Purpose of Proclamation - Draft language and background of Texas Arbor Day.

All across Texas, from towering pines to majestic oaks to scrubby mesquites — the many trees of Texas are beautiful and prominent features of our unique and breathtaking landscape.

As Texans, we value our trees and the benefits they provide each of us every day. Benefits like clean air, clear water, improving our health and even saving us money on energy bills.

We encourage people in our community to plant trees and celebrate them on the first Friday each November on Texas Arbor Day.

Texas first observed Arbor Day in 1889, under the leadership of the Texas Forestry Association.

This holiday for trees is an opportunity to teach fundamental lessons about the stewardship of our natural resources and caring for our environment. It is an opportunity to learn what each of us can do to keep our community trees healthy and vibrant. And it is a time we can pause to appreciate trees in our lives.

Together, we can create a brighter and more beautiful future for the next generation. They, in turn, can affirm the duty of protecting our natural resources by being responsible stewards of this great land.

We respectfully request that November 4, 2016 be proclaimed Texas Arbor Day in our community.
