO reimbursements to providers;
  - (ii) a schedule and description of the rate-setting process for all rates listed for subsection (1); and
  - (iii) an estimate of the fiscal impact, by agency and by fiscal year, including the amount of General Revenue Funds, TANF Federal Funds, and All Funds for each rate change listed for subsection (1).
- (2) Within seven days of the submission requirements listed above in subsections (i) through (iii), the Executive Commissioner of the HHSC shall submit a schedule identifying an estimate of the amount of General Revenue Funds, TANF Federal Funds, and All Funds by which expenditures at such rate levels would exceed appropriated funding.

**b. Quarterly Notification.** With the exception of statutorily required pricing updates on oral medications, and on a quarterly basis, HHSC shall provide notice of changed rates for:

- (1) new procedure codes required to conform to Federal Healthcare Common Procedure Coding System (HCPCS) updates;
- (2) revised rates occurring as a result of a biennial calendar fee review;

**SPECIAL PROVISIONS RELATING TO  
ALL HEALTH AND HUMAN SERVICES AGENCIES**  
(Continued)

- (3) any rate change estimated to have an annual fiscal impact of less than \$500,000 in General Revenue-related Funds or TANF Federal Funds; and
  - (4) Any rate change for which approval is obtained under section (c).
- c. **Limitation on Rates that Exceed Appropriated Funding.** With the exception of those rates specified in subsections (1) - (3) of section (b), Quarterly Notification, no health and human services agency in Article II of this Act, may pay a rate that would result in expenditures that exceed, in any fiscal year, the amounts appropriated by this Act to a strategy for the services to which the rate applies without the prior written approval of the Legislative Budget Board and the Governor.

To request authorization for such a rate, the Executive Commissioner of the HHSC shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information:

- (1) a list of each new rate and/or the existing rate and the proposed changed rate;
- (2) an estimate of the fiscal impacts of the new rate and/or rate change, by agency and by fiscal year; and
- (3) the amount of General Revenue Funds, TANF Federal Funds, and All Funds, by fiscal year, by which each rate would exceed appropriated funding for each fiscal year.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the request for authorization for the rate and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 15 business days.

- d. Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. Notifications, requests and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.
- e.   - b. If the internal audit conducted by an institution identifies any instances in which an institution has not been compliant with the proportionality requirements provided by Article IX, Sec. 6.08, Benefits Paid Proportional by Fund in the prior three fiscal years defined in subsection (a) and received excess General Revenue as a result of this noncompliance, the institution shall submit a reimbursement payment to the Comptroller of Public Accounts within two years from the conclusion of the institution's audit. The Comptroller of Public Accounts shall notify the Legislative Budget Board and State Auditor's Office of all reimbursement payments submitted by an institution of higher education.
  - c. If an institution has previously conducted an internal audit of benefits proportional by fund for the fiscal years included in subsection (a) using a methodology determined to be acceptable by the State Auditor's Office, the State Auditor's Office may waive the requirement that the institution conduct an additional internal audit. The State Auditor's Office shall notify the Legislative Budget Board and Comptroller of Public Accounts of any institutions who receive such a waiver. Any institution that receives a waiver from the audit requirement from the State Auditor's Office is still subject to the provisions of subsection (b) for any instances of noncompliance that were identified.
  - d. For fiscal years 2016 and 2017, institutions of higher education shall also consider audits of benefits proportional when developing their annual internal audit plans.
  - e. It is the intent of the Legislature that the State Auditor's Office audit at least two institutions of higher education for compliance with benefits proportional provisions during the 2016-17 biennium.

- 3. Forensic Laboratory.** The University of North Texas Health Science Center at Fort Worth is authorized to conduct all blood and DNA tests associated with paternity testing for the Office of the Attorney General at a monetary rate not to exceed the monetary rate at which the Attorney General could obtain the service elsewhere to the extent permitted under federal law and regulations. The income derived from this testing is to be spent only on the Forensic Laboratory. In addition, the services of the Forensic Laboratory are available to other entities or interested parties approved by the University of North Texas Health Science Center at Fort Worth.
- 4. Parking Garage Debt Service.** Funds appropriated in Strategy C.2.1, Tuition Revenue Bond Retirement, may be used to retire bonds authorized by the Seventy-sixth Legislature to construct a campus parking garage. Parking fee revenue generated by this facility will be accounted for and reported to the Legislative Budget Board. The fee revenue, minus operational and maintenance costs, will be counted in the appropriations process to offset the costs of servicing debt associated with this facility.
- 5. Estimated Appropriation and Unexpended Balance.** Included in the amounts appropriated above are: (1) estimated appropriations of amounts available for distribution or investment returns out of the Permanent Endowment Fund for the University of North Texas Health Science Center at Fort Worth No. 819 and (2) estimated appropriations of the institution's estimated allocation of amounts available for distribution out of the Permanent Health Fund for Higher Education No. 810.

  - a. Amounts available for distribution or investment returns in excess of the amounts estimated above are also appropriated to the institution. In the event that amounts available for distribution or investment returns are less than the amounts estimated above, this Act may not be construed as appropriating funds to make up the difference.
  - b. All balances of estimated appropriations from the Permanent Endowment Fund for the University of North Texas Health Science Center at Fort Worth No. 819 and of the institution's allocation from the amounts available for distribution out of the Permanent Health Fund for Higher Education No. 810, except for any General Revenue, at the close of the fiscal year ending August 31, 2015, and the income to said fund during the fiscal years beginning September 1, 2015, are hereby appropriated. Any unexpended appropriations made above as of August 31, 2016, are hereby appropriated to the institution for the same purposes for fiscal year 2017.
- 6. Contingency Appropriations: Economic Development & Technology Commercialization.** Of the amounts appropriated above in Strategy D.2.2, Economic Development & Technology Commercialization, \$3,410,000 for the University of North Texas Health Science Center is contingent upon the certification by the Comptroller of Public Accounts that the joint activities of the collaboration of the University of North Texas Health Science Center and the City of Fort Worth will generate revenue to the General Revenue Fund sufficient to offset the appropriation. The Comptroller shall specify the supporting information to be provided by the collaboration and may require independent verification of the information. If the Comptroller finds the information sufficient to support the projection of increased revenues, a finding of fact to that effect shall be issued and the contingency appropriation up to the amount certified, not to exceed \$3,410,000 for the 2016-17 biennium, shall be made available for the intended purpose.
- 7. Texas Missing Persons and Human Identification Program.** Out of funds appropriated above in Strategy D.2.3, Texas Missing Persons and Human Identification Program, \$1,298,000 in General Revenue in fiscal year 2016 and \$1,000,000 in General Revenue in fiscal year 2017 at the University of North Texas Health Science Center at Fort Worth shall be used to support the Texas Missing Persons and Human Identification Program.
- 8. Institute for Patient Safety and Preventable Harm.** Out of funds appropriated to the University of North Texas Health Science Center at Fort Worth in Strategy D.1.2, Institute for Patient Safety and Preventable Harm, \$2,000,000 in General Revenue in fiscal year 2016 and \$2,000,000 in General Revenue in fiscal year 2017 will be used for the Institute for Patient Safety and Preventable Harm.
